New Station 23 Location & Funding

In 2021, voters approved a general obligation bond for equipment and facilities improvement. \$6.1 million has been budgeted for the establishment of new fire station #23 near the community of Gervais. Pre-construction work has started at the site with the main construction scheduled to begin in July of 2024. The new station is well positioned to serve future growth in the south and west areas of Woodburn and the community of Gervais for decades to come.

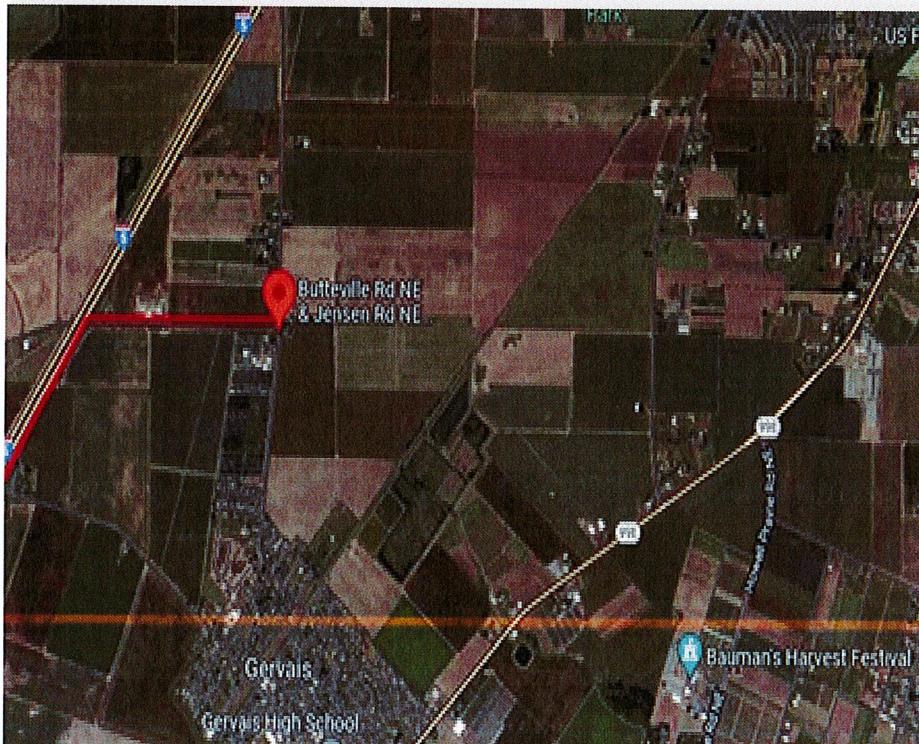

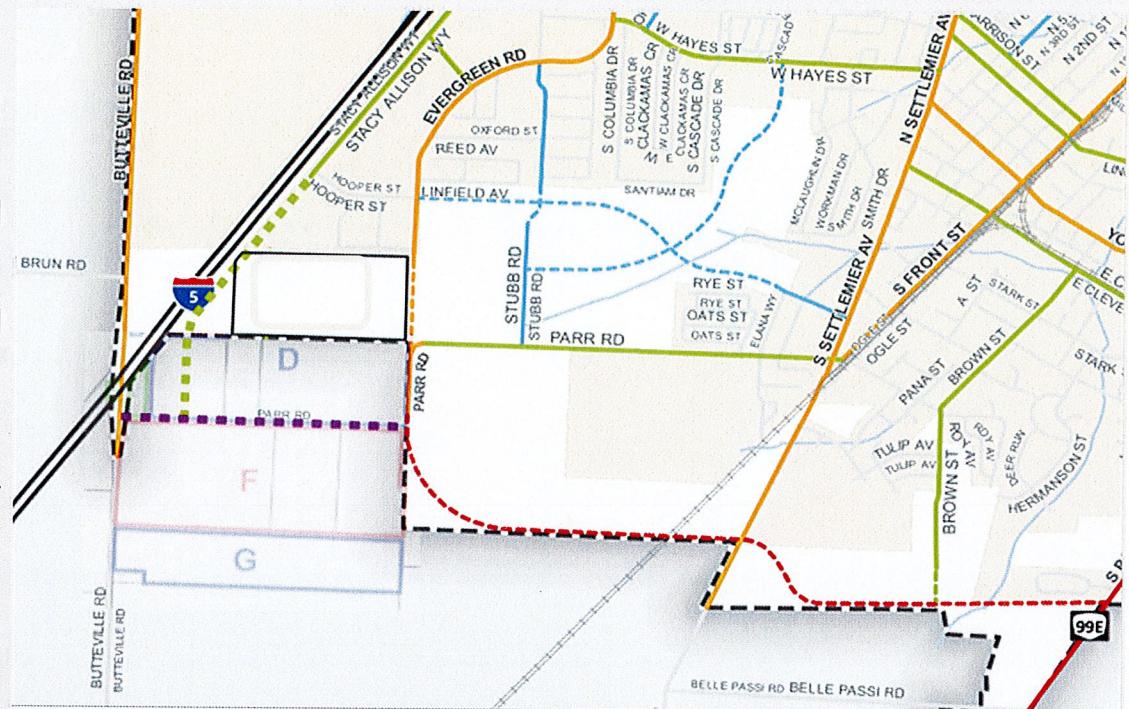

4 Minute Station Response Areas With New Station

Station 23 Emergency Response Routes

Emergency Response Routes North & East—An important factor in the placement of the new station is access to emergency response routes for quick access to all parts of the fire district. In addition to Butteville Rd. that provides good access to west Woodburn and the northwest areas of Marion County, the fire station property is near a planned new traffic collector that will run along the southern edge of Woodburn's urban growth boundary. The new traffic collector, that will intersect with

Butteville Road just north of the new fire station site, will connect with OR 99E and allow good access to the east and south areas of Woodburn and rapid response to mutual-aid fire districts to the north and east.

