## FY 2011/12 BUDGET MESSAGE

## Budget Committee Members:

Presented for your review is the Recommended Budget for fiscal year (FY) 2011/12. It is a balanced budget and maintains current levels of services given the available resources.

## - Total Budget

Overall, the total Proposed FY 2011/12 Budget reflects a $9.6 \%$ decrease in overall spending from the current year 2011 Budget. The decrease can be attributed to the completion of significant capital projects, such as the Young Street Overlay Project, completion of the Water Line Extension Project, the Water Disinfection Project and the depletion of the Wastewater Construction Fund. It is also reflective of the overall uncertain economic climate and a more conservative approach with City resources.

A total budget, all funds of $\$ 49,199,466$ is recommended for FY 2011/12. Major decreases are in the Street/Storm Capital Improvement ( $\$ 562,185$ ), Transportation Impact Fee ( $\$ 519,614$ ), Water System Construction ( $\$ 4,324,485$ ), Parks System Development ( $\$ 564,729$ ), and Information Services ( $\$ 325,924$ ). Two large projects continuing in FY 2011/12 are the Fifth Street Improvement Project and Phase II of the Compliance Upgrade Design \& Construction $(\$ 3,262,715)$.

In FY 2011/12, fund balances are budgeted to decrease $\$ 3,195,998$ (15.3\%) to $\$ 17,727,093$. The decrease in FY 2011/12 is the result of continued capital projects scheduled for the upcoming fiscal year, combined with a significant drop in interest earnings (prior rates have been approximately $3.0 \%$ while in FY 2010/11 those rates have remained well below 1.0\%).

## - General Fund

Most City operations are budgeted in the General fund. A General fund budget of $\$ 13,430,545$ is recommended for FY 201/12. This is a $\$ 550,751(4.3 \%)$ increase from FY 2010/11. The increase is due to the $\$ 151,000$ and $\$ 235,000$ previously recorded in the Transit and Revenue Sharing funds, respectively. These revenues are now being recorded in the General fund and shown as transfers to the Transit and Revenue Sharing funds for accounting purposes. When these amounts are removed from the increase the actual increase over the prior year is $\$ 164,751$ (1.3\%).

Significantly, the General Fund budget has been balanced without resorting to lay-offs as nearly every other jurisdiction in the area is facing. This is important to the City's recovery when the economy rebounds. At that time, employers will be hiring. Governments will be competing for talent, not just with other public sector employers, but with the private sector as well. Those employers that have kept their work forces intact will be positioned to take full advantage of the recovering economy. It is vitally important to preserve the City's human capital.

The General Fund Budget includes a Reserve for PERS $(\$ 95,000)$, a reserve for buildings ( $\$ 187,000$ ), Contingency of $\$ 1,072,649$, and Unreserved Balance of $\$ 185,000$. A Reserve PERS Fund was established in each operating fund, when PERS was eliminating its unfunded liability by increasing charges to employers - the reserves are continued to be maintained for the unanticipated rate increases. The reserve for buildings was
established with proceeds from the sale of city property and will help finance future construction of a new community center.

Budget policy requires a contingency and reserves of ten (10) percent of the operating budget, and the Recommended Budget sets contingency and reserves at that level. This budget also provides $\$ 185,000$ in Unreserved Fund Balance, which is intended as a hedge against the budgetary impacts if the economic downturn continues.

The General fund is supported by $\$ 11,002,691$ in estimated revenues, and $\$ 2,427,854$ in Working Capital Carryover. The increase in estimated revenues over the prior year is due to modest increases in property tax revenues and the continued allocation of administration overhead.

The proposed FY 2011/12 Budget includes a 3\% COLA for non-represented and management employees as well as funding the $6 \%$ PERS pick-up per the AFSCME contract.

## - Revenues

The Property tax estimate for FY 2011/12 is increased $\$ 295,000$ over FY 2010/11 projected revenue. Property taxes can grow in two ways: (1) increase in value of existing property and/or (2) the permanent tax rate applied to new construction. Increases in the value of existing property are limited by statute to $3.0 \%$ per year. Marion County provided an estimate of $2.5 \%$ to be used in calculating property tax revenue - at this rate property tax revenue would be estimated at $\$ 7,534,775$ ( $\$ 7.351$ million x $102.5 \%$ ) but the estimated revenue is proposed at $\$ 7,495,000$ (a more conservative estimate at $1.9 \%$ ) to allow for increase delinquencies due to the current economic conditions, decrease in housing values and slow down in new building. It should be noted the $\$ 151,000$ budgeted directly in prior years in the Transit Fund are now being recorded in the General Fund with a transfer occurring - to more accurately reflect the nature of the revenue.

