## DATE COUNCIL CHAMBERS, CITY HALL, CITY OF WOODBURN, COUNTY OF MARION, STATE OF OREGON, JANUARY 8, 2024

CONVENED The meeting convened at 7:00 p.m. with Mayor Lonergan presiding.
ROLL CALL
Mayor Lonergan
Present
Councilor Carney Present
Councilor Cornwell Present
Councilor Schaub Present
Councilor Morris
Councilor Cabrales
Present - via video conferencing
Present
Councilor Wilk
Present

Staff Present: Assistant City Administrator Row, City Attorney Granum, Police Chief Pilcher, Community Services Director Cuomo, Finance Director Turley, Community Development Director Kerr, Public Works Director Stultz, Special Projects Director Wakeley, Human Resources Director Gregg, Public Affairs and Communications Coordinator Moore, City Recorder Pierson, Senior Planner Cortes, Community Relations Manager Herrera

## ANNOUNCEMENTS

Mayor Lonergan announced that City Hall and the Library will be closed on January 15, 2024, for Martin Luther King Jr. Day.

## APPOINTMENTS

Carney/Cabrales... reappoint Bethany Weathersby and Desiree Winz to the Woodburn Library Board; reappoint Anabel Hernandez-Mejia, Juan Bravo, Sharon Corning, and Chris Lassen to the Woodburn Planning Commission; and appoint Christian Falcon to the Woodburn Recreation and Parks Board. The motion passed unanimously.

## PRESENTATIONS

Audit Report - Finance Director Turley introduced Ryan Pasquarella, with REDW, which is the new firm's name for Grove, Mueller and Swank. Mr. Pasquarella provided an overview of the audit for the City of Woodburn as well as the Woodburn Urban Renewal Agency for fiscal year ending June 30, 2023.

Legislative Amendment 21-03: Amendment to the Woodburn Development Ordinance (WDO) Relating to Tree Preservation and Removal (LA 21-03) - Community Development Director Kerr and Senior Planner Cortes provided background on the City's current tree preservation requirements. A summary of the proposed amendments was provided, and it was noted that the overall goal is to protect and preserve the existing trees as much as possible and create a clear path for removal when it's necessary.

## CONSENT AGENDA

A. Woodburn City Council minutes of December 11, 2023,
B. Woodburn City Council Minutes of December 21, 2023,
C. Liquor License Application for 7-11 Convenience Store,
D. Liquor License Application for Botanas El Mitote Inc.,
E. Liquor License Application for Luis's Taqueria,
F. Acceptance of Easements at 119 N Pacific Hwy (Tax Lot 051W17BC07500).

Carney/Schaub... approve the consent agenda. The motion passed unanimously.

COUNCIL BILL NO. 3236 - AN ORDINANCE ADOPTING AN EMPLOYMENT BUILDABLE LAND INVENTORY (BLI), 2023-2043 ECONOMIC OPPORTUNITIES ANALYSIS (EOA), AND ASSOCIATED WOODBURN COMPREHENSIVE PLAN GOAL AND POLICY TEXT UPDATES (LA 23-02)
Carney introduced Council Bill No. 3236. City Recorder Pierson read the bill twice by title only since there were no objections from Council. Community Development Director Kerr and Special Projects Director Wakeley provided a staff report. On roll call vote for final passage, the bill passed unanimously. Mayor Lonergan declared Council Bill No. 3236 duly passed.

COUNCIL BILL NO. 3237 - A RESOLUTION SETTING AMOUNT OF THE PARKS AND RECREATION SYSTEMS DEVELOPMENT CHARGES UNDER AN EXISTING METHODOLOGY; ESTABLISHING AN ALTERNATIVE RATE REVIEW FEE; AND SETTING AN EFFECTIVE DATE FOR IMPOSITION OF THE FEES AND CHARGES
Carney introduced Council Bill No. 3237. City Recorder Pierson read the bill by title only since there were no objections from Council. Community Services Director Cuomo provided a staff report. On roll call vote for final passage, the bill passed unanimously. Mayor Lonergan declared Council Bill No. 3237 duly passed.

COUNCIL BRIEFING OF PLANNING COMMISSION APPROVAL OF A DESIGN REVIEW, PROPERTY LINE ADJUSTMENT AS A LOT CONSOLIDATION, STREET ADJUSTMENT, \& VARIANCE APPLICATION PACKAGE FOR AN UNNAMED 94-UNIT APARTMENT COMPLEX AT 1030 YOUNG ST (DR 22-06, PLA 22-04, SA 23-04, \& VAR 23-04)
The Council declined to call this item up.

## CITY ADMINISTRATOR'S REPORT

The Assistant City Administrator reported the following:

- The elections consulting firm that the City hired to assist with the community center election process has filed for bankruptcy protection and the two lead consultants that the city was working with resigned. The City terminated that contract and is now going to go with the second ranked firm from the RFP process. The next major step in the process will be initiating the registered voter survey, which will begin January 22.
- The City was awarded a $\$ 90,000$ grant from Business Oregon for the North Marion Business Alliance program to do some additional work doing business assessments for a lot of our regional small businesses to identify areas of needed support.
- New larger brighter screens have been placed in the Council Chambers.
- The food bank was up and running for the first time this morning in their brand new building.
- Recognized that tonight is McKenzie’s first official meeting as City Attorney.

## MAYOR AND COUNCIL REPORTS

Councilor Wilk stated that he is thrilled that the new food bank facility is open. They will be holding an open house on January 24 and then every Thursday after that.

Councilor Schaub complimented the food bank opening flyer and photo.

## ADJOURNMENT

Carney/Cabrales... move to adjourn. The motion passed unanimously. Mayor Lonergan adjourned the meeting at 8:07 p.m.

APPROVED
FRANK LONERGAN, MAYOR

ATTEST
Heather Pierson, City Recorder
City of Woodburn, Oregon

TO: $\quad$ Honorable Mayor and City Council through City Administrator
FROM: Curtis Stultz, Public Works Director
SUBJ ECT: Acceptance of Easement at 0 Stacy Allison Way (Tax Lot 052W1402300)

## RECOMMENDATION:

Authorize the acceptance of one waterline easement granted by Stacy Allison Way Holdings LLC, for real property at 0 Stacy Allison Way and identified as Tax Lot 052W1402300.

## BACKGROUND:

Per the conditions of the Council Final Decision for the Stacy Allison Way Apartments Project, dated November 9, 2020, the developer is required to locate all water meters, backflow devices, and fire protection equipment within the city right-of-way ora dedicated easement.

## DISCUSSION:

The easement under consideration satisfies the City's requirement that all water service and fire protection equipment be located either in the right-of-way or a dedicated easement. The waterline easement is along the frontage of Stacy Allison Way at the westem boundary of the subject property (Tax Lot 052W1402300), and contains approximately 331 square feet of land.

## RNANCIALIMPACT:

There is no cost to the City for the easement.

## ATIACHMENTS

A copy of the easements is provided with this agenda item.

TO: $\quad$ Honorable Mayor and City Council through City Administrator
FROM: Curtis Stultz, Public Works Director
SUBJ ECT: Acceptance of Temporary Construction Easement at 1310 N Pacific Hwy (Tax Lot 051W08DB02800)

## RECOMMENDATION:

Authorize the acceptance of one temporary construction easement granted by PVA Holdings ШС, for real property at 1310 N Pacific Hwy (OR 99E) and identified as Tax Lot 051W08DB02800.

## BACKGROUND:

As a condition of the Final Decision for the Pacific Valley Apartments Project, dated December 9, 2019, the developer is required to provide one temporary construction easement to the City of Woodbum for future development of the adjacent property (1390 N Pacific Hwy).

## DISCUSSION:

The easement under consideration is for temporary access to fill in the gap between the cross-access drive aisle north stub and the north lot line of 1310 N Pacific Hwy. The easement is a 30 -foot-wide strip of land, containing approximately 210 square feet of land.

## RNANCIALIMPACT:

There is no cost to the City for the easement.

## ATIACHMENTS

A copy of the easements is provided with this agenda item.

City of Woodburn
Woodburn City Recorder
270 Montgomery Street
Woodburn, OR 97071

## CITY OF WOODBURN, OREGON

## TEMPORARY CONSTRUCTION EASEMENT

PVA Holdings LLC ("GRANTOR"), grants to the CITY OF WOODBURN, OREGON ("CITY") a temporary construction easement (TCE) over and across GRANTOR's property on the following described land:

> See attached Exhibit " A" Legal Description of Permanent Easement and attached Exhibit " $B$ " Sketch for Legal Description of Permanent Easement, which are by this reference incorporated herein.

Purpose: The temporary construction easement (TCE) serves to allow either the City or a developer of 1390 N. Pacific Highway (Tax Lot 051W08DB02700) to fill the gap between the cross-access drive aisle north stub and the north lot line of the subject property ( 1310 N . Pacific Highway; Tax Lot 051W08DB02800) by constructing an extension of the drive aisle to and beyond the north lot line.

The TCE results from the City applying land use final decision Design Review DR 201903 (December 9, 2019) Condition of Approval D4a (p. 7) to construction premised on site grading constraints that had prevented developer West Coast Home Solutions, LLC from extending the cross-access drive aisle stub to the north lot line because additional grading to achieve such would have encroached unto the north adjacent property. Granting a TCE is one of a few action items allowing the developer to obtain certificate of occupancy ( C of O ) for the last apartment building, Building H (building permit 971-19-000460-STR).

The condition of approval was premised on access management pursuant to Woodburn Comprehensive Plan Policies H-3.1 and H-7.3(j) \& (k) (Ordinance No. 2530, December 14, 2015) and the Highway 99E Corridor Plan (Ordinance No. 2492, July 9, 2012) pages 26 \& 27 tenth and eleventh bulleted objectives.

The true and actual consideration of this conveyance is $\$ 0.00$ and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged by GRANTOR.

The Easement and all rights granted herein shall encumber the property until the City inspects and accepts construction of a cross access drive aisle extension at least to the north lot line.

GRANTOR reserves the right to use the surface of the land for any purpose that will not be inconsistent or interfere with the use of the easement by the CITY. No building, permanent structures, or fences shall be placed upon, under or within the property subject to the foregoing easement during the term thereof without the written permission of the CITY.

CITY, its agents and independent contractors shall have the right of ingress and egress to the easement area for purposes connected to this easement. Upon completion of any construction, maintenance, or repair work by the CITY that may result in disturbance to the surface of the easement area and any associated landscaping and vegetation, CITY shall promptly restore the surface of the property and any associated landscaping and vegetation to its original condition.