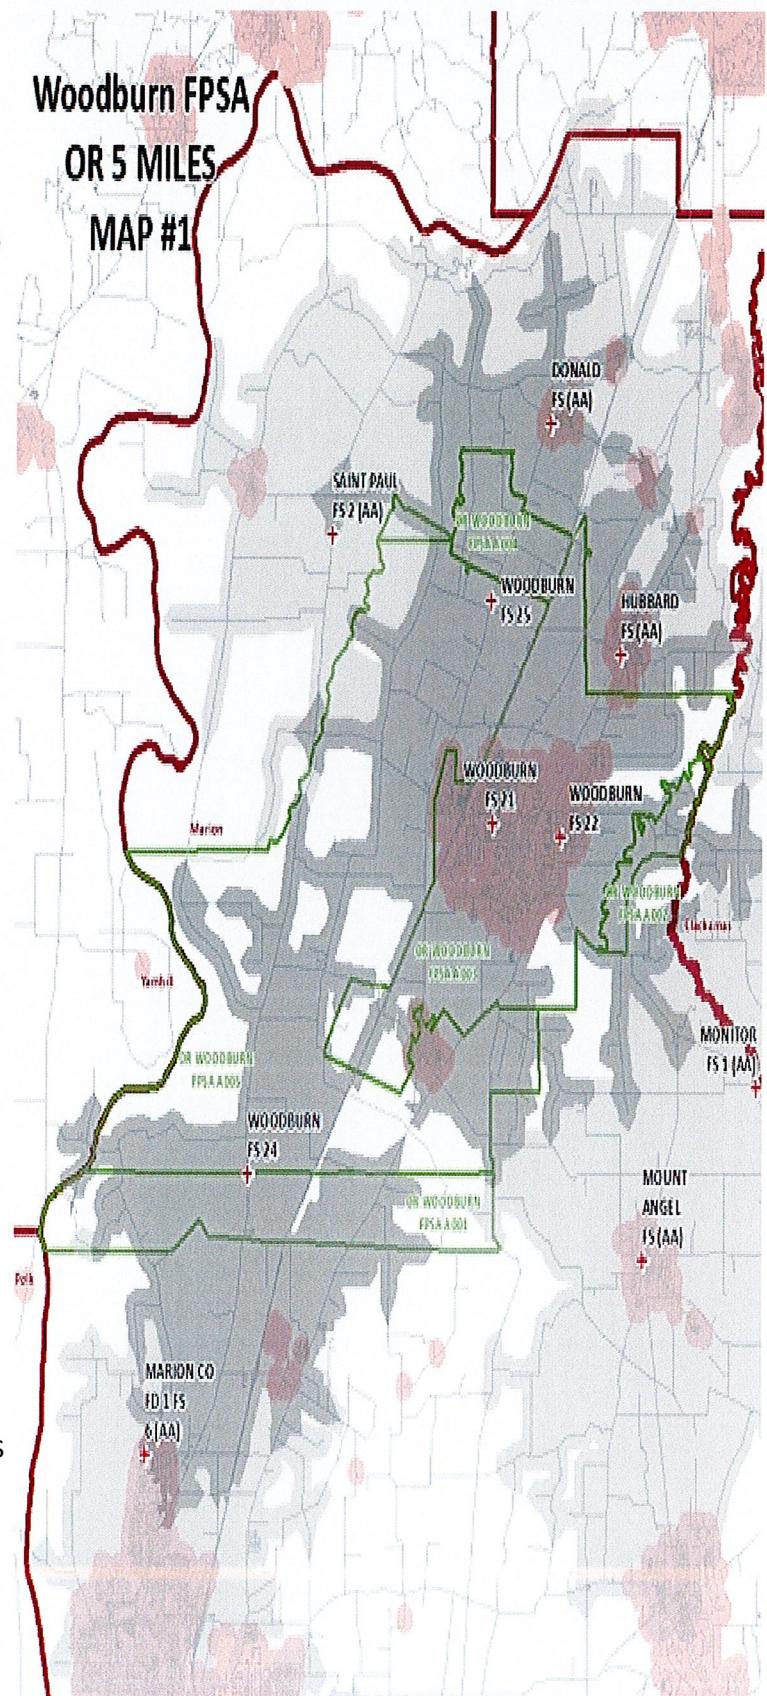

Emergency Response Routes South & West

The new station location also allows quick access to the SW corner of the fire district via Jensen Road connection to St. Louis Road at the St. Louis freeway overpass.

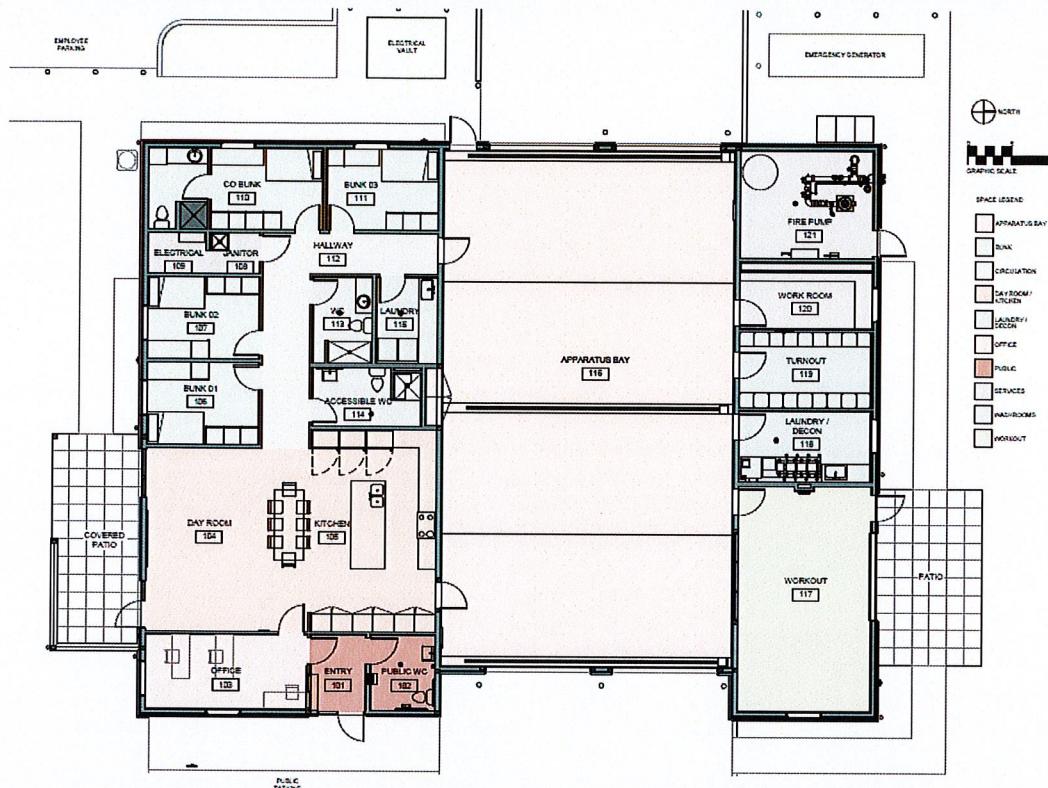

Insurance Service Organization (ISO) Fire District Rating Improvement 2025

This map developed by the Insurance Services Office (ISO) shows (5) mile driving distances from existing fire stations. The goal is to have all dark gray areas indicating (5) miles driving distance. The white area around the city of Gervais indicates a currently underserved area of the fire district. Property insurance companies use the ISO maps and rating of fire agencies to establish insurance premiums for property owners.

ISO also rates all 27,181 fire agencies in the US on a 1-10 scale with one being the best. Woodburn Fire currently has an ISO rating of "3". There are many factors that go into the rating calculation including distance from a fire station, access to a training center, fire district training documents and more. With the addition of Station 23, more than 90 percent of the fire district will be within (5) miles of a fire station and the ISO rating is expected to improve to a "2". This is expected to save property owners about 5% in annual insurance premiums which equates to about \$20 per year on a \$400 policy. While this is a modest savings, it does represent nearly half of the tax levied for a home at the average assessed value of homes in the Woodburn Fire District.

Apparatus Bay—The new fire station will have a double deep double wide apparatus bay that will accommodate a full compliment of fire apparatus including an engine, water tender, and brush unit. All of the apparatus needed for the station are either currently included in the Woodburn Fire District fleet or is currently being added with available bond funds.

Living Quarters—The station includes a small kitchen, living room and sleeping quarters for up to (4) firefighters. The station will be initially staffed by (3) student resident volunteer firefighters. The extra room will be used by out-of-district volunteer firefighters that occasionally pull duty shifts at fire district stations. This station will eventually become staffed by career firefighters as the population of the area grows over the coming decade. Depending on the rate of growth, the fire district is estimating that adequate funding will be available to begin career firefighter staffing in 5-10 years.

Emergency Fuel Supply

2000 Gallon Fuel Storage Tank for Fueling Emergency Response Equipment, Facility Generators & Public Works Equipment.

The Station 23 project includes the siting of an above ground fuel tank that will be used for the daily operational needs of the fire district and serve as an

emergency fuel supply in the event of a regional disaster.