Franchise fees for FY 2011/12 are decreased by $\$ 21,000$ (1.9\%) and include payments from Portland General Electric (PGE), Northwest Natural Gas, Qwest, Datavision, Wave Broadband, United Disposal, and Woodburn Ambulance for use of the City's rights-of-way. The decrease overall is mainly from the changes in customer usages of utilities (i.e. natural gas) and cable - which has a direct impact of the amount of franchise fees the city receives.

## - Expenses

Personnel expenses represent the majority of General Fund costs. Of the recommended General Fund operating budgets for FY 2011/12, Personnel accounts for $57.0 \%$ of total expenses. General Fund Personnel costs for FY 2011/12 total \$7,815,873.

Total supplies and services in the General Fund FY 2011/12 increase $12.2 \%$ over the current fiscal year and total $\$ 3,635,400$. Consistent with budget policy, departments could not increase bottom line appropriations in these areas of their budgets; monies could be moved between accounts to address anticipated costs, but could not exceed the prior year's appropriations. Exceptions were for internal service charges: building maintenance, information services, insurance (workers compensation insurance increased $43 \%$ over the current fiscal year), and utilities. Increases in these charges are outside the consuming departments' control, but where possible kept to a minimum where charges are within a providing department's control as well as those expenditures that had a direct offsetting revenue source as provided for by grants, etc.

The single largest General Fund reduction has occurred in the operation of the Aquatic Center. Operating under a new business model, the Aquatic Center Budget has been reduced by $\$ 167,450$. When adding in
anticipated increases in revenue, the overall Aquatic Center related General Fund savings are $\$ 229,000$. The single largest General Fund departmental increase will occur in the Police Department, which is up 6\%. This increase is mostly related to increased benefit costs.

## - Other Notable Topics

The City's Building Fund has seen a dramatic decrease in activity and is currently staffed by 1.3 FTE. Due to ongoing changes in FY 2009/10 and the current fiscal year the fund has been sustainable and is beginning to see modest increases in activity, which accounts for the $20.8 \%$ increase in proposed revenues for FY 2011/12. Staff continues to work hard to ensure adequate levels of service.

The Weed \& Seed Fund grant will expire in November 2011 and no alternative sources of revenue are readily available nor does it appear that the grant will be 'renewed' at the federal level. If no funding is made available the program will cease in November 2011.

The General CIP Fund budget includes amounts for the pool plaster project as well as the Wyfels Park playground equipment project.

The Street Fund budget increases $\$ 269,770(23.7 \%)$ over the current fiscal year. This is due to the following: an increase in the state's gas tax rate that will net the City an estimated additional gas tax revenue of $\$ 70,000$ and the recording of stated shared revenues in this fund to pay for street lighting (see funds consolidation discussion).

The Street/Storm CIP Fund's is proposed at $\$ 705,800$ for FY 2011/12, a $44.3 \%$ decrease from the current fiscal year. Minor projects for sidewalk and storm drain projects are planned for the FY 2011/12.

The Parks SDC Fund decreases $61.5 \%$ from the current fiscal year with a proposed budget $\$ 353,000$. This is due to the completion of the Centennial Park and Greenway projects.

The Street SDC Fund (formerly known as the Transportation Impact Fee Fund) decreases 7.9\% over the current fiscal year. The continued economic slow-down has had a direct impact on the fund's ability to generate revenue and the City's ability to carry out needed street projects.

The Water Fund is budgeted for $\$ 2,545,725$ in $\mathrm{FY} 2011 / 12$, which is a $5.8 \%$ increase. It should be noted that as part of the chlorination project completion additional licensed staffing is required to maintain compliance with federal and state regulations - in November 2010 a supplemental budget was approved by the City Council to allow for the additional FTE (approximately $\$ 80 \mathrm{k}$ total cost for the additional FTE) to be hired by Public Works. The proposed budget continues that policy and includes the additional staffing needed to properly carry out the chlorination functions within the water program. The shift in these resources will have an impact on the City's ability to reserve available dollars for future projects and system upgrade and expansion.

The Water Construction Fund is budgeted for $\$ 4,390,783$ in FY 2011/12, a $49.3 \%$ decrease from the current fiscal year. This is due to the completion of significant projects in the current fiscal year - the chlorination project and the Mill Creek North Loop project. The proposed FY 2011/12 budget includes a $\$ 1.17$ million reserve - which provides for $\$ 754 \mathrm{k}$ in required debt service reserves. See comments above.