CITY hereby agrees to indemnify, defend and hold harmless GRANTOR from and against any liens, claims, liability and costs (including court costs and reasonable attorney and witness fees) arising from or in connection with entry onto or activities on the property pursuant to this easement by CITY or any party affiliated with CITY.

GRANTOR covenants to CITY that GRANTOR is lawfully seized in fee simple of the abovegranted premises, subject only to those encumbrances of public record, and that GRANTOR and their heirs and personal representatives shall warrant and forever defend the said premises and every part thereof to CITY against the lawful claims and demands of all persons claiming by, though, or under GRANTOR.

Agenda Item

J anuary 22, 2024
TO: $\quad$ Honorable Mayor and City Council through City Administrator
FROM: Renata Wakeley, Special Projects Director
J esse Cuomo, Community Servic es Director
SUBJ ECT: 2024 Community Development Block Grant COVID-19 (CDBG-CV) from Business Oregon for Woodburn Area Emergency Housing Assistance Program

## RECOMMENDATION:

Conduct a public hearing to considerthe City's applic ation for a 2024 CDBG-CV grant to fund a Woodbum Area Emergency Housing Assistance program, in partnership with Gervais and Hubbard, and authorize the City Administrator to execute any and all documents related to the grant application and to effectuate an award of the grant, including an agreement with DevNW, who would administer and manage the funded program upon award.

## BACKGROUND:

The City of Woodbum is eligible to apply for a 2024 Community Development Block Grant (CDBG) from Business Oregon for certain COVID-19 Assistance. CDBG-CV funds come from the U.S. Department of Housing and Urban Development. These particulargrant funds can be used to prevent, prepare for, and respond to the impacts of COVID-19 pandemic. The CDBG-CV1 funding is in response to the economic impact of the pandemic by providing assistance to low and moderate income households impacted by COVID-19.

Through Business Oregon, $\$ 2,323,265$ in CDBG-CV funding will be awarded to Oregon cities and counties in 2024. CDBG-CV grants can be used for public assistance, facilities, and housing improvements, primarily forpersons with low and moderate incomes. In this program all funding recipients must meet eligibility requirements as low to moderate income populations.

## DISCUSSION:

The City of Woodbum is proposing to submit an application for 2024 Community Development Block Grant COVID-19 (CDBG-CV) funding from Business Oregon
Agenda Item Review: City Administrator_X_City Attomey ___ Finance _ $\quad$ ___
for a new iteration of Emergency Housing Assistance funding. Tems under this award include:

- Clients: Eligible applic ants must meet CDBG income limitations and reside within the Woodbum, Gervais, or Hubbard city limits. In order to access the maximum funding, the city is pemitted to partner with up to two (2) neighboring communities.
- Duplication of Benefit: Previous recipients of CDBG Emergency Housing Assistance are ineligible for additional assistance. Recipients are limited to 6 months or less of mortgage, rent, or utility assistance and documentation that they have not accessed other payment assistance for the same costs and period of time. The Program Manager will be responsible for screening applicants to avoid duplication of benefit.

Council approval at this meeting means that City staff will move forward with submitting the CDBG application, with any awarded funds expected to be received in March 2024.

The City does not believe the proposed project will result in the displacement or relocation of any persons or businesses.

## RNANCIALIMPACT:

The City is seeking $\$ 450,000$ in CDBG funding, which includes $\$ 390,000$ in rent, utility, and/or mortgage assistance for qualifying applicants; and \$60,000 allocated to Dev NW for staff time, marketing and supplies, and program management.

Costs to the City include completion of the grant application, grant administration, providing office space/hours for DevNW staff to serve area clients, and associated city staff time. As the applic ant, city costs are ineligible for CDBG reimbursement.

SUBJ ECT: FY 2023-24 Supplemental Budget Request for Transfer Increase from the Water SDC Fund to the Water Capital Construction Fund for Parr Road Water Treatment Project Completion

## RECOMMENDATION:

Hold a public hearing and adopt Resolution No. 2226 authorizing $\$ 550,000$ beginning fund balance increase and equal transfer out increase from the Water SDC Fund. Increase the transfer in of $\$ 550,000$ to the Water Capital Construction Fund and authorize a $\$ 550,000$ appropriation increase in water capital construction expenditures.

## BACKGROUND:

Every year, after Council budget adoption, circumstances anise that were either unforeseen, unquantifiable, ordisc overed asemors. Oregon Budget Law, ORS 294.471(1) provides for changes to adopted budgets through a transfer resolution orsupplemental budget process that notic esthe proposed changes. Contingenc y transfers in excess of 15 percent of any fund's total expenditures, or supplemental budget changes in excess of 10 percent of any fund's total expenditures, require a public hearing to accept public testimony on the item underconsideration. A public hearing is not required for a budget change less than $10 \%$ of fund expenditures.

Like the adopted budget, supplemental budget requests must be balanced; in other words, net revenue and net expense for the request must be equal. This can be accomplished by budgeting additional revenue or by reducing a nother expenditure category (such ascontingencies).

## DISCUSSION:

During FY 2023-24 budget preparations, the Public Works' Engineering department forecast that the majority of the Parr Road Water Well project would be completed and expensed during FY 2022-23. Asa result of the project falling behind with supply chain issues and poor communic ation between the contractor and the City, the work was not completed per the schedules provided. Public Works did not notify Finance that additional funds should be added to the FY 2023-24 budget before the final budget was adopted. As a

## Page 2

result, Public Works requests that additional $\$ 550,000$ be a uthorized for transfer from the Water SDC Fund to the Water Capital Construction Fund to complete the Parr Road Well Project in FY 2023-24.

## RNANCIALIMPACT:

If the resolution is approved, the following changes will be made:

| SUMMARY OF PROPOSED BUDGET CHANGES |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

## RESOLTION NO. 2226

## A RESOLUIION ADOPIING A SUPPLEMENTAL BUDGET AND APPROVING TRANSFERS OF APPROPRIATIONS FOR FY 2023-2024 FOR THE PARR ROAD WATER TREATMENT PROJ ECTCOMPLEIION

WHEREAS, on June 12, 2023, the Woodbum City Council approved Resolution No. 2209 adopting a budget for the fiscal year 2023-2024, wherein funds were appropriated; and

WHEREAS, ORS 294.463(3) permits "transfers of appropriation or of appropriations and an equal amount of budget resources may be made between funds of the municipal comoration when authorized by ordinance or resolution of the goveming body"; and

WHEREAS, ORS 294.471(1)(a) permits supplemental budgets when "an occurrence or condition which had not been ascertained at the time of the preparation of a budget for the current year or current budget period which requires a change in financial planning"; and

WHEREAS, ORS 294.473 requires a goveming body to hold a public hearing on a supplemental budget when the estimated expenditures contained in the supplemental budget for fisc al year or budget period differ by ten (10) percent or more of any one of the individual funds contained in the regular budget for that fisc al year; and

WHEREAS, the supplemental budget and transfer of appropriation contained herein and made pursuant to ORS 294, authorizes a $\$ 550,000$ beginning fund balance increase and equal transferout inc rease from the Water SDC Fund; and increases the transfer in of $\$ 550,000$ to the Water Capital Construction Fund and authorizes a $\$ 550,000$ appropriation increase in water capital construction expenditures; and

WHEREAS, at a regularly scheduled City Council meeting on January 22, 2024, a public hearing was held on the supplemental budget changes summa rized below and notice of the hearing waspublished at least five daysprior to the meeting, NOW, THEREFORE,

## THE CITY OF WOODBURN RESOLVES AS FOШOWS:

Section 1. That pursuant to the applic able ORS provisions cited above, the City Council hereby approves the transfers of appropriations and supplemental budget for FY 2023-24 in the a mounts shown in the summary below:

## RECOMMENDATION:

Adopt Resolution No. 2227 authorizing \$450,000 additional grant revenue, additional $\$ 260,000$ state loan revenue and appropriation authority to Operating Expenses for both in the General Fund. Additionally authorize revenue and appropriation authority in operating expenditures of $\$ 300,000$ in the Building Inspection Fund, revenue and appropriation authority of $\$ 20,000$ operating expenditures in the Water Fund, a beginning fund balance and operating expenditure inc rease of $\$ 500,000$ in the SewerFund, and a beginning fund balance and operating expenditure increase of $\$ 50,000$ in the Insurance Fund.

## BACKGROUND:

Every year after Council's budget adoption, circumstances arise that were either unforeseen, unquantifiable, ordiscovered aserrors. Oregon Budget Law, ORS 294.471(1) provides for changes to adopted budgets through a transfer resolution orsupplemental budget process that notic es the proposed changes. Contingency transfers in excess of 15 percent of any fund's total appropriations, or supplemental budget changes in excess of 10 percent of any fund's overall appropriation, require a public hearing to accept public testimony on the item under consideration. A public hearing is not required for a budget change less than $10 \%$ of fund expenditures.

Like the adopted budget, supplemental budget requests must be balanced; in other words, net revenue and net expense for the request must be equal. This can be accomplished by budgeting additional revenue or by reducing another expenditure category (such ascontingencies).

## DISCUSSION:

$\qquad$ X

The City of Woodbum is eligible to apply for a 2024 Community Development Block Grant (CDBG) from Business Oregon for certain COVID-19 assistance. CDBG-CV funds come from the U.S. Department of Housing and Urban Development. These particular grant funds can be used to prevent, prepare for, and respond to pandemic-related difficulties, and the CDBG-CV1 funds provides assistance specifically for low and moderate income households impacted by COVID-19. The new expenditure in the General Fund will be a pass-through to a local non-profit providing rental assistance.

An additional General Fund a ppropriation change is for the City's s onsultation for Community Center project assistance. One consultant will conduct community outreach on the presentation of election messaging. The second consultant will seek and secure additional project funding.

The supplemental budget adjustment to the Building Fund is necessary to address an increase in building pemit activity expected this fiscal year. Increases are expected in both multi-family and commercial permit activity. The most signific ant of these increases is the result of modific ations to the Amazon building, which is still under construction. The applicant is proposing to remove a large first floor mezzanine area, resulting in pronounced changes to the structural plans. Due to the scale and scope of the changes proposed, the plan review and permit fees are expected to increase. Bec ause the City uses a third-party consultant for certain complex plan reviews such as this one, staff anticipate that plan review expenses will increase by $\$ 100,000$. Additionally, the increase in multi-family structures under review this fiscal year will impact the construction excise taxes ("CET") collected on all residential developments. Staff anticipates this will increase $\$ 200,000$ over c urrent budget amounts.

A $\$ 20,000$ supplemental budget adjustment is needed for a water tank's final inspection. The expenditure was originally budgeted in the Water Capital Construction Fund as part of the contract award. However, post-project completion inspections are considered operating expenditures rather than capital costs and need to be budgeted in the Water Fund as an operating expenditure.