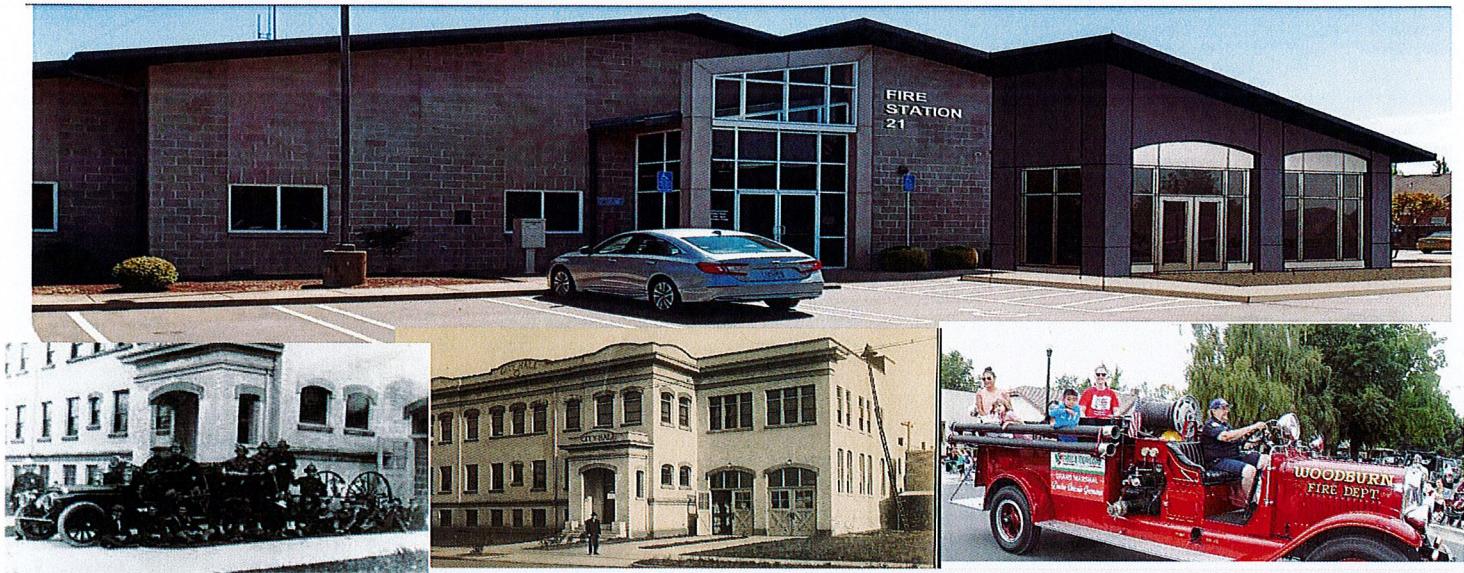

In 2022 , the Woodburn Fire District was awarded a SPIRE grant for a 500 gallon portable water trailer that will provide emergency water in the event of a large scale natural disaster that disrupts or contaminates water supplies. During a large scale emergency, volunteer firefighters and CERT members will transport water to those in need in Woodburn, Gervais and the surrounding areas.

Main Fire Station Improvements

Improvements to the Main Fire Station — A portion of the 2021 bond funds has been allocated to improvements at the district's main fire station including an enhanced community room featuring a new storage area for the district's 1924 fire engine that once responded from the old city hall building on 1st Street in Woodburn's Old Town. The community room is frequently used by Woodburn civic and business groups and the antique engine is a favorite at local & regional parades and special events. The arches above the windows of the new addition reflect the arches above the fire engine bays at the old city hall building.

Firefighter Tribute Plaza — A firefighter tribute plaza will be added to the front of the station and connect with the community/training room. The plaza will feature a bronze flame sculpture and water feature with funding provided by a grant from the Woodburn, Arts & Murals Commission. The historic cast iron bell that once hung in the old city hall building to summon

volunteer firefighters will be displayed in the foyer area of the main station adjacent to the community/fire training room.

2023 Master Tender

Twin master tenders have been purchased with bond funds. Master tenders carry 3,000 gallons of water for fire extinguishment in the rural areas of the district that are not covered by hydrants. The district has (5) tenders in the fleet with a 40 year life expectancy. This tender will be assigned to Station 22 on the east side of Woodburn.

\$4 million of the 2021 bond funds have been dedicated to the purchase of (8) new or replacement emergency response vehicles. The usable life span of fire apparatus ranges from 30-40 years depending on the type of equipment and the amount of use. All of the equipment listed in the table has been ordered and the district has taken delivery of (4) new vehicles. The fire district is making a transition to all red equipment.

Fire District Tax Comparisons & Levy Renewal Request

	HUBBARD	WOODBURN	AURORA	CANBY
Permanent Tax	0.80	1.60	0.84	1.54
Capital Bond Levy	0.27	0.26	0.00	0.22

Total Tax Rate -Per 1,000/AV:	\$2.06	\$2.14	\$2.35	\$2.71

In 1997, Measure 50 property tax reform set the district's permanent tax rate at \$1.60 per thousand of assessed value.

In 2019 voters approved a 5 year \$0.35 operating levy that provides (4) career firefighter constant staffing including (1) paramedic on-duty at all times. The fire district is requesting the renewal of the levy with no increase in taxes.

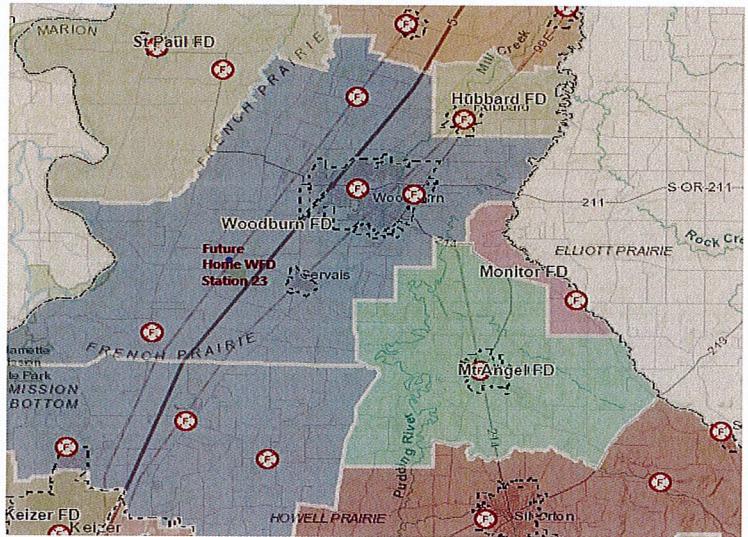

In 2021, voters approved a 20 year 12.5 million capital expense bond for the replacement of fire apparatus and aging emergency response equipment. The Woodburn Fire District board of directors has dedicated 6.1 million in bond funds to the building of the Gervais Fire Station and \$4 mil lion to the purchase of new response vehicles.

Operating Levy Renewal Key Facts

- The renewal of the fire district's levy at the current rate will maintain all existing firefighter and paramedic positions with no increase in taxes.
- The operating levy was first approved by voters in 2019 for the primary purpose of maintaining a minimum of (4) firefighters on-duty at all times including at least (1) paramedic with advanced life support skills. The fire district has met this commitment every day without exception since the start of the levy in 2019.
- Renewal of the levy is needed to maintain current staffing levels and allow the district to continue to add additional firefighters as the population of the fire district grows. Without additional firefighters and paramedics, life-saving action at medical emergencies, fires, and motor vehicle accidents would be delayed.
- The cost of the levy is \$0.35 cents per \$1,000 assessed property value. For a home assessed at \$200,000 about average for the fire district, the total cost is \$5.83 per month or about \$70 per year. The levy provides 17% of the district's annual operating budget.
- The total number of emergency responses for the fire district has increased 80 percent since 2010. With more than 2,000 residential units currently under development, the growth trend is expected to continue.
- Levy funds help the fire district to manage multiple emergency calls at the same time without having to wait up to 15 minutes for back-up from nearby fire districts. Overlapping emergency calls occur more than 500 times each year in the fire district.
- The average number of career firefighters in the western U.S. is about (1) firefighter per 1,000 residents. With a total of 16 firefighters and paramedics that serve 34,000 residents of Woodburn, Gervais and surrounding area, the ratio of firefighters is about 0.47 per 1,000 residents.

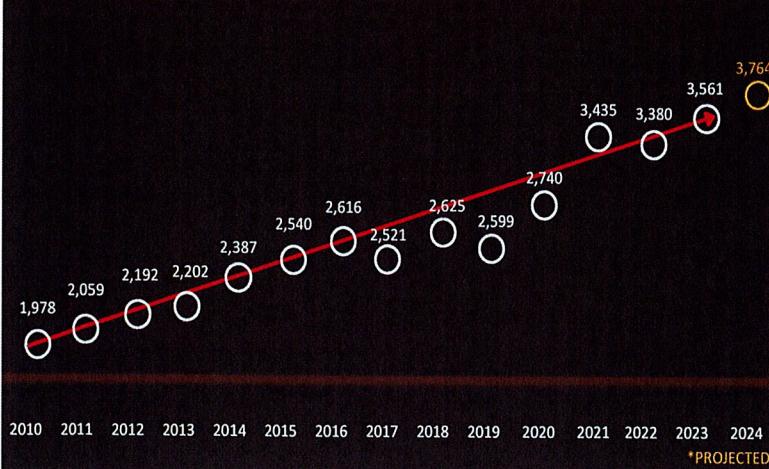

Fire District Overview

- The Woodburn Fire District covers 75 square miles including the cities of Woodburn, Gervais, Waconda and Broadacres. The population of the district is about 34,000 residents.
- The I-5 and Union Pacific railway corridors run through the middle of the fire district north to south.
- The Woodburn Fire District has 9 mutual aid agreements with surrounding fire districts in north Marion County and South Clackamas County.
- Mutual aid agreements are also in place with all 19 fire agencies in Marion County for the sharing of resources when requested. These agreements were instrumental in the rapid response to the 2020 wildfires that saved lives and structures in the Santiam Canyon and Cascade foothills near Molalla. In addition, the fire district has an IGA in place for the automatic response from the Hubbard Fire District into Woodburn and Gervais anytime a WFD engine is not available for response due to the engagement at a previous incident. This agreement results in about 500 responses annually from the Hubbard Fire District.