The Water SDC Fund budget is $\$ 386,200$, which is a $23.0 \%$ decrease from the current fiscal year. This is a direct result of the continued slow-down in local (as well as national) development. This is expected to continue in FY 2011/12.

The Sewer Fund budget for 2011/12 is $\$ 3,437,348$ which is a $7.7 \%$ increase over the prior year.
The Wastewater Treatment Plant Construction Fund increases $19.2 \%$ over the current fiscal year to a proposed $\$ 6,831,721$ for fiscal year 2011/12. This is a continuation of the Compliance Upgrade Design and Construction project.

The Storm/Surface Water Fund continue the City's goal to implement a full storm water utility program and serves to meet the City's obligations for surface water environmental impacts and compliance. The proposed FY 2011/2012 budget is $\$ 337,915$ and is a transfer from the Sewer Fund. $\$ 1,515,307$ is budgeted in the Technical and Environmental Fund, a decrease of $\$ 57,743$ (3.7\%) from the current fiscal year.

## - Funds Consolidation Plan

In an effort to improve accounting efficiencies the Finance Department is proposing to consolidate seven (7) funds into other 'like' funds. Those six funds are noted below and are no longer being utilized, have minimal activity and/or are redundant to the fund structure.

The funds being proposed for consolidation are as follows:
General Reserve - The balance is being transferred to General Capital Improvement Fund to be reserved for future capital needs.

State Revenue Sharing - This fund is being consolidated into the Street Fund and the Local Gas Tax Fund. Historically, state shared revenues have been recorded in the State Revenue Sharing fund those revenues will now be recorded in the General Fund and transferred to the Street Fund to pay for local street lighting. The remaining State Revenue Sharing Fund revenues will be transferred to the Local Gas Tax Fund to be used for local street projects.

Bancroft Bond Redemption - The remaining balance of $\$ 6,500$ will be transferred to the Housing Rehabilitation Fund and will be held in reserve for any future redemption.

Economic Development - Debt service for the HWI intersection improvements are carried here and the remaining balance will be transferred to the Street SDC fund.

Public Works Facility Construction - Balance is being transferred to the Technical and Environmental Services Fund and will be used to pay for leases of Public Works storage and right-of-way leases to the railroad.

Sewer Capital Improvement - The remaining balance after the debt is retired in FY 2011/12 will be transferred to the Sewer Fund.

Central Stores - The balance carried forward will be transferred to the General Fund and utilized to provide for the City Hall copier lease and paper supplies.

## - Conclusion

The recommended budget for FY 2011/12 continues to allocate limited resources in a manner that supports the strategic direction of the Mayor and City Council. It determines the level of City services provided to
residents and supports programs to meet the needs of the community. This budget also includes the six-year Capital Improvement Plan that directs the delivery of construction projects in each area of the City's capital needs (historically, the Capital Improvement Plan is presented to the Budget Committee during the budget process). The programs recommended in this budget support a coordinated effort to improve the safety, appearance, economic well-being, and livability of the community.

For all of these reasons your approval of this budget is recommended.

I appreciate the time each of you has contributed to the budget process, in studying the volumes of material you are provided and in donating time to attend workshop sessions. City staff values your input at these sessions, and your help in guiding the City in a positive direction, and on their behalf I say thank you. I would also like to thank the department heads and city staff, again, for adhering to the budget guidance, for working together for the good of the organization, and for the able management of their budgets during the fiscal year. And, lastly, thanks to my staff, Finance Director and his staff, for all their assistance in producing and compiling the budget.

Sincerely,

Scott Derickson
City Administrator

## Reader's Guide

The budget document serves two distinct purposes. The first is to present the City Council and the public with a clear picture of the services the City provides and the policy alternatives that are available. The second is to provide City management with a financial and operating plan that conforms to the City's accounting system.

The introduction provides an overview of the key issues, policy issues and programs in the budget and the major areas of emphasis for the City in 2011-12. It also includes budget summaries that present the overview of the budget as an operating and financial plan.

Budget Message. The Budget Message summarizes key features and issues shaping the 2011-12 Budget.
Reader's Guide. The purpose of the Reader's Guide is to outline how the budget document is presented, and to define key elements for the reader.

Summary Information. The Summary Information section begins with the Budget Policies adopted by the Budget Committee to guide 2011-12 budget development and provides a functional organization chart for the City. Following the organization chart is a brief profile of the City of Woodburn, which describes the context in which our municipal government operates. Following the profile is: summary schedules for revenues and expenditures, property taxes and budgeted departmental staffing levels.