Late in December, Public Works was made aware of a very large and dangerous void that had developed under the street caused by a broken sewer line connection. After further inspection Public Works deemed the situation as an emergency and began securing a contractor to perform work as soon as possible. Additional funds of $\$ 500,00$ are being requested from Sewer Fund for work curently being performed.
Higher than budgeted premiums for auto and property insurance have left the Insurance Fund with very little budget appropriation authority for the balance
of the year. A $\$ 50,000$ increase in spending authority will ensure that the Fund will not exceed budget a uthority this fisc al year.

## RNANCIALIMPACT:

## If the resolution is approved, the following changes will be made:

## ATIEST:

Heather Pierson, City Rec order
City of Woodbum, Oregon

J anuary 22, 2024

## TO: $\quad$ Honorable Mayorand City Council

FROM: Jim Row, Assistant City Administrator
Tony Turley, Finance Director
SUBJ ECT: FY 2024/ $\mathbf{2 5}$ Financial Plan

## RECOMMENDATION:

Adopt the attached FY 2024/25 Financial Plan (Budget Policies and Fisc al Strategy) via a motion.

## BACKGROUND:

Although the City is curently experiencing unprecedented residential and industrial development activity, we are projecting revenue over expense sumpluses to narrow over the course of the five-year planning period. In the past, we have succesfully utilized the Budget Policies and Financial Plan as a best practice strategy to effectively manage operational spending, plan accordingly for large capital projects, and lessen projected shortfall impacts. Baming any unforeseen crises, the 5 -Year Forecast (see attached) does predict financial stability at current levels of spending through at least the FY 2024/25 fisc al year.

Based on the forecast, the City Council should approach General Fund spending with caution. However, there are some reasons for optimism, such as robust regional economic conditions, the strength of the housing market, and the potential for continued industrial development. We expect to see the benefits of this growth continuing in FY 2024/25, However, the full impact is still just an estimate, and until we have two years of accruals, we will rema in cautious in our approach to the budget.

In particular, the impact of the Amazon project on City property tax revenues should be considered an educated estimate, formulated primarily from our conversations with Marion County Assessor's Office officials. The actual tax assessment for this project and its impact on property tax revenues in FY 2045/25 and beyond won't be known until as late as fall 2024.

## DISCUSSION:

In the interest of sound financial management, the City Council directed that a comprehensive set of financial planning documents be developed and implemented forthe purposes of improving the City'sfina ncial susta ina bility. Since the 2011 policy implementation, the City has prepared the Financial Plan as a means of managing the City's current year budget and inform the FY 2024/25 budget development process.

In past years, the City Council has been commended by the City Auditor and recognized by the Govemment Finance Officers Association for the use of comprehensive budget policies and quality presentation, clanity, and transparency of Woodbum's budget documents.

The Financial Plan intends to help predict cost and revenue trends from year to yearand make betterdecisionsvia the memorializing of sound financial practices and budget administration. If necessary, the Financial Plan informs the need to reduce the City's budget to remain consistent with the City Council goals and meet community needs within available resources.

## 2024/25 POLCY:

Attached is the proposed FY 2024/25 Financial Plan: Budget Policies \& Fiscal Strategy, which is largely unchanged from the previousyear.

## RNANCIALIMPACT:

There is no immediate monetary impact on the City. The Financial Plan draft will help make stronger financial decisions that are in the best interests of the community and the City organization.

## City of Woodburn

# FY 2024/25 Financial Plan Budget Policies, Fiscal Strategy, \& Five-Year Forecast 

FY 2024/2025 Budget Goal. Woodburn’s challenge will be associated with development related service demands, maintaining a sound financial position in the face of changing community dynamics, and working within the constraints of limited General Fund resources to fully rebuild popular parks, recreation, and aquatics programming, which is still recovering from the pandemic. It should also be noted that in the prior year American Rescue Plan ACT (ARPA) funding has been mostly expended, meaning that the City's social service programing and project support will be likely ending within the next 18 months.

As residential and industrial development continues at an aggressive rate, additional property tax revenue will lag behind the demands for service. Consequently, the financial challenge for the City will be maintaining current levels of service while accommodating demand without jeopardizing the City's cash reserves and contingencies. These factors will result in a 2024/25 proposed budget that conservatively allocates projected resources.

1. Working in the framework of the City Council’s FY 2024/25 Financial Plan and Oregon Budget Law, the City Administrator will present a balanced FY 2024/25 Budget, working to prevent General Fund revenue shortfalls over time while protecting cash balances to the greatest extent possible. It is acknowledged that future revenues and service costs are difficult to predict in the face of unprecedented growth.
2. When possible, the City will seek to build cash reserves with the understanding that growth in future service levels may lag behind the actual revenue forecast.
3. ARPA "roll-up" savings will be redistributed or reallocated as authorized by the City Council for programs and services consistent with federal rules. The City Council's ARPA plan, including any new or reallocated resources, will be reflected in the Proposed Budget. This will be the final year of the City's ARPA program, as remaining ARPA resources are expected to be fully expended in FY 24/25.
4. In addition, it is also the goal of the City to prioritize existing resources on and services such as public safety funding, economic aid, planning, parks and recreation programming, including aquatics and library services, and maintaining current service levels as resources allow. In order to keep up with the increasing demands for public safety services necessitated by growth, it is anticipated that two additional police officers will be included in the FY 24/25 proposed budget.
5. As a primary economic goal, the City is continuing to pursue an Urban Growth Boundary Adjustment, which will incorporate the Urban Reserve Area to meet the strong demand for additional employment lands.
6. The City anticipates placing a general obligation bond measure on the November 2024 ballot that would fund the construction of the community center project that has been in the planning stage for many years. In addition to the funds generated by the bond measure, capital construction funding will be comprised of a $\$ 15$ million grant awarded by the Oregon State Legislature and a potential $\$ 5$ million contribution from the Urban Renewal program. If the measure is successful, additional general fund resources must be wisely allocated to covering the increased operational subsidy the significantly expanded facility would require.

## BUDGET POLICY

## - SECTION 1. ANNUAL REVIEW \& POLICY

A. Fiscal Responsibility. The policy of the City of Woodburn is to return the highest level (or sustain the current levels) of service with the least amount of taxpayer investment and to plan accordingly.
B. Balanced Budget. The City's budget shall be balanced. For each fund, ongoing costs are not to exceed ongoing revenues plus available fund balances used in accordance with reserve policies. The budget resolution will be adopted by the fund at a summary level.
C. Budget Process. The annual budget process is intended to weigh all competing requests for City resources within expected fiscal constraints. Levels of service will increase or decrease based on the availability of resources. Requests for new programs made outside the annual budget process will be discouraged. New initiatives will be funded by reallocating existing City resources to services with the highest priorities.
D. Fiscal Recommendations. Consistent with the administrative responsibilities outlined in the Charter, the City Administrator will make fiscal recommendations to the City Council on all measures necessary to sustain current levels of service and avoid reductions in City programs, including the consideration by the City Council of new revenue sources if this is determined to be in the best interest of the community.
E. Budget Policy Updates. The City Council will review and adopt the Fiscal Year Budget Policies on an as-needed basis as determined by the City Administrator or as circumstances require.
F. Annual Five-Year Forecast. The City Council will review and approve the Five-Year Forecast as needed. The forecast is an estimate of future revenues and expenses intended to serve as an estimate and a guideline for making sound financial decisions in the current fiscal year and budget preparation. The Five-Year Forecast and the Budget Policies together will constitute the City's annual Financial Plan.
G. Policy Direction. Consistent with the role outlined in the Woodburn City Charter, the City Council is responsible for providing policy direction to determine the City's overall financial health. In response to the fiscal recommendations made by the City Administrator, the City Council shall consider all measures necessary to sustain current levels of service. In addition, the City may avoid reductions in City programs by considering new revenue sources if this is determined to be in the best interest of the community.
H. Budget. Under the Woodburn City Charter, the City Administrator serves as Woodburn’s Budget Officer. The Finance Director assists the City Administrator with the preparation and presentation of the annual budget, budget administration, and the day-to-day finance operations. The Budget Officer is responsible for the administration of the annual budget and may approve or disapprove the expenditures contained in the adopted budget if deemed in the best financial interest of the City.
I. Budget Administration. As authorized by the City Charter, the City Administrator is responsible for taking actions necessary to keep expenditures within anticipated revenues, including initiating layoffs, reorganizations, downsizing, program reductions, and adjustments to service levels. The City Administrator will keep the City Council informed as to any steps taken to reduce expenditures, and whenever possible, the Council will review the decisions and consider options during a mid-year budget review.

## - SECTION 2. DISCRETIONARY \& DEDICATED RESOURCES

A. Recognizing Financial Limits. Woodburn will make a distinction between two different types of services; 1) those funded primarily from City discretionary resources, and 2) those funded primarily from dedicated resources.
B. Discretionary Resources. The General Fund collects resources to provide discretionary programs and services as recommended by the Budget Officer and approved as part of the City's cycle. The City will continue to fund these programs primarily from General Fund discretionary resources. These include police, park and recreation, economic development, land use, financial services, and other programs.
C. Dedicated Resources. Dedicated resources are normally subject to restrictions via state and federal law, grant agreements and contracts, City policy, and ordinances. City services funded primarily through dedicated funds include such items as speed and safety belt enforcement, grant-funded transportation, utility services, etc.