Emergency Response Increases

Emergency calls up 80% since 2010

Calls for emergency service have increased by 80% since 2010 to a record 3,561 in 2023. The increase in emergency response corresponds directly with the surge of new residents and is expected to continue with an estimated 20% increase in residents in the next 5-10 years. About half of the district's total 9-1-1 calls are for medical emergencies.

Woodburn Career Firefighters

The Woodburn Fire District has 16 career firefighters that work on four person engine companies 24 hours a day 365 days a year. A second 4 person company staffs an engine out of Station 22 on the east side of Woodburn on one of the three shifts. Each shift is comprised of one company officer, one paramedic and two engineers (firefighters).

The district's ratio of career firefighters to residents is 0.47 per thousand. According to the NFPA (National Fire Protection Association) the national average for all fire agencies in the western U.S. is (1) firefighter per every one thousand residents. Recognizing that the district is staffed well below the national average, the main budget priority for the fire district is the hiring of additional firefighters.

25 volunteers complete the district firefighting staff. Volunteer firefighters cover overlapping calls and respond on those incidents that require multiple resources to mitigate. Volunteers also assist with community outreach.

"The main budget priority of the fire district is the hiring of additional firefighters to meet the rapidly growing emergency response demand in the communities served"

Volunteer Emergency Response & Preparedness

Volunteer Recruit Class—Nov. 2022

Student Resident Programs—Over the past 5 years the Woodburn Fire District has provided 10 students the opportunity to participate in a full-time student resident program. This program provides housing, tuition assistance, certification training and emergency response experience. Of those 10; 4 are currently enrolled in fire science programs, 2 are continuing their education through paramedicine programs, and 3 have accepted full time career fire positions with various districts.

Once the construction of Station 23 is complete in the Spring of 2025, the initial staffing will be provided by student resident firefighters. The district anticipates having enough career firefighters to staff the station within the next 5-10 years.

Volunteer Programs -Without the assistance of volunteer firefighters, the Woodburn Fire District would not be able to meet the emergency response needs of the community. Volunteers respond to overlapping calls and those incidents that require more than one resource to mitigate. As part of the active volunteer firefighter program, district leaders teach training academies several times a year. The training requires 148 hours of classroom lecture and drill ground skills practice to obtain certification as an entry level firefighter.

COMMUNITY EMERGENCY RESPONSE TEAM

The Woodburn Fire District sponsors a very active CERT program that includes 50 volunteers. The Community Emergency Response Team (CERT) is a FEMA program that provides organizational structure for community based volunteers that are mobilized in the event of large scale disasters. During regional events, CERT members handle low level emergencies and public first-aid to free up first responders for critical calls. During the 2020 fire season, CERT members assisted with the care and comfort of Santiam Canyon refugees that were gathered at the state fairgrounds. During the February 2021 ice storm, CERT members canvassed neighborhoods to assist shut-in seniors with oxygen replacement, medication and food and distributed carbon monoxide detectors to those that were using portable generators for heating and cooking. During the COVID-19 pandemic in 2022, CERT members delivered 55 tons of food to at risk community members over a 10 month period. These teams are invaluable to the safety of the community and will be instrumental in the saving of lives in response to a Cascadia earthquake.

Woodburn's CERT is one of the most active in the state.

Agenda Item

March 25, 2024

TO: Honorable Mayor and City Council through City Administrator

FROM: Chris Kerr, Community Development Director
Melissa Gitt, Building Official

SUBJECT: Updated Intergovernmental Agreement ("IGA") with the Oregon Building Codes Division ("BCD") to allow for the continued use of the ("Acella") e-permitting system and related services

RECOMMENDATION:

Authorize the City Administrator to sign an updated IGA with Oregon BCD in order to continue the cooperative use of the State's e-permitting system. The proposed IGA would supersede an existing IGA that the City already has with the state for these services. The updates were proposed by BCD and have been thoroughly reviewed by City Staff. The updated changes are minor and generally relate to new terminology and potential future services. Staff doesn't anticipate the new IGA having any adverse impact on our e-permitting system or inspection processes.

BACKGROUND:

BCD administers the state's e-permitting system ("Acella") and makes it available to all eligible municipalities in Oregon. Every building permit in the city is assessed a separate state surcharge (12% of the permit fee), and a portion of that surcharge supports the State-run Acella e-permitting system.

In May of 2018, the City entered into the original IGA with BCD to begin utilizing the Acella e-permitting system for processing and tracking all permit applications in the City. Since that time, the City's and State have cooperatively and very successfully incorporated Acella into all aspects of our permit review system. The Acella platform includes permit submittals, payments, tracking and inspections for all permits in the City.

Agenda Item Review: _____ City Administrator City Attorney Finance

FINANCIAL IMPACT

The revised IGA does not propose any changes to fees or services from the current agreement and is not expected to have any additional financial impact on the City.

INTERGOVERNMENTAL PARTNERSHIP AGREEMENT
ePermit System and Services

THIS INTERGOVERNMENTAL PARTNERSHIP AGREEMENT ("Agreement") is effective when all required signatures have been obtained by and between The State of Oregon, acting by and through the Department of Consumer and Business Services ("DCBS" or "Agency"), Building Codes Division ("BCD") and the City of Woodburn ("Jurisdiction"), a political subdivision of the State of Oregon. BCD and the Jurisdiction may collectively be referred to herein as the Parties and individually as a Party. The Parties enter into this Agreement to cooperate and share services pursuant to the authority granted under ORS 455.185. The purpose of this Agreement is to encourage economic development through construction and to experiment and innovate for administration of building inspection programs. It is in the best interest of BCD and Jurisdiction's leaders to ensure that construction-related development activities proceed in a manner that is quick, efficient, and practical. Having a flexible and responsive system requires sufficient staff and resources to be available to construction businesses. By partnering, BCD and Jurisdiction can explore new ways to maximize the use of scarce resources. This Agreement supersedes and amends and replaces in its entirety any pre-existing intergovernmental partnership agreement for the ePermit System and Services between Jurisdiction and BCD.

RECITALS

- A. Oregon Revised Statute ORS 455.095 provides that DCBS shall develop and implement a system that provides electronic access to building permitting information. The statute also requires DCBS to make the system accessible for use by municipalities in carrying out the building inspection programs administered and enforced by the municipalities.
- B. The Department of Administrative Services Procurement Office, on behalf of DCBS, issued a Request for Proposal (RFP) for a statewide electronic permit system and

associated products and services. Accela, Inc. was the successful proposer. DCBS and Accela Inc. executed a contract in August, 2008 ("ePermit contract"), by which Accela, Inc. licensed to DCBS ePermitting system software, an Integrated Voice Recognition (IVR) system and provided related configuration, implementation and hosting services (collectively the "ePermit System").

- C. The ePermit contract provided that the ePermit System and related Services would be available to municipalities ("Participating Jurisdictions").
- D. BCD is the division of DCBS that implements and administers the ePermitting system.
- E. Jurisdiction has requested that BCD provide access to the ePermitting System and related Services to Jurisdiction and to implement the Jurisdiction as a Participating Jurisdiction as set forth in the ePermitting contract.
- F. BCD is willing, upon the terms of and conditions of this Agreement, to provide access to Jurisdiction to the ePermitting System and related Services and to implement Jurisdiction as provided herein.

13. SEVERABILITY.

The parties agree that if any term or provision of this Agreement is declared by a

court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular term or provision held to be invalid.

14. COUNTERPARTS.

This Agreement may be executed in several counterparts, all of which when taken together shall constitute one agreement binding on all parties, notwithstanding that all parties are not signatories to the same counterpart. Each copy of this Agreement so executed shall constitute an original.

15. GOVERNING LAW, CONSENT TO JURISDICTION.

This Agreement shall be governed by and construed in accordance with the laws of the State of Oregon without regard to principles of conflicts of law. Any claim, action, suit or proceeding (collectively, "Claim") between BCD (and/or any other division, agency or department of the State of Oregon) and Jurisdiction that arises from or relates to this Agreement shall be brought and conducted solely and exclusively within a circuit court in the State of Oregon of proper jurisdiction. In no event shall this section be construed as a waiver by the State of Oregon of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the eleventh amendment to the Constitution of the United States or otherwise, from any Claim or from the jurisdiction of any court. Jurisdiction, by execution of this agreement, hereby consents to the in personam jurisdiction of said courts.