Adopted Budgets. The budgets are presented in service level categories: General, Special, Utility and Miscellaneous services. Each service category contains various departments/divisions presented with a narrative describing the department's/division's function and the adopted 2011-12 budget as well as prior years' budget and actual information.

## General Services

- General Fund - This fund accounts for all general operating revenues and expenditures of the City. The fund is comprised of 14 departments responsible for providing planning, recreation, community, legislative and public safety services to the public. In addition, four of the departments (City Attorney, Finance, Human Resources and Administration) serve as internal service functions providing accounting, employee and legal services to the various departments/divisions of the city.
- General Operating Reserve - This fund accounts for reserves set aside for future needs. As part of the funds consolidation proposal - this fund is being collapsed into the city's General Fund Construction Fund.
- General Fund CIP - Fund accounts for capital improvement projects for general services facilities.

## Special Services

- Transit - This fund accounts for the City's transit program. The primary revenue sources are a transfer from the General Fund as well as Federal and State transit grants. Expenditures include personnel, bus maintenance and operating cost and capital outlay for busses as the busses need replacement.
- Building - This fund accounts for building permit revenues and the activities of the City's building permit program. The fund was established as a legislative requirement mandating that building permit revenues not be used for any purpose other than building permit programs.
- Search \& Seizure - Fund accounts for City's share of federal proceeds from drug seizures to be used for drug enforcement and investigation.
- Weed \& Seed - This fund accounts for the juvenile gang prevention grant. Primary revenue is a federal grant through the Justice Department. The program uses the grant to fund community programs for gang prevention.
- State Revenue Sharing - Fund accounts for state shared revenues and capital outlay for various street improvement projects and street lighting. As part of the funds consolidation proposal, this fund is being collapsed into the City's Local Gas and Street Funds.
- Housing Rehabilitation - This fund accounts for Community Development Block Grants for low income housing rehabilitation and small business loan programs.
- Retired and Senior Volunteer Program (RSVP) - This fund accounts for the City's grant and 30\% local match to fund its senior volunteer program.
- Cable Franchise - A portion of the cable franchise fees are transferred to this fund and distributed to Woodburn Cable Access Television as required by the franchise agreement to support local community access programming.
- Bonded Debt - This fund accounts for the principal and interest payments on the general obligation debt for the police building and aquatics center.
- Bancroft Bond - Reserve held for Bancroft Bonds. As part of the funds consolidation proposal - this fund is being collapsed into the Housing Rehabilitation Fund.
- Special Assessments - This fund accounts for the City's Local Improvement Districts. (LIDS)
- Economic development - This fund accounts for the principal and interest payments for the Special Public Works loan for the Waremart intersection improvements.
- Streets - This fund accounts for the State of Oregon highway apportionment (gas tax). As required by statute the proceeds are used "exclusively for the construction, reconstruction, improvement, repair, maintenance, operation and use of public highways, roads, streets and roadside rest areas in this state."
- City Gas Tax - Fund accounts for the proceeds from the City's gas tax used for street resurfacing projects.
- Transportation Impact Fee (TIF) - This fund accounts for Street SDCs. The primary use of the proceeds is for street system improvements.
- Street/Storm Capital Improvement - Fund accounts for capital improvements to the Street and Stormwater systems - primary revenues are from PGE and NW Natural Gas privilege taxes.
- Parks SDC - Fund accounts for payments received from new development to fund improvements that increase capacity of the City's parks system.

## $\underline{\text { Utilities Services }}$

- Water - This fund accounts for the operations of the water treatment and distributions systems. Water sales and associated fees are the major revenue sources.
- Water Well/Distribution Construction - Fund was established to accumulate resources for major repairs, extensions, alterations or other capital improvements to the water system. Revenue is received through user fees and loan proceeds (as the need arises).
- Water SDC - This fund accounts for system development charges received from new development to fund improvements that increase capacity of the City's water treatment and distributions systems. Uses of the funds are restricted by City ordinance and state statute.
- Sewer - This fund accounts for operations of the wastewater collection and treatment system. User charges are the main revenue source.
- Sewer Capital Improvement - Fund accounts for the loan proceeds for the sewer pump project and the resulting debt payments. The remaining balance after the debt is retired in FY 2011/12 will be transferred to the Sewer Fund
- Waste Water Treatment Plant Construction - Fund accounts for loan proceeds used for construction and improvements to the City's waste water treatment plant.
- Sewer SDC - This fund accounts for system development charges received from new development to fund improvements that increase capacity of the City's waste water treatment and collections systems. Uses of the funds are restricted by City ordinance and state statute.
- Surface Water/Collections - Fund was established fiscal year 2009-10 to provide a City stormwater program and operations. The main source of revenue is a transfer from the waste water fund.
- Stormwater SDC - This fund accounts for system development charges received from new development to fund improvements that increase capacity of the City's stormwater collection system. Uses of the funds are restricted by ordinance and state statute.