## - SECTION 3. GENERAL FUND BUDGET (DISCRETIONARY)

A. Annual Budget Goal. The goal shall be to prepare a budget that maintains existing high priority programs supported by the General Fund while at the same time seek savings and alternative revenue sources wherever possible. Funding for lower priority programs will be reduced or eliminated to ensure that expenditures remain in balance with resources.
B. General Fund Emphasis. The highest priority shall be to conserve General Fund discretionary resources to fund high priority programs as defined by the City Council and City Administrator.
C. Maximize City Council's Discretion. Wherever legally possible, revenues are to be treated as discretionary resources, rather than as dedicated to a particular program or service. The goal is to give the City Council flexibility in allocating resources to local priorities.
D. New Revenues. In order to sustain current levels of service, avoid reductions in public safety programs, or increase services needed to meet community demands, the City Council may consider new discretionary revenues if it is determined to be in the best interest of the community.
E. Use of Dedicated Funding Sources. Whenever legally possible, funding responsibility for existing programs or activities should be transferred to appropriate dedicated funding sources, freeing up scarce discretionary resources to fund City Council priorities.
F. Cost Efficiency. Staff will prepare fiscally conservative budgets and will seek savings wherever a balance between cost efficiency and the quality of public service can be achieved.
G. Materials \& Services. Departments are to prepare "base budgets" with a goal of holding General Fund or other discretionary resources for materials and services expenditures to no more than prior year budget levels.
H. No General Fund Street Maintenance Support. No discretionary General Fund revenues will be used to support street maintenance activities. General Fund street lighting transfers are exempted from this policy.
I. Revenue Estimates. Departments should budget for revenues based on the best information available during the annual process. If additional information becomes available during the budget process, it should be provided to the Finance Director's Office. Accuracy in revenue/expenditure estimates is critical. Subsequent annual estimates should also take into consideration the actual receipts from the previous year.
J. Pursuit of New Departmental Revenues. Departments shall pursue revenue sources to the fullest extent possible for all services as well as total cost identification (including indirect costs) for fee-setting purposes, grants, or other funding opportunities. Any new revenue sources should be used to offset the cost of existing staff and programs, rather than funding new staff or programs. Fee schedules will be reviewed annually to ensure costs are recovered. Fee schedules will be updated as part of the annual budget process.
K. Expenditure Reductions. Reductions in revenues may require expenditure reductions from the "base budget" level. If reductions are required, the City Administrator will be guided by the City Council’s adopted Resource Reduction Strategy (See Section 19).
L. New Discretionary Programs. New discretionary programs, deemed a high priority activity, may be included in the Proposed Budget with the prior approval of the City Administrator. If programs are added/expanded, an evaluation will be made on the impact to supporting services (e.g. information, finance, facilities, human resource, budget, etc.). Any increases in overhead services attributed to additional programs shall be included in the analysis of the total cost of new programs.

Should outside funding for a program expire, the program may be terminated by the City Administrator or the City Council.
M. Full Cost Recovery. City staff shall make every effort to assign costs where they occur through the use of interdepartmental/interfund charges and indirect cost percentage assignments. The intent is to clearly define the actual cost of each direct service the City provides internally or externally. The first priority is the recovery of overhead costs from all funds and grant programs.
N. Annual Budget Savings. To the extent General Fund supported departments experience savings during the year (due to position vacancies, etc.) that money shall be designated first to meeting the established contingency and reserve levels. Should the contingency and reserve levels be met, any remaining savings may be allocated towards the PERS Reserve and/or one time projects as determined by the City Administrator.

## - SECTION 4. NON-GENERAL FUND / UTILITY BUDGETS (DEDICATED)

A. Bottom-Line Emphasis. For activities or programs funded primarily from non-General Fund sources, departments are to prepare "base budgets" with a goal of holding any General Fund contribution to no more than the amount provided in the current fiscal year, subject to the availability of funds. Whenever possible, reductions in General Fund contributions should be achieved.
B. No Backfilling. General Fund discretionary dollars will not be used to backfill any loss in water and/or sewer City utility revenue, state-shared or federal revenues, grants, or dedicated funding programs (for further information, see the Resource Reduction Strategy).
C. Revenue Estimates. Departments should budget for revenues based on the best information available at the time the budgets are prepared. If additional information becomes available during the budget process, it shall be provided to the Finance Department. New revenues should be estimated based on available information for the first year. Subsequent annual estimates should also take into consideration actual receipts from the previous year.
D. Overhead Cost Allocation Charges. All non-General Fund departments should budget the amount allocated to that department.
E. Cost Efficiency. As with the General Fund, staff responsible for non-General Fund budgets will prepare fiscally conservative budgets, and will seek savings wherever a balance between cost efficiency and the quality of public service can be achieved.
F. Utility Revenue Allocations. It is the policy of the City of Woodburn that revenue generated by City-owned utilities will first be used to meet operational expenses, and subsequently fund capital projects in a manner consistent with Woodburn’s Capital improvement plans and operating requirements.
G. Utility Rates. The City will maintain utility rates at a level that ensures that all debt service, operating, and capital costs, are adequately recovered and debt covenant requirements are met. Capital costs identified in the approved capital improvement plan will be used as the basis for forming the capital costs recovery portion of utility rates.
H. System Development Charges. As permissible under state law, the City will pursue the recovery of infrastructure-related development costs relating to water, sewer, street, storm, and parks. These costs will be delineated via a defensible methodology, which will be revised from time to time to ensure accuracy. In order to ensure that the cost of providing infrastructure required to support new development does not burden existing residents, the City will not waive or reduce system development charges, except as required by state law and City ordinances.

## - SECTION 5. FUND RESERVES \& CONTINGENCIES

A. PERS Side Account Savings. In 2019, the City Council goal of establishing a PERS side account was achieved with a City contribution of $\$ 2,823,043$, which received a PERS match. The City will continue to add resources to the City's PERS Fund as resources allow, but will direct any PERS savings to help maintain current service levels. It is the overall goal of the City to continue to increase the balance in the City's PERS Reserve Fund in order to make future Side Account contributions.
B. General Fund Contingency. Consistent with Government Finance Officers Association (GFOA) best practices, at least 25 percent of the General Fund's operating appropriation shall be placed into the operating contingency in order to meet cash flow needs. In addition, it is the goal of the City to preserve the contingency balance to the greatest extent possible. No new General Fund program or service will be created that diminishes the General Fund Contingency below established minimum levels.
C. Contingency Replenishment. If contingency funds are expended, an effort will be made to reduce expenses to retain a minimum of 25 percent General Fund contingency.
D. Shortfall Management Reserve (SMR). The SMR is intended to subsidize future shortfalls estimated in the Five-Year Forecast. If SMR funds are expended, an effort will be made to replenish funds as savings are identified in the annual budget process.
E. Water \& Sewer Fund Contingencies. The Water and Sewer Funds will maintain annual contingencies of not less than $10 \%$.
F. Equipment Replacement. This fund is for the replacement of vehicles and equipment. The goal is for City departments to transfer one-tenth the value of its fixed asset inventory every year as budget allows to ensure future replacement funding is available. Replacement fund transfers may be limited or delayed in order to preserve operational budgets.

- SECTION 6. GRANT APPLICATIONS (ALL FUNDS)
A. Approval to Pursue. The City Administrator's approval is necessary before any employee pursues lobbying efforts on matters having budget implications, and before grant applications are submitted to the granting agency. Department Heads should advise the City Administrator before official positions are taken on matters that might have budget implications.
B. General Fund Matching Funds. Upon approval by the City Administrator, matching fund requirements will be presented to the City Council for final approval.
- SECTION 7. NEW POSITIONS, PROGRAMS, AND OVERTIME (ALL FUNDS)
A. Base Budget \& New Positions. Departments are to prepare "base budgets" with no new regular positions unless specifically authorized by the City Administrator in advance of budget preparations. Reorganizations of departments or programs resulting in changes in staffing or positions may be considered if the change is cost-neutral or cost savings from the current costs. No position compensation or increase will be provided beyond the amounts budgeted for the position without prior approval from the City Administrator.
B. Considerations of New Positions/Programs. Unless otherwise authorized by the City Administrator, consideration of new programs and positions will occur only if the cost of the position or program is offset by non-General Fund sources legally tied to the new position or if the cost of the position is offset by new external revenues, reductions within existing funds and/or the position is required to generate those revenues. Cost estimates for new positions will include office facility space, equipment, rent, utilities, supplies, related increases in overhead services, etc.

Additional personnel or programs shall be requested only after service needs have been thoroughly documented or after it is substantiated that the new employees will result in increased revenue or enhanced operating efficiencies.
C. Annual Overtime Budgets. Departments will anticipate their annual overtime costs to be included in the proposed budget. Once the budget is adopted, overtime costs are to be
managed within adopted levels. No overtime costs can exceed budgeted levels without first obtaining the authorization of the City Administrator.

## - SECTION 8. MID-YEAR BUDGET REDUCTIONS

A. Revised Revenue or Expense Estimates. If additional information concerning revenue reductions or significant expense increases becomes available after the start of the fiscal year, it may be necessary to make budget adjustments. These adjustments will be made in accordance with the City Council’s adopted Resource Reduction Strategy.

## - SECTION 9. MID-YEAR REQUESTS, CONTINGENCY (ALL FUNDS)

A. Non-Emergency Requests. In those cases where a department is required to absorb an unanticipated cost beyond its control of a non-emergency nature, departmental resources must first be exhausted prior to a transfer from General Fund contingencies. Upon conducting a final financial review of departmental budgets towards the end of the year, a transfer from contingency will be presented to the City Council through a budget resolution or supplemental budget.
B. Emergency Requests. Emergency requests during the fiscal year will be submitted to the City Administrator for recommendation and forwarded to the City Council for consideration.

## - SECTION 10. COMPENSATION \& BENEFITS (ALL FUNDS)

A. Wage Policy. Historically, the biggest factors forcing budget growth are increases in employee compensation and increased benefit costs. The City will have a compensation and benefits program that: 1) reflects the value of work performed by our employees, 2) compares favorably with the compensation and benefits paid for similar work in both the private and public sectors, and 3); considers the community's ability to pay. Both our employees and the public must understand the mutual respect that such a policy warrants.
B. Health Care \& PERS Costs. Continue the City's policy on wage increases which evaluate the cost of health insurance and PERS contributions as part of the total compensation package. It is the goal of the City to reduce annual escalations of health insurance, and other benefit costs by getting the employees to bear an equitable portion of the annual premium increases and/or selecting lower cost-benefit programs.
C. Cost of Living Adjustments (COLA). The City Administrator will make a recommendation either to include, or not include, a COLA for non-represented employees in the Proposed Budget. COLAs included in the Proposed Budget are considered and approved by the Budget Committee and City Council as part of the budget process. COLAs or other compensation provided for in collective bargaining agreements will be provided for in the annual Proposed Budget.
D. Step Adjustments. Budgeted personnel services expenditures will include an amount to account for annual step adjustments for all employees who are not currently at the top of their range. Annual employee step adjustments will not exceed $5 \%$ without the expressed permission of the City Administrator.

## - SECTION 11. BUDGET CONTROLS

A. Legal Compliance. The City Administrator and Finance Director will continue to review and control departmental budgets at the appropriation level.
B. Personnel Services \& Benefits. With the exception of overtime pay and temporary help accounts, which shall be developed by Department Heads with the advice of the Finance Director and the approval of the City Administrator, personnel services and benefits cost calculations will be provided by the City Administrator and the Finance Director and will be used as provided. The City Administrator and the Finance Director will also provide estimates for insurance and internal service expenses. These amounts will not be altered by Department Heads.
C. Wages \& Benefit Control. Positions not entitled to receive benefits will be managed in a manner that keeps them below mandatory benefit thresholds (such as PERS, health insurance, etc.). Positions will only be eligible for benefits if approved by the City Administrator and/or designated in Job Descriptions. All benefit costs must be anticipated and included in the annual Budget.
D. One-Time Revenues. One-time revenues will be used only for one-time expenses.