All employers, including BCD and Jurisdiction, that employ subject workers who provide Services in the State of Oregon shall comply with ORS 656.017 and provide the required Workers' Compensation coverage, unless such employers are exempt under ORS 656.126.

17. ASSIGNMENT OF AGREEMENT, SUCCESSORS IN INTEREST.

The parties agree there will be no assignment or delegation of the Agreement, or of any interest in this Agreement, unless both parties agree in writing. The parties agree that no services required under this Agreement may be performed under subcontract unless both parties agree in writing. The provisions of this Agreement shall be binding upon and shall inure to the parties hereto, and their respective successors and permitted assignees.

18. NO THIRD-PARTY BENEFICIARIES.

BCD and Jurisdiction are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly or otherwise, to third persons any greater than the rights and benefits

enjoyed by the general public unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

19. WAIVER.

The failure of either party to enforce any provision of this Agreement shall not constitute a waiver by that party of that or any other provision. No waiver or consent shall be effective unless in writing and signed by the party against whom it is asserted.

20. AMENDMENT.

No amendment, modification or change of terms of this Agreement shall bind either party unless in writing and signed by both parties and when required by the Department of Administrative Services and Department of Justice. Such amendment, modification or change, if made, shall be effective only in the specific instance and for the specific purpose given. Jurisdiction, by signature of its authorized representative, hereby acknowledges that it has read this Agreement, understands it, and agrees to be bound by its terms and conditions.

21. HEADINGS.

The headings and captions to sections of this Agreement have been inserted for identification and reference purposes only and shall not be used to construe the meaning or to interpret this Agreement.

22. CONSTRUCTION.

This Agreement is the product of extensive negotiations between BCD and representatives of Jurisdiction. The provisions of this Agreement are to be interpreted and their legal effects determined as a whole. An arbitrator or court interpreting this Agreement shall give a reasonable, lawful and effective meaning to the Agreement to the extent possible, consistent with the public interest.

23. INDEPENDENT CONTRACTOR.

The parties agree and acknowledge that their relationship is that of independent contracting parties and that neither party is an officer, employee, or agent of the other as those terms are used in ORS 30.265 or otherwise.

24. LIMITATION OF LIABILITY.

24.1. Jurisdiction agrees that BCD shall not be subject to any claim, action, or liability ARISING IN ANY MANNER WHATSOEVER OUT OF ANY ACT OR OMISSION, INTERRUPTION, OR CESSATION OF ACCESS OR SERVICE UNDER THIS AGREEMENT. THE STATE SHALL NOT BE LIABLE OR RESPONSIBLE FOR ANY DIRECT, INDIRECT SPECIAL OR CONSEQUENTIAL DAMAGES SUSTAINED BY THE POLITICAL SUBDIVISION, INCLUDING, BUT NOT LIMITED TO, DELAY,

INTERRUPTION OF BUSINESS ACTIVITIES, OR LOST RECEIPTS THAT MAY RESULT IN ANY MANNER WHATSOEVER FROM ANY ACT OR OMISSION, INTERRUPTION, OR CESSATION OF SERVICE.

24.2. EXCEPT FOR LIABILITY ARISING UNDER SECTION 27 NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT. NEITHER PARTY SHALL BE LIABLE FOR ANY DAMAGES OF ANY SORT ARISING SOLELY FROM THE TERMINATION OF THIS AGREEMENT OR ANY PART HEREOF IN ACCORDANCE WITH ITS TERMS.

25. FORCE MAJEURE.

Neither BCD nor Jurisdiction shall be held responsible for delay or default caused by fire, civil unrest, labor unrest, natural causes, or war which is beyond the reasonable control of BCD or Jurisdiction, respectively. Each party shall, however, make all reasonable efforts to remove or eliminate such cause of delay or default and shall, upon the cessation of the cause, diligently pursue performance of its obligations under this Agreement.

26. TIME IS OF THE ESSENCE.

Time is of the essence in the performance of all under this Agreement.

27. CONTRIBUTION

27.1. If any third party makes any claim or brings any action, suit or proceeding ("Third Party Claim") against a party (the "Notified Party") with respect to which the other party ("Other Party") may have liability, the Notified Party must promptly notify the Other Party in writing of the Third Party Claim and deliver to the Other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Either party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. Receipt by the Other Party of the notice and copies required in this paragraph and meaningful opportunity for the Other Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to the Other Party's liability with respect to the Third Party Claim.

27.2. With respect to a Third Party Claim for which BCD is jointly liable with the Jurisdiction (or would be if joined in the Third Party Claim), BCD shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the Jurisdiction in such proportion as is appropriate to reflect the relative fault of BCD on the one hand and of the Jurisdiction on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of BCD on the one hand and of the Jurisdiction on the other hand shall be

determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. BCD's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if BCD had sole liability in the proceeding.

27.3. With respect to a Third Party Claim for which the Jurisdiction is jointly liable with BCD (or would be if joined in the Third Party Claim), the Jurisdiction shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by BCD in such proportion as is appropriate to reflect the relative fault of the Jurisdiction on the one hand and of BCD on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the Jurisdiction on the one hand and of BCD on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The Jurisdiction's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if it had sole liability in the proceeding.

Jurisdiction Software

As part of the state hosted system, any software being used by Jurisdiction to support either the building permitting system or any supplemental products being purchased from Accela, must be compatible with the Accela product.

Electronic Document Acceptance

Beginning January 1, 2025, Jurisdiction is required by administrative law to accept electronic plans. Agency will provide software that fulfills the basic ability to meet this requirement; however, Jurisdiction may independently source their own software.

If Jurisdiction uses the Agency-provided software, then Jurisdiction will be required to comply with all third-party agreements associated with the software and must notify Agency promptly of any non-compliance. Jurisdiction must also comply with all Agency-provided instructions on the use of the software, including instruction relating to installation and removal of the software. Jurisdiction must remove or destroy any or all copies of the software at Agency's request.

Product Features

Jurisdiction agrees to sell permits online through the ePermitting Portal. Jurisdiction agrees to offer online and IVR inspection scheduling for permits in an appropriate status.

Jurisdiction agrees to offer online submittal of plan documents at appropriate point(s) in the application process as dictated by the Jurisdiction's workflow associated with each record type.

Permit Numbering Scheme.

As a full-service participant, Jurisdiction agrees to include the pre-assigned three digit prefix to all permits covered by and processed through ePermitting system. Permits for any supplemental products purchased through Accela, hosted in the State of Oregon environment and being serviced through the State of Oregon ePortal must also use the three-digit prefix in the permit number. Permits for supplemental products purchased through Accela that will not be hosted or maintained on the Oregon platform and that are not serviced through the State of Oregon ePortal are not required to use the three-digit prefix.

Status and Result Codes.

All status and result codes such as inspections, plan review, permit issuance status will be pursuant to a statewide uniform system. Jurisdiction shall only use the uniform status and result codes.

Inspection Codes.

Inspection types for code required inspections must be consistent throughout the state. Unique inspection types must be requested through and assigned by the ePermitting staff.

Supplemental Products Purchased by Jurisdiction through Accela.

Any supplemental product such as, but not limited to, Land Use, Enforcement, Licensing, or

other services, may be licensed directly to Jurisdiction by Accela. Support services for the supplemental products fall outside of the scope of this Intergovernmental Agreement and are therefore provided through direct agreement with Accela or other service provider. Installation of supplemental products onto the State hosted servers cannot occur before the State ePermitting team begins active development of the building permitting module.

Version (Product) updates.

Migration from one product version of Accela Automation to another product version will be regulated and coordinated through BCD. Supplemental products will be required to migrate to the same version of the product at the same time as the product version for the building product module. After implementation, Jurisdiction is required to test the configuration against new versions of the product in the timeframe specified by BCD.

The ePermitting system contains multiple components created and licensed by third parties. BCD cannot guarantee the continued support of these components, and may have to make changes to the system based upon changes made by the third party providers. The first time these optional modules are implemented, BCD will provide implementation services at no cost. If for any reason these optional modules need to be reimplemented, BCD may invoice Jurisdiction for the reasonable costs of the implementation. Costs will depend upon the complexity of the work, but will not exceed \$5,000 per module implemented. BCD and Jurisdiction will agree on the costs prior to any implementation.