## Miscellaneous Services

- Information Services (IS) - Fund accounts for City's network maintenance and services. In addition, the IS department contracts with local agencies and smaller governments to provide network and information services. The primary source of revenue is operating transfers from other city departments that use network and information services.
- Central Stores - Fund accounts for the central purchase of high volume supplies (such as paper, toner, etc.). Primary source of revenue is the cost reimbursement to the fund for these purchases. As a part of the Fund Consolidation Plan, this fund's balance will be transferred to the General Fund to provide City Hall continued copier lease payments and paper supplies.
- Insurance - This fund accounts for the City's general liability and workers' compensation insurance premiums and serves as the risk management function for the city. The primary source of revenue is operating from other funds for insurance premiums costs.
- Technical and Environmental Services - This fund accounts for the engineering, public fleet and administrative services of the public works funds. The primary source of revenue is operating transfers from the public works funds for those services.
- Building Maintenance - This fund accounts for operation, maintenance and repair of city owned facilities. The primary source of revenue consists of charges to operating departments based on the relative square footage of occupancy.
- Police Construction - This fund accounts for the proceeds from the general obligation bonds issued and to be used for the construction of the new police building. The remaining funds are being used to 'wrap up' remaining items to be completed; upon completion, the fund will be closed.
- Public Works Facility Construction - Fund is used to account for lease payments to Union Pacific Railroad for public works storage. The balance is being transferred to the Technical and Environmental Services Fund as a part of the Fund Consolidation Plan
- Equipment Replacement - Fund accounts for transfers from various funds to be reserved for vehicle and equipment replacement.
- Library Endowment - Fund accounts for proceeds donated to the Woodburn Public Library for building maintenance.
- Museum Endowment - This fund accounts for proceeds held in trust by the City and ongoing donations received for future improvements for the World's Berry Center Museum.

Capital Improvement Program. The capital improvements Program is a financial planning, budgeting, and management tool that identifies public facility and equipment requirements, places these requirements in order of priority, and schedules them for funding and implementation. The CIP has two components: a capital improvement budget, detailing the spending plan for FY 2010-11, and a capital improvement plan, describing priorities and expected funding sources for indentified projects for the next six years.

Appendices: The final section in the budget document includes the Appendices, which contain: the Staffing Schedule, describing the allocation of staffing resources to departments; the Salary Schedule, detailing anticipated salaries for occupied positions in FY 2011-12; and the Glossary, defining relevant budget terms.

## About Woodburn

## Budgeting in Oregon

A budget is a financial plan for one fiscal year. In Oregon, local governments operate on a fiscal year that begins July 1 and ends the following June 30. A budget shows the estimated costs of items or services the local government wants to purchase in the coming fiscal year. These are called "expenditures." It shows other budget requirements that must be planned for, but that won't actually be spent. It also shows the money, called "resources," that the local government estimates will be available to pay for these expenditures. In Oregon, a budget is necessary to justify the need for a given rate and amount of property taxes.

Preparing a budget allows a local government to look at its needs in light of the money available to meet those needs. In Oregon all local governments must plan a budget that has equal resources and requirements, in other words, a balanced budget. A local government can't plan to purchase more items or services than it has money to pay for them.

The budget officer will present this budget to a citizen budget committee. The committee consists of the elected officials of the City Council along with an equal number of electors of the city. After the budget committee has reviewed and made adjustments, if any, they approve the budget. The approved budget is forwarded to the City Council for adoption. Adoption of the budget must occur no later than June 30.

## Budgeting in the City of Woodburn

In the City of Woodburn, the City Manager serves as the Budget Officer (ORS 294.331) and has the responsibility to prepare the budget document, present the budget message to the Budget Committee and to maintain budgetary control at the approved appropriation level. Continued review of revenues and expenditures is performed by the Finance Department and the appropriate operating departments.