- SECTION 12. UNAPPROPRIATED ENDING FUND BALANCES (ALL FUNDS)
A. Limit Unappropriated Ending Fund Balances. To provide the most budget flexibility during the year, the City will limit the use of unappropriated ending fund balances to circumstances where they are required by law. Rather than use unappropriated fund balances, the goal should be to place any monies not needed for current expenditures in the relevant funds' operating contingencies or a City Council approved reserve.

## - SECTION 13. CAPITAL IMPROVEMENT GUIDELINES

A. Capital Improvement Program. A 6-year Capital Improvement Program will be adopted as part of the annual budget process. It will include all projects anticipated to be initiated and/or delivered in the 6-year planning period. The Capital Improvement Program will be consistent with the City's adopted Capital Improvement Master Plans. Funding availability will determine the rate at which Capital Improvement Program projects are initiated or completed.
B. Exceptions. The City will fund dedicated programs and services with dedicated funding sources. Exceptions may be made, on a case-by-case basis, by the Budget Committee, City

Council, or by the City Administrator if appropriate. One criterion will be whether the City would incur more costs elsewhere as a result of the reduction.
C. Capital Planning Consideration. Recognizing that it does not necessarily make sense to fund current operations at the expense of long-term capital or planning programs, every effort will be made to continue capital and planning programs geared to the City’s longterm needs.

## - SECTION 14. DEBT ISSUANCE (ALL FUNDS)

A. Debt Issuance. The City will issue debt in accordance with the adopted Master Debt Resolutions for Sewer and Water. General Obligation debt will only be issued in compliance with state statutes. Debt will only be issued (for all fund types) when a dedicated resource is available to meet the required debt service and reserve.

No debt will be issued without the approval of the City Administrator and authorization of the City Council.
B. Interfund Transfers. Interfund transfers are allowed if the City Council determines the transfer to be in the best interest of the City. All interfund transfers will be managed consistent with state budget law.
C. Debt Compliance. On an annual basis the Finance Director and shall ensure that annual reporting requirements have been met and will review the condition of the corresponding debt funds to ensure compliance with existing financing agreements.

## - SECTION 15. DEBT REFINANCING/REFUNDING

A. Debt Refinancing/Refunding. From time to time, the City Council and/or the City Administrator may direct the Finance Director to determine the feasibility of refinancing/refunding existing debt. Refinancing may include restructuring to meet unanticipated revenue expectations, achieve cost savings, mitigate irregular debt service payments, release reserve funds, or remove unduly restrictive bond covenants.
B. Responsibility. The Finance Director, with the assistance of consultants as needed, shall have the sole responsibility for conducting the analysis of outstanding bond debt for refinancing/refunding opportunities that may be presented by underwriting and/or financial advisory firms and making a recommendation to the City Administrator.
C. Term of Refinancing/Refunding Issues. The City may refund bonds within the term of the originally issued debt. However, the City may consider maturity extension, when necessary to achieve a desired outcome, provided that such extension is legally permissible. The City may also consider shortening the term of the originally issued debt to realize greater savings. The remaining useful life of the financed facility and the concept of intergenerational equity should guide this decision.
D. Analysis and Report. The City will evaluate each refinancing/refunding candidate on a case-by-case basis. When analyzing possible refinancing/refunding opportunities: the City establishes a guideline net present value savings threshold goal of three percent (3\%) of the refinanced/refunded bond principal amount. The net present value savings will be net of all related issuance costs. In addition, the Finance Director will make a full report on the potential saving generated and any financial risk associated with refinancing/refunding the debt.

## - SECTION 16. INVESTMENTS

A. Administration. The City of Woodburn's Investment Policy is attached as Exhibit A.

## - SECTION 17. ANNUAL FINANCIAL AUDITS

A. Annual Audit Required. The Oregon Municipal Audit Law (ORS 297.405 - 297.555 ) requires a financial audit and examination be made of the accounts and financial affairs of the City at least once a year. Consistent with State law, the City of Woodburn will conduct an annual independent audit of the preceding fiscal year.
B. Audit Standards. Woodburn's annual financial audits will be conducted in accordance with auditing standards generally accepted in the United States. Those standards require that an independent auditor plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. The audit will examine, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. The audit will also assess accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. The audit will contain an assessment of the City's internal financial controls and procedures to make any necessary recommendations for improvement.
C. Finance Director and City Administrator Oversight. It will be the responsibility of the Finance Director and the City Administrator to oversee the annual audit process.
D. Preparation of Financial Statements. When feasible, City staff will prepare and provide annual financial statements to the auditor's satisfaction. If staffing levels or other barriers exist to internal preparations of financial statements, the City Administrator may authorize the auditor's preparation of financial statements for the purposes of completing the annual audit on time.
E. Audit Deadlines \& Extensions. Per Section 17 (F), the annual audit will be provided to the City Council no later than December 31. Consistent with State law, the annual audit will also be filed with the Oregon Secretary of State's Audit Division no later than December 31. Any and all requests for audit filing or presentation extensions must be approved by both the City Administrator and the auditor. In the event that an audit filing extension is requested and/or granted, the City Administrator will inform the City Council of the reason for the extension request and an estimated time line for completing, presenting, and filing the audit.
F. Audit Presentation to Council. The annual audit findings will be presented to the Woodburn City Council during a regularly scheduled City Council meeting by a representative of the audit firm. All audits presented to the City Council must be complete and signed by a representative of the audit firm.
G. Budget Committee Review. A copy of the annual financial report will be provided to the Woodburn Budget Committee for their review.

- SECTION 18. PROGRAMS
A. Discretionary Programs. To the extent discretionary resources are available, high priority services areas will be slated for growth. Lower priority service areas will receive constant or decreasing discretionary support. Based on the direction of the City Council, discretionary programs are identified, and prioritized, as follows:
$\checkmark$ Police Patrol \& Public Safety
$\checkmark$ Police Support Services
$\checkmark$ Financial Services
$\checkmark$ Legal Services
$\checkmark$ Land Use Planning
$\checkmark$ Economic Development
$\checkmark$ Code Enforcement
$\checkmark$ General Administration
$\checkmark$ Library
$\checkmark$ Aquatic Center
$\checkmark$ Recreation Programming
$\checkmark$ Parks and Park/Tree Maintenance
$\checkmark$ Other General Fund Supported Non-Essential Program \& Services
$\checkmark$ Computer/Network transfers (new and replacements of equipment and servers)
$\checkmark$ Discretionary Transfers (i.e. Transit, Streets, RSVP, etc.)
$\checkmark$ Community Services (i.e. flower baskets, TOT Grants - where permissible, etc.)
$\checkmark$ Intergovernmental Agreements that provide no direct offsetting revenues

## - SECTION 19. RESOURCE REDUCTION STRATEGY (ALL FUNDS)

A. Goal \& Reduction Approach. When faced with a potential reduction in resources, the City's goal is to continue to provide services in a professional, effective and efficient manner. Consequently, to the extent possible, across-the-board reductions in expenditures will be avoided.
B. Case-by-Case Consideration. Reductions will be made on a case-by-case basis, focusing on each individual program or service. If possible, the reduction will be made proportional to the programs and services identified by the City Council.
C. Moderation When Possible. If, as a result of a loss of a significant amount of discretionary resources, expenditure reductions become necessary they will be made on a moderate case-by-case basis to discretionary supported programs and services.
D. Discretionary Contributions. If further reductions are required, any discretionary funding that supplements or supports services mostly supported with dedicated resources will be reduced or eliminated. This may apply to programs or activities expanded or started with discretionary resources within the last few years. Exceptions may be made on a case-bycase basis by the City Council.
E. Furlough Days. If personnel budget/salary savings are required, the City may consider a reduced workweek or furlough days prior to laying off staff.
F. Consideration List. Programs funded by discretionary resources will be reduced or eliminated as needed. Legal restrictions or the City's ability to maintain minimal service levels will be considered. The City Administrator can determine the appropriate level of consideration at his/her sole discretion when making mid-year reductions or comprising the annual budget proposal. Based on the direction of the City Council, the order of City service areas to be considered for reductions are:
$\checkmark$ Intergovernmental Agreements that provide no direct offsetting revenues
$\checkmark$ Community Services (i.e. flower baskets, TOT Grants - where permissible, etc.)
$\checkmark$ Discretionary Transfers (i.e. Transit, Streets, RSVP, etc.)
$\checkmark$ Computer/Network transfers (addition or replacement of computers and servers)
$\checkmark$ Other General Fund Supported Non-Essential Program \& Services
$\checkmark$ Parks and Park/Tree Maintenance
$\checkmark$ Recreation Programming
$\checkmark$ Aquatic Center
$\checkmark$ Library
$\checkmark$ General Administration
$\checkmark$ Code Enforcement
$\checkmark$ Economic Development
$\checkmark$ Land Use Planning
$\checkmark$ Legal Services
$\checkmark$ Financial Services
$\checkmark$ Police Support Services
$\checkmark$ Police Patrol \& Public Safety
G. Indirect Costs. The City's overhead programs will not be prioritized but will be sized to the need and size of the overall organization. Generally, wherever possible, the City's goal is to make fee-supported programs self-sufficient. This includes recovering those programs' appropriate share of the City's overhead costs. If reductions occur, then indirect costs will be sized to the needs and size of the rest of the organization.

The Transit Fund indirect costs will be per the federally allowed de minimis overhead rate of 10 percent.
H. Dedicated Funding for Programs. Where legally possible, the City will consider using dedicated resources to fund high priority programs related to the purpose for which the dedicated funds are received.

## Introduction

## City of Woodburn Background

The City of Woodburn is a municipal corporation, which operates under a Council-Manager form of government. Policymaking and legislative authority are vested in the City Council, which consists of an elected Mayor (two-year term position) and six councilors (four-year term positions). The City Administrator is responsible for carrying out Council ordinances and policies, managing the daily operations, and appointing department heads. The City provides a full range of services, including but not limited to: police, water, wastewater, public works, library, parks, recreation, aquatics, municipal court, community planning and building inspections, and economic development.

Woodburn, incorporated in 1889, is located in the Willamette Valley halfway between the larger urban areas of Portland and Salem.

The City of Woodburn, with a population of $26,664^{1}$, is Oregon's 22 nd most populated city, and third most populated city in Marion County. The population of the region within a 30 -mile drive of Woodburn is 2.1 million, according to the American Community Survey. The US Census data shows Woodburn per capita income was $\$ 25,900$ (compared to $\$ 41,805$ for the state), and the median income for a household was $\$ 58,916$, or 23 percent less than the state median household income of $\$ 76,632^{2}$.