Oregon Standard Model Implementation includes:

- Importing jurisdiction's fee schedule into Accela
- Data conversion from jurisdiction's database

- ePermitting will provide documentation about how the data is to be formatted for loading

- Coordination with Accela
 - If Jurisdiction purchases other modules, such as Planning or Code Enforcement, directly from Accela and has them implemented by Accela, an independent contractor or by Jurisdiction staff, Jurisdiction must coordinate that implementation with ePermitting.
 - Coordination with ePermitting means including ePermitting staff in project management meetings with Jurisdiction and the party implementing the other modules.

IMPLEMENTATION OVERVIEW

The following list is a distilled version of the major tasks associated with implementation of ePermitting. The tasks run concurrently and can take varying amounts of time, however, this is a look at the things that Jurisdiction must complete. Of this list, testing is the major responsibility that will take some time to complete. The more thoroughly the Jurisdiction tests the system before Go Live, the smoother the transition will be when ePermitting begins.

Agenda Item

TO: Honorable Mayor and City Council through City Administrator

FROM: Renata Wakeley, Special Projects Director
Chris Kerr, Community Development Director

SUBJECT: **Initiate Amendment of the Comprehensive Plan Map to incorporate the Urban Reserve Area into the City's Urban Growth Boundary: Legislative Amendments to Comprehensive Plan Map (LA 2024-01)**

RECOMMENDATION:

Adopt the attached Resolution initiating the legislative amendment process for amending the Woodburn Urban Growth Boundary to include the previously established Urban Reserve Area (URA).

BACKGROUND:

The Woodburn Comprehensive Plan serves as the legally controlling land use document for the City. The Plan also delineates the exact limits of our Urban Growth Boundary ("UGB"). It is a "living" document that is constantly evolving and is intended to be periodically updated over time to address changing conditions in the community. Recent updates have been made to supporting documents in the Plan, such as the Public Facilities Plan, Water Master Plan, Parks & Recreation, Transit, Transportation Plans, as well as updates to the Economic Opportunities Analysis (EOA).

After a nearly year-long process of technical analysis and public outreach, the City Council adopted a new Buildable Land Inventory, Economic Opportunities Analysis, and amendments to the Comprehensive Plan economic goals and policies in January 2024 via LA-23-02/Ordinance 2619. The adopted BLI and EOA included:

- A forecasted annual employment growth rate of 2.3%, resulting in adding roughly 6,830 jobs by 2043,
- Findings that Woodburn faces a deficit of 107 gross acres of Commercially zoned land to meet our adopted 20-year population projections, and
- Findings that Woodburn faces a deficit of 273 gross acres of Industrially zoned land to meet our adopted 20-year population projections.

As outlined in Section 4.01.09 of the WDO, the first step in the process to amend or modify the Comprehensive Plan and the Comprehensive Plan Map is for the Council to consider and approve a Resolution initiating the legislative amendment process. Procedurally, the next step would be for staff to assign a file number, initiate all local and state notification requirements, and schedule public hearings before both the Planning Commission and City Council.

Designation of Urban Reserve Areas (URA) achieve the following objectives: (a) It identifies appropriate lands to be reserved for eventual inclusion in the UGB; (b) In conjunction with Marion County's adoption of policies and regulations for the URA, it protects this land from development patterns that would impede long-term urbanization; and (c) it provides more certainty for jurisdictions, service districts and property owners to undertake longer-term planning for public facilities and services such as transportation, sewer and water, schools and parks.

DISCUSSION:

Generally, the proposed amendments to the Woodburn Comprehensive Plan Map and Urban Growth Boundary, if adopted by the City Council, would include:

- Coordination with the Department of Land Conservation and Development (DLCD), Oregon Land Conservation and Development Commission (LCDC), and the Marion County Board of Commissioners,
- Revisiting the Urban Growth Coordination Agreement (2015) between the City of Woodburn and Marion County, and
- Expansion of the Urban Growth Boundary to incorporate the previously established URA, which would include 8 tax lots and ~237 net¹ acres (or an estimated 291.5 gross acres) of land to be zoned Southwest Industrial Reserve (SWIR).

Map	Tax Lot	Acres
052W12	1100	24.02
052W14	0900	42.88
052W14	1000	10.0
052W14	1100	21.74
052W14	1200	3.88
052W14	1500	59.43
052W14	1600	25.0
052W23	0100	50.18

FINANCIAL IMPACT:

¹ The employment buildable land inventory applies net acreage to gross acreage deductions because street and road improvements are anticipated for development of vacant properties as commercial and industrial properties require streets and roads, public facilities, setbacks, easements, etc. which deduct from actual buildable lot sizes. Meaning, net acreage is less than actual gross acreage needed to meet identified demand.

This decision is not anticipated to have any direct financial impact, beyond staff time for conducting the hearings and publication notification requirements as outlined in the WDO and required by Oregon Revised Statute/Oregon Administrative Rules.

Agenda Item

March 25, 2024

TO: Honorable Mayor and City Council
FROM: Scott C. Derickson, City Administrator
SUBJECT: **Transient Occupancy Tax Grant Distribution and Proposed Five-Year Agreement with the Woodburn Area Chamber of Commerce**

RECOMMENDATION:

Authorize the renewal of a proposed five-year agreement, effective July 1, 2024, through June 30, 2029, (see Exhibit A) with the Woodburn Area Chamber of Commerce.

BACKGROUND:

The City of Woodburn has had a continuous Transient Occupancy Tax TOT/Tourism partnership with the Woodburn Area Chamber of Commerce dating back to 2001. Over those years, the tourism program has evolved into its current format administered under the City's Economic Development Department, which includes a multi-year scope of work and funding agreement with the Chamber.

Oregon state law imposes some legal restrictions on the expenditure of a City's TOT funds. Primarily, pursuant to the state statute, the City may not decrease the percentage of its TOT that is actually expended to fund tourism promotion or tourism-related facilities. The proposed agreement with the Chamber of Commerce is in compliance with this requirement of the law.

Ordinance 2057 specifies how TOT funds are to be used:

Section 23. Disposition of Tax Funds. All revenue received from the Transient Occupancy Tax shall be accounted for by a separate revenue line item contained in the General Fund. Sixty-six and two-thirds percent (66 2/3%) of all revenues received from the transient occupancy tax shall be used at the Council's discretion. Thirty-three and one-third percent

Honorable Mayor and City Council

March 25, 2024

Page 2

(33 1/3%) of all revenues received from the Transient Occupancy Tax shall be dedicated to uses that promote and support tourism and economic development activities. Of the monies set aside for tourism and economic development the Council may, at its discretion, expend some or all of those monies on activities conducted by the City or other agencies that advance the Council's tourism and economic development goals. Monies distributed to agencies and organizations other than the City shall be dispersed pursuant to a tourism and economic development grant program. Policies and procedures governing that program shall be established by City Council resolution.

DISCUSSION:

The City and Chamber entered into a similar tourism-promotion related agreement with a term ending on June 30, 2024, and now desire to supersede and replace that contract with this current Agreement, which is for an additional five years. This Agreement is being presented now so that both the City and Chamber of Commerce have funding commitments for the purposes of annual budget preparation.

The included scope of work in the proposed renewal reflects an extension of our ongoing partnership with the Chamber and projects currently underway. Councilors will also note that it is being recommended that the overall compensation to the Chamber increase from \$65,000 per year to \$100,000 per year for the term of the agreement. The increase is in recognition that there is a greater partnership with the Chamber and the addition of the Business resource Center, operated by the Chamber of Commerce.

The agreement also contains the following highlights:

In Fiscal Years 2024-29 the Chamber will:

- Work with the City to provide staff support to the City led tourism efforts including participation on the North Marion Tourism Collaborative.
- Along with the City staff, participate in- and provide support on the development and implementation of tourism related programs, activities, events, and marketing strategies.
- Collaborate with City staff on tourism strategic planning and setting tourism oriented goals and objectives.

- Provide support and content to City staff for the ongoing maintenance and updates to the *Travel Woodburn* tourism website, kiosk, and other digital platforms.
- Conduct ongoing outreach to tourism assets and partners providing information and updates on Woodburn area events, activities, programs, and/or items of interest.
- Work with the City on updating, maintaining, and distributing Woodburn branded tourism and marketing materials.
- Display area tourism information and link to the *Travel Woodburn* website on the Chamber's webpage and post upcoming tourism related events and activities in the Chamber's weekly newsletter.
- The Chamber will operate and maintain a Business Resource Center.

Currently, the proposed FY 2024-25 Budget projects \$500,000 in total TOT revenues with the \$100,000 being allocated to the dedicated purposes of compensating the Chamber of Commerce. From a budgetary standpoint, Woodburn began allocating and tracking TOT grants in FY 2008-09 with the creation of a TOT General Fund revenue/expenditure line item (GF Acct/199 Non-departmental).

FINANCIAL IMPACT:

Based on Ordinance 2057 disbursement allocations, the City shall provide to the Chamber an amount not to exceed \$500,000 of TOT funding under contract period.

Renewal of the agreement will require the City to budget at least an amount not to exceed \$500,000 in TOT tourism funding over the next five fiscal years, contingent upon the actual TOT revenue generated.

The remaining portion of TOT funding is placed in the General Fund where it supports General Fund services and programs, including public safety, economic development, City-sponsored special events, etc.

**Agreement for Services Between
City of Woodburn and Woodburn Area Chamber of Commerce**

This Agreement is made and entered into by and between the City of Woodburn, an Oregon municipal corporation (hereinafter the "City"), and the Woodburn Area Chamber of Commerce, an Oregon non-profit corporation, 270 Montgomery Street, Woodburn, Oregon, (hereinafter the "Chamber"), for tourism promotion activities, as described in this Agreement.

WITNESSETH:

WHEREAS, Ordinance 2057, the Transient Occupancy Tax Ordinance, imposes a Local Transient Occupancy Tax ("TOT") consistent with the provisions of Oregon state law; and

WHEREAS, the City Council may in its discretion, consistent with Oregon state law and Ordinance 2057, distribute Tourism and Economic Development Funds to qualified community organizations over a multiple year period; and

WHEREAS, the Chamber is a qualified community organization capable of partnering with the City in performing tourism and economic development efforts; and

WHEREAS, the City Council has identified tourism and economic development as a high priority and community goal; and

WHEREAS, the parties previously entered into a similar tourism-promotion related agreement with a term of July 1, 2021, through June 30, 2024, and now desire to supersede and replace that contract with this current Agreement; and

WHEREAS, the parties understand and agree that all funds paid to the Chamber under this Agreement shall be as compensation for the Chamber's efforts in assisting the City per Section 5 of this Agreement; and

NOW, THEREFORE, in consideration of the terms, conditions, compensation and performances contained herein, the parties hereto do mutually agree as follows:

Section 1. Term. This Agreement will be for a period of five (5) fiscal years, commencing on July 1, 2024 through June 30, 2029. This Agreement will supersede and replace any prior agreements between the parties.

Section 2. Termination. This Agreement may be terminated at any time by mutual, written consent of the parties or for convenience by either party upon written notice to the other party ninety (90) calendar days prior to the termination.

Section 3. Effect of Termination. If termination of this Agreement occurs for any reason, including expiration of the Agreement, the City shall not be liable for any compensation to the Chamber for work performed beyond the cancellation date. Should this Agreement be terminated, the Chamber will refund to the City, on a pro-rated monthly basis any portion of the annual funding amount under Section 4 of this Agreement that is after the cancellation date.

Section 4. City Funding. The City shall provide to the Chamber an amount of TOT funding under this Agreement as provided herein:

- A. The City will provide Chamber with \$100,000 in 2024-25 fiscal year; \$100,000 in 2025-26 fiscal year; \$100,000 in 2026-27 fiscal year; 100,000 in fiscal year 2027-28; and \$100,000 in fiscal year 2028-29.
- B. Should the City's annual tourism-related TOT revenue experience a decrease, the City maintains the right to unilaterally adjust the annual payment to the Chamber as deemed appropriate by the City Council.

Section 5. Responsibilities of Chamber. As circumstances may require, the Chamber's responsibilities may be modified by the City Administrator upon written agreement with the Chamber. In addition to making an annual tourism update to the City Council, the Chamber agrees to the following:

- (1) Work with the City to provide staff support to the City led tourism efforts including participation on the North Marion Tourism Collaborative.
- (2) Along with the City staff, participate in- and provide support on the development and implementation of tourism related programs, activities, events, and marketing strategies.
- (3) Collaborate with City staff on tourism strategic planning and setting tourism oriented goals and objectives.
- (4) Provide support and content to City staff for the ongoing maintenance and updates to the *Travel Woodburn* tourism website, kiosk, and other digital platforms.
- (5) Conduct ongoing outreach to tourism assets and partners providing information and updates on Woodburn area events, activities, programs, and/or items of interest.
- (6) Work with the City on updating, maintaining, and distributing Woodburn branded tourism and marketing materials.

(7) Display area tourism information and link to the Travel Woodburn website on the Chamber's webpage and post upcoming tourism related events and activities in the Chamber's weekly newsletter.

(8) Maintain and operate a Business Resource Center.

Section 6. Documents and Reports. The Chamber shall maintain books, records, documents, and other materials that sufficiently and properly reflect all expenditures made pursuant to this Agreement. The City shall have full access and the right to examine and copy, during normal business hours, all of the records of the Chamber with respect to matters covered in this Agreement. Such rights shall last for six (6) years from the date of disbursement is made hereunder.

TO: Honorable Mayor and City Council through City Administrator

FROM: Jamie Johnk, Economic Development Director

SUBJECT: **Approve Grant Contract with Business Oregon for Rural Opportunity Initiative Funding**

RECOMMENDATION:

Approve the Contract with Business Oregon for the Rural Opportunity Initiative (ROI) grant award of \$90,000 and authorize the City Administrator to sign.

BACKGROUND/DISCUSSION:

In October 2023, the City of Woodburn Economic Development staff submitted a funding request to Business Oregon through their ROI program for the purpose of continuing to serve North Marion small businesses applying to participate in the program. The scope of the project outlined in the funding request includes conducting an in-depth assessment of business needs and identify specific resources and services for each business assessed in an effort to eliminate barriers and inequities in obtaining funding, resource, and assistance. Once the consultation and assessments are complete, the consultant will prepare a report identifying areas where the business is in need of assistance and recommendations for resources and services. Findings will be reviewed with the participating business and North Marion Business Services Alliance (Alliance) Task Force, after which the business will be connected with resource providers that can address their specific needs. For instance, businesses in need of funding for improvements, expansions, equipment, or capital will be directly connected with agencies and/or organizations that provide funding. If the report recommends a service or resource that would require a financial investment, ROI funds could be utilized to offset those costs or fill the "gap" for services. Another example would be if the business would benefit from QuickBooks or bookkeeping training, ROI funds would be used to offset the cost for said training through Chemeketa Community College or another training source. If a business is in need of improving its social media presence (i.e., Google, website, etc.) ROI funds would be available to assist with the cost of hiring a consultant to complete Google or social media, trainings, or website development. ROI funds would not be provided directly to the business, covering the costs for training, classes, workshops, or consultant fees will ensure economic equity and will allow small businesses to grow and prosper.

In addition to business assessments, the funding will also include improvements to our existing website (North Marion Works) providing broader category searches, host larger resource and data files, as well as provide Spanish translation services without the need of hosting a secondary site.

ROI funding would also support the bi-annual Business Resource Fairs. These Resource Fairs provide an opportunity for businesses, entrepreneurs, and students in the Chemeketa business programs to meet face-to-face with service providers. The City of Woodburn and Alliance have hosted three Resource Fairs (February 2023, October 2023, and February 2024). The next scheduled Fair will be held in October 2024. Resource Fairs are held at the Woodburn and Brooks Chemeketa Community College Campuses and have been very successful to date.

Services providers attending the Resource Fairs have included organizations and agencies including (but limited to) Business Oregon, Secretary of State, WorkSource Oregon, Chambers of Commerce, Willamette Workforce Partnership, DevNW, Department of Human Services, Mid-Willamette Valley Council of Governments, Chemeketa Community College, Landscaping Contractors Board, Construction and Landscape Contractors Board, OMEP, SBDC, PGE, as well as the cities of North Marion County.