Historically, the Woodburn economy centered around agricultural and forest products, with the City serving as the manufacturing and services hub for these two sectors. As nearby urban populations have grown, Woodburn has attracted a variety of new businesses ranging from advanced manufacturing, distribution and warehousing, agricultural and food processing, wood products manufacturing, regional retail and a wide range of service-providing businesses. Amazon is in the process of building a 3.8 million square foot fulfillment center in Woodburn that is the largest current construction project in the state. It is targeted to be complete in the summer/fall of 2024.

Woodburn is an attractive community with new single and multi-family housing subdivisions already in the development queue. Metro area transportation issues and affordable housing shortages are creating

[^1]population shifts into Woodburn. Marion County's adopted population projections indicate Woodburn will grow to 37,216 by 2030.

## Purpose of the Forecast

The intent of this forecast is to project the financial position of primary operating funds, based on current service levels and conservative assumptions. The forecast sets the stage for the annual budget process, aiding both the City Administrator and City Council in establishing policies and priorities to allocate resources appropriately. Forecasting is one of the most powerful tools the City has available to help make informed financial decisions that will ensure the City's future vitality and economic stability.

## Forecast Methodology

Economic forecasting is not an exact science; rather, it is dependent upon the best professional judgment of the forecasters. The City of Woodburn's approach to forecasting is to apply a conservative philosophy that neither overstates revenues nor understates expenditures. To enhance the accuracy of projections, the City identifies factors that contribute to the changes in revenues and expenditures, such as development, inflation, interest rates and known future events that will affect operations. Forecasting of operating costs embraces the concept of the status quo. This concept assumes that the current level of service will continue for the next five years with cost changes based on inflationary increases. This provides a baseline economic estimate from which reductions or increases in service levels can be determined. To the extent certain reductions or additions are anticipated, they are noted within the fund section of this report. Exceptions to the status quo assumptions are noted at the beginning of each fund.

Capital improvement projects are prioritized according to master plans for Water, Sewer, Transportation, Storm Water, and Parks, but are scheduled based on available resources. To the extent possible, operations are funded first, and remaining resources are allocated to fund capital improvement projects. This frequently means that improvements are delayed until the needed funding has been set aside. Improvements too expensive to be paid from net resources are assumed to be funded via bonded debt, although in practice, this is a rare occurrence. For these reasons, capital construction funds, and the related special revenue funds, are not included in this forecast.

Utilizing general ledger reports, audited financial statements, water and sewer master plans/rate studies, and published City budgets, each of the funds listed below were examined to identify patterns in revenues, expenditures and cash balances that may indicate financial instability or threats to the sustainability of current operations.

We look forward to feedback from the City Council and other interested parties on identified issues. Because the fund section provides detailed information, the executive summary will focus on the most significant issues facing the City.

## Executive Summary

The forecast is based on the combined effort of City staff and predicts that most operating funds will have sufficient resources to meet expenses over the five-year period. A few of the fund graphs depict a declining undesignated balance of resources. While this may seem alarming, it is just an indicator. In reality, the City would not submit a proposed budget where costs exceed all available resources. The forecast allows the City to identify where problems might occur and provides the adequate time to take corrective action before the situation becomes a crisis. The goal in assembling this report is to reveal trends, highlight financial issues and provide suggestions and options.

## Economic and Demographic Assumptions

Oregon and the City of Woodburn's economic condition will be heavily influenced by population growth. Woodburn's economy determines the ability to retain the local workforce as well as attract new job seekers. These factors will weigh heavily upon the City's ability to continue to provide a high-level service to the public.

## Issues in the Coming Year

- Continued focus on stabilizing finances across all funds in light of rising wages, increased retirement costs and medical insurance costs, and the need to grow the work force to sustain a growing community
- The 2016 Urban Growth Boundary (UGB) expansion has permitted opportunities for future development, which will increase future demands on safety/security, water, sewers, streets, building activities, and recreational opportunities. Supplying the demand is expected from an estimated 3,000 housing units (a mixture of both single-family and multi-family) over the next five years. Employment needs will be met by the nearly completed Amazon facility and development of the newly annexed industrial areas (expected to provide an estimated 1 million additional square feet during this time.) The City has begun the process of expanding the UBG to include the Urban Reserve Area identified in the last expansion

## Citywide Issues Beyond One Year

Public Employees Retirement System (PERS): The City participates in the Oregon PERS State and Local Government Rate Pool employee pension program. The City's liability in PERS was $\$ 13,244,694^{3}$ as of June 30, 2023. This liability will be paid through a combination of interest earnings and rate increases. Annual interest earnings that meet or exceed 6.9 percent will reduce the liability and subsequent biennial PERS rates, while earnings below 6.9 percent will increase the liability and also increase subsequent biennial PERS rates. Currently, the unfunded liability of $\$ 9.55$ million has been amortized for

[^2]repayment through 2036-37. Therefore, each biennium includes an increase due to normal cost increases for the current employees, plus an amortization payment for the unfunded liability. Rate relief is projected to begin in the 2037-38 biennium.

In May 2017, Gov. Kate Brown appointed a PERS task force to identify potential funding sources to address the statewide $\$ 5$ billion PERS liability. The findings resulted in the approval of Senate Bill (SB) 1566 establishing an Employer Incentive Fund (EIF), which provides up to 25.0 percent matching funds for qualifying employers who make an additional one-time lump sum payment to pay down their PERS unfunded actuarial liabilities (UAL). The PERS board is developing the program, inclusive of procedures to request matching funds, and develop a strategy to reduce the unfunded liability.

The city participated in a PERS side account and in December 2019 paid PERS $\$ 2,823,043$. With the state contribution, the total Side Account is $\$ 3,527,735$. This reduced each of the City's PERS contribution rates by 2.85 percent.

## Health Insurance

Though the City implemented a high-deductible medical plan and attempted to control health insurance costs, the growth rates on some policies have continued to increase. Due to the uncertainty in health care premiums and an increase in the City's portion of employee health care costs negotiated in new bargaining agreements, the forecast's first year includes an 11 percent growth assumption and an average 5 percent growth assumption in each year that follows.

## Infrastructure Cost Escalation

The engineering cost estimates for needed infrastructure improvements have increased over the last year. The increased estimates are included in the graphical representations of the Funds to indicate the sustainability of current service levels.

## Fund Summaries:

## General Fund

Service demands in Police and Community Services (i.e., Library, Aquatic Center, Recreation, and Parks) will increase as Woodburn's population grows. Meeting the service demands will require new/additional revenue or cuts to existing programs. Property tax revenue will assist in meeting the community needs, and the 3.0 percent annual growth allowed by law has been included in each of the forecast years. In addition, FY 2024-25 has an estimated increase significantly higher to account for the impact of Amazon hitting the tax rolls. Anticipated property development will be included in the tax forecast as they are added on the county assessor tax rolls. While inflation is trending downward from it's high in 2022, it has not returned to the pre-pandemic levels. Inflation in the forecast matches the Consumer Price Index and is factored into personnel and materials and service cost assumptions, with a 4 percent increase in the first year and smaller increases in the following years.

## Water

A rate study was presented in spring of 2018, which resulted in City Council approving ten years of rate increases beginning July 2018: 10 percent increases in 2018-19 and 2019-20, followed by annual increases of 4 percent each July in the remaining years 3-10. Fund balance reductions are forecast over the next few years as capital projects are completed ahead of growth needs. To maintain a positive ending fund balance, the City will prioritize capital improvement projects and may defer less critical projects and/or leverage bond proceeds to spread the cost over multiple years.

## Transit

Over the past four years, the Transit Fund has slowly accumulated a healthy fund balance due to a combination of state formula and competitive funds from the Oregon Department of Transportation (ODOT), federal funds from the Federal Transit Administration (FTA) and American Rescue Plan (ARPA), and an annual subsidy from the General Fund (GF). Transit aggressively seeks state and federal grants to fund operations, update the vehicle fleet, and maintain and/or increase current levels of service. Revenue from the statewide transit tax of 0.1 percent, implemented in July 2018 and charged to all Oregon employees through payroll, helps increase annual revenues and subsidizes fares currently. ARPA funds helped smooth pandemic-related operational disruptions and higher than average operational and capital costs impacted by 5-9 percent inflationary rates.

## Wastewater

The Sewer Fund reflects the utility rate revenue and operational costs. Major expansion at the Wastewater Treatment Plant (WWTP) originally planned in 2011-12 has been on hold awaiting a decision from DEQ regarding the water quality limits for temperature. With that lawsuit finally resolved, work is now underway on the project to update the Wastewater Facilities Plan and Rate Study, which will inform necessary facilities upgrades and the financial resources required to complete them. Other capital improvements will be necessary in the near future but will need to be staggered according to need and funding availability. To maintain a positive ending fund balance, the City will prioritize capital improvement projects and may defer less critical projects and/or leverage bond proceeds to spread the cost over multiple years.

## Streets

The City has allowed the fund balance to grow in preparation for priority capital projects. However, the current funding level is insufficient to cover the escalating cost of infrastructure maintenance. This is due to limited revenue sources including a state and city gas tax, utility privilege taxes, and ODOT funds which do not fully keep pace with necessary streets repair and infrastructure projects.

## General Fund

## Variances from Status Quo Assumptions

- An inflationary rate of 4\% in FY 2024-25, reduced from 6.5\% in FY 2023-24
- An additional two police officers have been added to the personnel budget
- Estimated tax revenue from the Amazon project is included initially in FY 2024-25

## Key Assumptions

- Property tax revenue increase of 35\% in FY 2024-25, 4\% in FY 2025-26, 2.5\% in FY 2026-27, and 2\% in FY 202728 and 2028-29
- PERS rate is $22 \%$ as of July 1, 2023, remaining at $22 \%$ in FY 2024-25, and likely increasing to $24.5 \%$ two years later in FY 2025-26 FY 2026-27 and 26.5\% in FY 2027-28 and FY 2028-29
- General Fund Right-of-Way charge on Water and Sewer of 5\% continues on total revenues
- Franchise fees will likely reduce from an actual $8 \%$ growth rate over the past two years to an estimated at 4\% growth in FY 2024-25 before declining to 2\% growth for the next few years

## Operating Position

| G.F. | FY 19-20 | FY 20-21 | FY 21-22 | FY 22-23 | FY 23-24 | FY 24-25 | FY 25-26 | FY 26-27 | FY 27-28 |

| FORECAST |  |  |  |  |  |  |  |  |  |
| Rev | $14,786,748$ | $15,613,700$ | $18,238,109$ | $19,746,447$ | $20,383,130$ | $23,355,150$ | $23,204,140$ | $23,651,879$ | $24,076,297$ |
| Exp | $14,546,479$ | $14,127,125$ | $15,150,253$ | $17,765,551$ | $19,982,270$ | $20,351,482$ | $21,521,575$ | $22,137,124$ | $23,088,305$ |
| Diff | 240,269 | $1,486,576$ | $3,087,856$ | $1,980,896$ | 400,860 | $3,003,668$ | $1,682,565$ | $1,514,755$ | 987,992 |

Property taxes account for nearly 70 percent of annual revenues in the General Fund forecast. Property taxes will increase as new developments occur within city limits, but it takes several years to see the revenue increase. The forecast assumes a combined 35 percent property tax increase in FY 2024-25 from the continued housing construction activity over the last few fiscal years, with approximately 28 percent coming from the completion of the Amazon facility. A more conservative 4 percent and then 2.5 percent growth in the remaining fiscal years of the forecast is anticipated as the construction of new housing units flattens out.