Woodburn Economic Development staff serves as the project manager and submits the required reports to Business Oregon. The City of Woodburn will also serve as the fiscal agent for the ROI funds.

DISCUSSION:

In December 2023, the city received notice from Business Oregon that we were awarded \$90,000 of ROI funds to complete the scope of the project identified in the application. The project will run for approximately 18 months and conclude on June 30, 2025.

Terms and Conditions of the award are outlined in the attached Grant Contract.

FINANCIAL IMPACT:

The Business Oregon ROI grant award is in the amount of \$90,000. There are sufficient funds allocated in the Economic Development budget that a supplemental would not be required.

SECTION 7 - MISCELLANEOUS

- A. No Implied Waiver. The failure of OBDD to exercise, or any delay by OBDD in exercising, any right, power or privilege under this Contract shall not operate as a waiver thereof, nor shall any single or partial exercise of any right, power, or privilege under this Contract preclude any other or further exercise thereof or the exercise of any other such right, power, or privilege. Any waiver or consent, if made, will be effective only if in writing signed by the party against whom such waiver or consent is sought to be enforced and is effective only in the specific instance and for the specific purpose given.
- B. Choice of Law; Designation of Forum; Federal Forum.
- (1) The laws of the State of Oregon (without giving effect to its conflicts of law principles) govern all matters arising out of or relating to this Contract, including, without limitation, its validity, interpretation, construction, performance, and enforcement.
- (2) Any party bringing a legal action or proceeding against any other party arising out of or relating to this Contract shall bring the legal action or proceeding in the Circuit Court of the State of Oregon for Marion County (unless Oregon law requires that it be brought and conducted in another county). Each party hereby consents to the exclusive jurisdiction of such court, waives any objection to venue, and waives any claim that such forum is an inconvenient forum.
- (3) Notwithstanding Section 7.B(2), if a claim must be brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for the District of Oregon. This Section applies to a claim brought against the State of Oregon only to the extent Congress has appropriately abrogated the State of Oregon's sovereign immunity and is not consent by the State of Oregon to be sued in federal court. This Section is also not a waiver by the State of Oregon of any form of defense or immunity, including but not limited to

sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

- C. Notices and Communication. Except as otherwise expressly provided in this Contract, any communication between the parties or notices required or permitted must be given in writing by personal delivery, email, or by mailing the same, postage prepaid, to Recipient or OBDD at the addresses set forth below, or to such other persons or addresses that either party may subsequently indicate pursuant to this Section.

Any communication or notice so addressed and mailed will be deemed to be received and effective five (5) days after mailing. Any communication or notice given by email becomes effective 1) upon the sender's receipt of confirmation generated by the recipient's email system that the notice has been received by the recipient's email system or 2) the recipient's confirmation of receipt, whichever is earlier. Notwithstanding this provision, the following notices may not be given by email: notice of default or notice of termination.

If to Recipient: Economic Development Director

- D. Amendments. This Contract may not be altered, modified, supplemented, or amended in any manner except by written instrument signed by both parties.

- E. Successors and Assigns; No Third Party Beneficiary. This Contract shall be binding upon and inure to the benefit of OBDD, Recipient, and their respective successors and assigns, except that Recipient may not assign or transfer its rights or obligations hereunder or any interest herein without the prior consent in writing of OBDD. OBDD and Recipient are the only parties to this Contract and are the only parties entitled to enforce the terms of this Contract. Nothing in this Contract gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly or otherwise, to third persons, unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Contract.

- F. Entire Agreement. This Contract, including any exhibits, schedules and attachments, which are by this reference incorporated herein, constitutes the entire agreement between the parties on the subject matter hereof. There are no other understandings, agreements or representations, oral or written, regarding this Contract.

G. Contributory Liability and Contractor Indemnification.

- (1) If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against a party (the "Notified Party") with respect to which the other party may have liability, the Notified Party must promptly notify the other party in writing and deliver a copy of the claim, process, and all legal pleadings related to the Third Party Claim. Either party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. The foregoing provisions are conditions precedent for either party's liability to the other in regard to the Third Party Claim.

If the parties are jointly liable (or would be if joined in the Third Party Claim), the parties shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable in such proportion as is appropriate to reflect their respective relative fault. The relative fault of the parties shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. Each party's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if that party had sole liability in the proceeding. This Section shall survive termination of this Contract.

- (2) Recipient shall take all reasonable steps to require its contractor(s) that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the State of Oregon and its officers, employees and agents ("Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including attorneys' fees) arising from a tort (as now or hereafter defined in ORS 30.260) caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Recipient's contractor or any of the officers, agents, employees or subcontractors of the contractor ("Claims"). It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by the contractor from and against any and all Claims. This Section shall survive termination of this Contract.
- H. Survival. All provisions of this Contract intended by their terms to survive termination and the following sections shall survive termination of this Contract: Section 3.C, Section 5.F, Section 6.D, Section 7.G, this Section 7.H and Section 7.K.
- I. Severability. If any term or provision of this Contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if this Contract did not contain the particular term or provision held to be invalid.
- J. Relationship of Parties. The parties agree and acknowledge that their relationship is that of independent contracting parties and neither party hereto shall be deemed an agent, partner, joint venturer or related entity of the other by reason of this Contract.
- K. Attorney Fees and Other Expenses. To the extent permitted by the Oregon Constitution and the Oregon Tort Claims Act, the prevailing party in any dispute arising from this Contract will be entitled to recover from the other its reasonable attorney fees and costs and expenses at trial, in a bankruptcy, receivership or similar proceeding, and on appeal. Reasonable attorney fees shall not exceed the rate charged to OBDD by its attorneys.
- L. Counterparts. This Contract may be executed in more than one counterpart, which, when taken together, will constitute one and the same instrument, and either party may execute this Contract by signing any such counterpart.
- M. Disadvantaged Business Enterprises. ORS 200.090 requires all public agencies to "aggressively pursue a policy of providing opportunities for disadvantaged business enterprises, minority-owned businesses, woman-owned businesses, businesses that service-disabled veterans owned and emerging small businesses...." OBDD encourages Recipient, in its contracting activities, to follow good faith efforts described in ORS 200.045, available at https://www.oregonlegislature.gov/bills_laws/ors/ors200.html. The Governor's Policy Advisor for Economic and Business Equity provides additional resources and the Certification Office for Business Inclusion and Diversity at the Oregon Business Development Department maintains a list

Project overview:

Recipient and the North Marion Business Service Alliance (“Alliance”), a consortium of nine local municipal jurisdictions and other public and private service organizations, will address inequities identified in Recipient’ previous ROI project by providing more in-depth resources to local businesses, many of them multi-lingual, while enhancing access to resources through improved communications channels and collaboration. This effort will establish a program and contract with a small business consultant to conduct detailed assessments of up to 45 local businesses, prepare a report identifying opportunities for growth, and provide recommendations for resources and services from the Alliance, including potential funding for things like QuickBooks training or a website upgrade. Combined with an upgraded and bilingual resource website, ongoing events and business fairs, the Alliance is focused on eliminating barriers and minimizing inequities.

Recipient shall complete the following project-specific goals and metrics:

Goal 1 – Provide Business Assessments: recruit and hire a consultant to conduct business assessments; market program to eligible businesses; conduct assessments for up to 45 businesses; compile a report of findings; connect businesses to additional resources (QuickBooks trainings, fee-based classes, etc.).

- Metrics – consultant hired; number of businesses reached by promotional activities; number of business assessments completed; finalized report of findings; additional resources provided to businesses; number of new businesses and jobs created; participant impact and satisfaction surveys.

Goal 2 – Provide Business Consultations and Trainings: develop workshops and trainings based on assessment findings; engage with partners to promote and host workshops and trainings.

- Metrics – number of workshops and trainings provided; number of partners engaged; number of businesses attending; number of new businesses and jobs created; participant impact and results of satisfaction surveys.

Goal 3 – Website Upgrades to Improve Functionality: evaluate current website capabilities and explore adding bilingual features; make improvements to website functionality; market website to North Marion County businesses.

- Metrics – website usage and page views; number of languages used on website; number of businesses receiving website marketing information.

Goal 4 – Host Business Resource Fairs and Events: plan and host bi-annual Business Resource Fairs; host quarterly business breakout sessions, market resource fairs and breakout sessions.

- Metrics – number of resource fairs and breakout sessions; number of businesses attending; number of resource providers participating; business satisfaction survey results.