Franchise fees, the second largest revenue in this fund, are based on the gross revenues collected in Woodburn for utilities that use the City's right-of-way. Forecast revenues are projected to increase by 4 percent in FY 2024-25 and then 2 percent in the following years. Factors include a mixture of utility rates increases and a slowing of new commercial and residential development.

## Potential Impacts and Issues

There are potential future demands that could increase costs in this fund and will require close monitoring. These include:

Police Staffing: As the community grows, there will be an increase in demand for police services. The projected addition of two police officers in FY 2024-2025 will help address this need, however, additional officers may be needed in the future.

Parks \& Recreation: As demand grows for use of City parks, additional burden is placed on the City's General Fund to provide enhanced services. Additional staff hours are required for cleanup and maintenance of these parks. These potential cost increases are not included in the forecasts.

Engineering \& Planning: Engineering \& Planning division expenditures will be significantly impacted by new development within the expanded Urban Growth Boundary, and by the City as a whole. The City will closely monitor the actual revenues against the forecast and will take corrective action if necessary.

## Building Inspection Fund

## Variances from Status Quo Assumptions

- Permit revenues continue to be strong due to large residential and commercial developments currently in the pipeline. A conservative forecast reflects a revenue decline from a high point of $\mathrm{FY} 21-$ 22 and a potential build out of developable land. Assumptions include a 20 percent decrease in FY 2024-25, and a 15 percent decrease in FY 2025-26 and 2026-27, followed by a 5 and 1 percent decrease in revenue in FY 2027-28 and 2028-29 respectively
- The FY 2021-22 spike was impacted by the new Amazon project

Operating Position

The Building Inspection team provides services to ensure safe building design and construction through the enforcement of building codes and standards. Revenues are based on permits issued for new development and redevelopment that historically ebbs and flows. Future revenues are based on estimates of when specific projects might begin.

## Potential Impacts and Issues

The Building Fund will be significantly impacted by the pace of current development activity and the upcoming addition of the Urban Reserve Area to the Urban Growth Boundary. Delays in developers submitting plans or starting construction will impact the bottom line. As building activity is forecast to decrease over the next few years from a high point of commercial development in FY 2020-21, and potentially decrease further as the City builds out developable land within the UBG, the City will closely monitor actual revenues against the forecast and take corrective action if necessary.

## Transit Fund

## Variances from Status Quo Assumptions

- FY 2024-25 includes full staff estimates for the Fixed 60-minute loop, Express 30-minute loop, Dial-a-Ride services, and a new Industrial Route serving workers in West Woodburn employment centers
- Revenue and expenditure increases FY 2022-23 through FY 2024-25 reflect the purchases of 7 new passenger vehicles, including an electric bus with charging equipment in FY 2024-25

## Operating Position

Transit provides Dial-a-Ride services for passengers with limited mobility and fixed route bus operations. Routes run city-wide and connect with commuter routes to Salem and Wilsonville. Rides have been fareless since the pandemic. City Transit services are primarily funded through a combination of State and federal formula funds, grant revenue, and expiring COVID-relief funds. The City also contributes $\$ 150,000$ annually from the General Fund. The City's Transit Development Plan Update was completed in 2023. The City is assessing the community transportation needs communicated during the Plan's update, while considering existing and new revenue streams that can support priorities and a growing community over the next 10 years. The City is developing a new transit route with stops at industrial facilities on the west side of the city, likely ramping up service as Amazon's facility opens in late 2024.

## Capital Projects - From Operating Revenues

Transit's fleet is being updated as grant funds are secured, with older vehicles and those with significant repair needs prioritized for replacement. The spike in revenue and expenditures in FY 2024-25 includes the planned purchase of three new passenger vehicles, including one diesel bus and one electric bus with new charging infrastructure.

## Potential Issues

Should a large, unanticipated reduction of state and/or federal grant revenue occur, services could potentially be curtailed, as replacement funding is not anticipated to be available from the General Fund.

## Street Fund

## Variances from Status Quo Assumptions

- Escalating cost of infrastructure repair and replacement

## Operating Position

## Street Fund Forecast

State gas taxes are the largest source of revenue followed by a City gas tax and privilege taxes paid by PGE and NW Natural. Revenue is allowed to accumulate over time in order to fund major street improvements. As improvements are underway, the capital expense budget (grey dashed line) spikes and the fund balance decreases. While the forecast shows the fund balance decreasing to zero, in reality the capital projects will be staggered or delayed in a manner that preserves the Street Fund balance.

## Capital Projects - From Operating Revenues

The major capital projects shown in the forecast period are the Harvard and Hayes Street intersections with Evergreen, Stacy Allison extension and intersection improvements, Landau, and Oswald improvements.

## Potential Impacts and Issues

Due to stable gas tax/registration/other fees, and revenue increases including funding for ODOT, the Street Fund's operational financial outlook remains relatively stable. However, to manage future capital improvement costs, new sources of revenue will be considered.

## Water Fund

## Variances from Status Quo Assumptions

- Spring 2018 water rate study resulted in City Council approved increases over 10 years; annual increases of 4 percent each July from 2020 to 2028
- The City's water bond was paid off in FY 2023-24 and new bonded debt may be a future consideration
- Contingency funds increase from 5 to 10 percent in all forecast years to better prepare for emergency repairs
- FY 2024-25 and 2025-26 expenditure peak reflects Country Club Rd, Columbia Rd, and Santiam Dr. water line transmission replacements, and the addition of a new well
- Capital cost estimates for needed infrastructure are impacting the fund balance

## Operating Position

Water revenues are primarily driven by consumption. The funds costs are a mix of fixed expenses for the systems and infrastructure required to provide water, plus variable operating expenses.

## Potential Impacts and Issues

As personnel, material and services costs continue to increase, levels of service will become difficult to maintain. Additionally, city-wide residential and commercial growth over the past three years is currently impacting capital improvements and expansion and will impact future capital needs.

## Capital Projects - From Operating Revenues

The Water Construction Fund carries a balance to cover a small portion of proposed FY 2024-25 projects. After that balance is spent, the Water Fund will budget transfers for future water construction. While the forecast shows water fund balance decreasing to zero, in reality, capital projects will be staggered
or delayed to preserves the fund balance. A new water bond should be considered to close the gap between existing revenue sources and needed capital improvements in the near future.

## Sewer Fund

## Variances from Status Quo Assumptions

- Contingency funds increase from 5 to 10 percent in all forecast years to better prepare for emergency repairs
- Capital cost estimates for needed infrastructure are impacting fund balance

## Operating Position

## Potential Impacts and Issues

In January 2012, the final design plan for required wastewater treatment plant upgrades were submitted to DEQ based on their previously approved evaluation report. In August 2013, EPA provided notice to DEQ disapproving of Oregon Water Quality Standards, including Natural Conditions Criteria for Temperature, and Statewide Narrative Natural Conditions Criteria, in general. The Pudding River TMDL for temperature, established in 2008 using natural criteria, could no longer be used for permitting.

Recently, the legal challenges to TMDL standards have been resolved, which will allow DEQ to establish a water quality standard for the Pudding River and the development of the City's updated National

Pollutant Discharge Elimination System (NPDES) permit. To initiate this process, the City is undertaking an update to the Wastewater Facilities Master Plan \& Rate Study, which will inform necessary upgrades to the treatment plant and collection systems, as well as the financial resources required to accomplish them.

## Remaining Funds

## Capital Construction Funds

Capital Construction Funds are not included in this forecast because their activity is limited by funds available. A more robust capital construction plan and reporting mechanisms were implemented for development during the FY 2020-21 budget cycle.

## Remaining Funds

The remaining 13 funds have dedicated revenue sources, are for a specific purpose, or have nominal activity. These funds have not been included as part of the Five-Year Forecast.

Urban Renewal Forecast is shown below.

## Urban Renewal Fund

## Variances from Status Quo Assumptions

- Peak in FY 2018-19 was the First Street Improvement project costs and a loan for the improvement which will paid through FY 2028-29
- Community Center funding through a TIF revenue bond is included in operating expenses beginning in FY 2026-27 and corresponds to a decrease in spending for other capital projects

Operating Position

## Potential Impacts and Issues

Future projects may be impacted by funding, although many grants are available, and staff have been successful in acquiring grants.

## Capital Projects - From Operating Revenues

Major projects include a bond issuance for $\$ 5,000,000$ to help fund the Community Center Project. To maintain a positive fund balance, funding this project will necessitate a significant reduction in other URA-funded capital projects.

## Major Assumptions - Revenues

The assumptions for this forecast are based on historical trends and expected growth. Most revenues will be improved as the City's boundary grows, but there will be pressure on staffing levels or other expenses that may generate offsetting expenses in the short run.

## Revenue Assumptions

## Property Taxes - General Fund

The Marion County Assessor determines the taxable assessed value of each property. In Oregon, there is no correlation between real market value and assessed value. Generally, assessed values grow by 3 percent per year as allowed by the state constitution, but have been impacted by compression. Reduced property tax revenue due to compression reached a peak during the recession and has steadily improved in the last three years. The City's tax rate is permanently set at $\$ 6.0534$ per $\$ 1,000$ of assessed value and is subject to limitation under Ballot Measures 5 and 50.

## Franchise Fees - General Fund

These fees are assessments on the utility companies' gross receipts for using the City's right-of-way. Rates vary by type of utility ranging from 3 percent to 8 percent. Franchise fees are assessed on telecommunication, cable television, natural gas, electric utilities, ambulance, and garbage. These revenues are expected to grow at a rate of 1 percent for the forecast period. A new Right-of-Way Franchise Fee was implemented in December 2020 for small utilities using the City's right-of-way.

## Charges for Goods \& Services - Utility User Charges

Water: The forecast assumes a 4 percent rate increase in each of the forecast years as adopted by City Council through 2028.

Sewer: With no rate increases currently in the plan, revenue growth must come from strong residential building activity in the city. As building activity declines, other revenue sources will be considered for necessary infrastructure improvements.

## Gas Taxes

The State Gas Tax is estimated to have a growth rate of 5 percent per year, with a combined Street revenue increase of 2.5 percent per year.

## Building, Planning and Engineering Permits

Permit revenue forecasts are based on specific building developments and assumptions about which fiscal year the development is likely to begin. Building revenue assumptions include a decline in revenue over the five-year forecast, declining more steeply in the near future and leveling off in the last year.

## Major Assumptions - Expenditures

## Personnel Services

Wages: Due to higher inflation in calendar year 2021 and 2022, a higher COLA ( 4.5 percent with merit-based increases included) has been accounted for in FY 2024-25) of the five-year forecast. Year 2 of the forecast includes a 4.5 percent COLA, and subsequent years have been forecast at a steady 4 percent increase per year. This is a conservative estimate, which takes into account bargaining agreements and merit increases.

- Insurance: A growth rate of 5 percent is used for insurance costs in each of the forecast years.
- PERS: Rate assumptions for all categories were reduced due to the PERS side account. General Fund PERS assumptions tend to be slightly higher than other funds due to higher PERS rates for Police service employees.

## Material and Services

Impacts of inflation are beginning to come down in this forecast compared to those of the last few years, with a 4 percent impact in FY 2024-25, a 3 percent impact in FY 2025-26, and a 2 percent increase per year in the last years. Management has been aggressive in managing costs in this category to help offset growth in personnel services and has been successful in holding spending under budgeted amounts. However, building material costs, repairs, and rising utility rates may cause this category to exceed the management targets.

## Capital Equipment

Public Works departments maintain a replacement reserve fund for capital equipment replacement, with annual fund contributions from the Water, Streets and Sewer funds. The General Fund replaces equipment on an as-needed basis or emergency basis, with emphasis on whether funding is available. Equipment and vehicle costs have been impacted by record high levels of inflation over the past few years, but with inflation as a whole coming down, cost estimates in this forecast are anticipated to increase by less than in recent forecasts.

## Debt Service

Estimates are based on amortization schedules for outstanding debt issues. In this forecast, new debt is assumed only in the URA Fund.

## Glossary

## Capital Projects

New construction and major repairs to the City's fixed assets

## Operating Position

Recurring revenues and recurring expenditures

## Potential Impacts

Refers to issues and challenges that are in addition to the status quo. The intent is to inform the reader of economic matters that might occur during the forecast period.

## Recurring Expenditures

The expense portion of status quo, predictable and on-going costs

## Recurring Revenues

The resource portion of status quo, predictable and ongoing revenues

## Revenues

Includes both recurring revenues and transfers in

## Status Quo

The current level of services

## Transfers In

Internal charges by General Fund for services provided to other funds

## Urban Growth Boundary (UGB)

A regional boundary around the City's perimeter used by local governments as a guide to zoning and land use decisions to control urban expansion onto farm and forestlands

FROM: Curtis Stultz, Public Works Director

## SUBJ ECT: Approval of Emergency Sewer Main and Senvices Laterals Replacement at Blaine Street Between MH 36-MC 16-20 and 36-MC16-21

## RECOMMENDATION:

Award a contract to $K \& E$ Excavating, Inc for performing emergency sewer main and sewer lateral replacement services at Blaine Street between Manholes 36-16MC-20 and 36-MC 16-21, in an amount not to exceed $\$ 450,000$.

## BACKGROUND:

A recently completed tv inspection of the sewer main at Blaine Street indicated five broken areas at the sewer main, by the sanitary sewer lateral connections, between manholes $36-16 \mathrm{MC}-20$ and $36-\mathrm{MC} 16-21$. The broken sections present a structural deficiency condition that could create major sink hole issues to the road and for the pipe to collapse and disturb/block the functionality of the sewer main. The sewer main in question provides service to over 100 properties to the east and north of their location.

Pursuant to ORS 279B. 080 and the City Public Contracting Ordinance (Ord. No. 2381), the City may make emergency procurements for goods and services without going through the formal competitive selection procedure when that emergency involves an immediate hazard to the public health, safety, or welfare.

## DISCUSSION:

I sought the participation from a firm under a current CIP project contract (I5 Pump Station and Force Main Upgrades), K\&E Excavating Inc, to provide an emergency constructability estimate and input. The City selected K\&E Excavating through a formal bid proposal to perform the 15 Pump Station and Force Main Upgrades project that is almost completed. K\&E Excavating
provided tremendous service for this project, and $I$ have developed a relationship with this fimm where I feel they have the competency to perform this precise replacement work. Time is of the essence to complete this repair work as soon as possible because of the service it provides to neighbors.

K\&E Excavating has provided a cost estimate that is attached for reference. The proposal price is fair and reasonable. Preparing construction documents of sufficient detail to facilitate a competitive bidding process and to provide sufficient performance controls to ensure proper construction techniques are used cannot be accomplished in sufficient time to allow these structural repairs to be completed.

## RNANCIALIMPACT:

The identified emergency structural repairs are to be paid with FY 2023-2024 Sewer Fund 472 under "Other Repairs \& Maintenance Funds (472 6316521 5479)" account. The appropriate budget adjustment form has been provided to the Finance Department as mid-year adjustment.

Subject: Council Briefing of Planning Commission approval of a Modification of Conditions applic ation to a Conditional Use approval for Townsend Fams at 960 Young St (MOC 23-03 to CU 22-02)

## RECOMMENDATION:

Staff recommends that the City Council take no action on this item and provides this summary pursuant to Woodbum Development Ordinance (WDO) Section 4.02.02. The Council may call up this item if desired and, by majority vote, initiate a review of the Planning Commission decision.

## BACKGROUND:

On J anuary 26, 2023, the Planning Commission approved Conditional Use CU 22-02 for a Townsend Farms industrial freezer building addition/expansion.

The applic a nt applied for Modific ation of ConditionsMOC 23-03 to CU 22-02 with requests to:
(1) not widen and improve Young Street frontage with a sphalt, new curb, landscape strip with street trees, and wider sidewalk, and
(2) not sc reen the east side of the north outdoor storage yard with shrubbery inside the east lot line.

The applicant had already bonded for street improvements through the Public Works Department Engineering Division and obtained build ing permit issuance in J une 2023.

On January 11, 2024, the Planning Commission both denied the first MOC request, meaning that street improvements remain required, and approved the second request on the condition that the developermay plant the required shrubbery on the Joyce Way side of the east lot line in exchange for a one-time fee towards parks maintenance irigation and pruning: \$2,257.

Some background about "Joyce Way": The name refers to an unimproved unnamed City ROW 50 feet ( ft ) wide that runs northerly-southerly between 960 and 1030 Young Street (Tax Lots 051W18AD08300 \& 051W18AD08400) and extends to

Young at the north and Willamette Valley RR at the south. County Tax Map 051W18AD delineates it. (City Pla nning staff has referred to it as "J oyce Way" since the time of pre-a pplication meeting PRE 2020-04 on February 27, 2020 beca use that is the same name as the nearest street to the north along an imaginary line, Joyce Street, and WDO 3.01.06C.1d lists the suffix "Way" as an acceptable one.)

Subject property outlined in green; approximate west half of "J oyce Way" ROW indic ated by purple bar

The design and landsc aping of Joyce Way is settled following Commission approval on December 14, 2023, of Joyce Way as a linear park with a bicycle/pedestrian path through Design Review DR 22-06 for the 1030 Young Street Apartments.

Improvement of that ROW into a linear park will be entirely upon that developer, West Coast Home Solutions.

The motion to deny the MOC first request and approve the second with a condition was una nimous.

There was no testimony other than by members of the applicant'steam.
The subject property of approximately 3.62 acre is located at 960 Young Street, along the south side. The east/southeast side borders Joyce Way, and the south/southwest side borders the Willamette Valley Railroad track. The property is zoned Commercial General (CG), has been an industrial development for about 40 years, and is occupied by Townsend Farms, a bery business.

Additional application materials are found via the CU 22-02 City project webpage.

J anuary 22, 2024

# To: Honorable Mayor and City Council through City Administrator 

From: Chris Kerr, Community Development Director $C k$,
Subject: Council Briefing of Planning Commission approval of a Design Review, Street Adjustment, and Variance application package for the Salud Medic al Center Renovation at 1175 Mt Hood Ave (DR 23-09, SA 23-07, \& VAR 23-07)

## RECOMMENDATION:

Staff recommends no action and briefs the Council on this item pursuant to Woodbum Development Ordinance (WDO) Section 4.02.02. The Council may call up this item for review if desired and, by majority vote, initiate a review of this decision.

## PROPOSED DEVEOPMENT:

The subject property is 1175 Mt Hood Avenue, a 3.92 -acre property in the Commercial Office (CO) zoning district. It is already developed with a medical office building occupied by Salud Medical Center.

The proposal before the Planning Commission was a Design Review application to construct a 129 square foot front vestibule entryway to the phamacy area, expand the existing parking lot to add 39 new stalls, and add a second driveway onto Mt Hood Avenue. While not relevant for the Design Review, the project also includes signific ant interior work to the existing build ing - new casework, flooring, baseboards, paint, and all new interior lighting, and several spaces will undergo layout changes that will require modific ations to ceilings, structural, mechanical, and electric al components.

A Street Adjustment applic ation was included to request a modified cross-section for Mt Hood Avenue. A Variance application was also included, with requests to not meet standards related to parking lot setback, street trees, perimeter screening, and on-site exterior lighting.

## PUBLC HEARING SUMMARY:

On J anuary 11, 2024, the Planning Commission held a public hearing forthis Type III Design Review (DR), Street Adjustment (SA), and Variance (VAR) application package. Written testimony was received by the property owner of Mt Hood Self Storage at 1055 Mt Hood Ave (Walt G riffiths, KWG Enterprises UC, 3440 NW Covey Run Rd, Corvallis, OR 97330). Mr. Griffiths shared concems about the applicant's Street Adjustment request, the street tree variance request, the proposed second driveway, emergency access through the site, and the perimeter screening variance request.

After closure of the record, the Commission deliberated, discussed the concems brought up by Mr. Griffiths, and ultimately voted unanimously to approve the application package with the conditions recommended by staff in the staff report published J anuary 4, 2024, except as modified by the staff memo dated J anuary 9,2024 to revise the due date of certain conditions to be prior to building permit final inspection.