The City prepares its budget in accordance with ORS. The budget is presented in fund and department categories. The budget is established at the department level or at the major appropriation category if only one department exists in a fund. The adopted budget may be amended by budget transfers (ORS 294.450) or supplemental (ORS 294.480 to 294.283 ). Generally, transfers consist of moving appropriations within a fund from one major appropriation category to another. Supplemental adjustments typically involve increasing the total appropriation level (as well as the resources). All adjustments to the budget are made via resolutions. Amendments after adoption do not require the approval of the Budget Committee members.

## Budget Document Columns

Within Oregon Local Budget Law, five columns of data are required. The City of Woodburn provides seven columns. The first two columns are two consecutive prior years of actual data, followed by one column containing the current fiscal year budget as amended by transfers and supplemental adjustments. The four columns on the right are all related to the progress of the budget as it moves through the various required phases. From left to right, the first column is proposed by department heads in charge of the fund, the following column is the budget as proposed by the Budget Officer. The third column over is the amount approved by the budget committee. The final column is the adopted budget.

## Council Goals

Prudent Fiscal Policies. The City will strive to return the highest level (or sustain the current levels of service) with the least amount of taxpayer investment - and plan accordingly.

Economic Development. The City will continue to promote activities designed to attract investment including, but not limited to, business attraction, retention and sustainability. As part of this effort:

1. The Urban Renewal Agency will identify and undertake a new project
2. It is a high priority to get the long-vacant Salud Building put to a use that will benefit the Downtown District and the City as a whole. This may be accomplished through the sale or long-term lease of the building, or through a joint venture between the City and private investors, with any fiscal commitment by the City to be financed with Urban Renewal funds, without significant cost to the City's General Fund.

Increase Downtown Parking Opportunities. The City Council will review options for developing additional Downtown Parking and take appropriate action.

Community Communication/Outreach. The City of Woodburn will continue its current community outreach and communication efforts, but will strive to make better use of technology - such as social media and other web-based communication opportunities.

I-5 Interchange Project. The City will continue to consider the l-5 Interchange Project as one of the community's highest priorities.

99E Corridor Study. Completing the 99E Corridor Study and pursuing opportunities to improve 99E is a high priority for the City of Woodburn.

## Revenue Sources and Other Discussion

The Property Tax estimate for FY 2011/12 is increased $\$ 295,000$ over FY 2010/11 projected revenue. Property taxes can grow in two ways: (1) increase in value of existing property and/or (2) the permanent tax rate applied to new construction. Increases in the value of existing property are limited by statute to $3.0 \%$ per year.

Franchise fees for FY 2011/12 are decreased by $\$ 21,000(1.9 \%)$ and include payments from Portland General Electric (PGE), Northwest Natural Gas, Qwest, Datavision, Wave Broadband, United Disposal, and Woodburn Ambulance for use of the City's rights-of-way. The decrease overall is mainly from the changes in customer usages of utilities (i.e. natural gas) and cable - which has a direct impact of the amount of franchise fees the city receives.

Licenses \& Permits for FY 2011/12 have decreased just slightly by $\$ 2,000$. This form of revenue includes Payments in Lieu of Taxes, the local Hotel/Motel Tax, Business License fees, and other license fees.

The Fines \& Forfeits category consists of $\$ 500,000$ in court fines collected through the Municipal Court. We have consistently under-budgeted actual income derived from this source. For fiscal year 2011-12 we increased this amount by $\$ 80,000$ over last FY budget. The remaining amounts include police training surcharge, various towing fees and library fines.

Charges for goods and services within the General Fund contain many of the Parks and Recreation fees, all of the Aquatic Center's charges for admission and memberships, and other charges.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This department budget is to account for the various costs incurred by the Mayor and city Council. Among those costs are the following: office space and equipment overhead for Mayor and Council, meeting expenses, community outreach and Mayor and Council payroll expenses.

Primary duties of the Council include:

- Pursuant to Section 6, Woodburn Charter of 1982 "except as this charter provides otherwise, all powers of the city shall be vested in the council;"
- The City council is responsible for determining the direction and priorities of City government. The full Council is composed of an elected Mayor and six elected City Councilors;
- Pursuant to Section 13, Woodburn Charter of 1982, the City Council is required to "hold a regular meeting at least once each month in the city at a time and place which it designates." The regular meetings are generally held on the second and fourth Monday of each month in the City Hall at 7:00 pm;
- The Mayor and City Council individually represent the City by their membership on regional forums and civic organizations.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

Section 21, Woodburn Charter of 1982, generally defines the function of the City Administrator as being "the administrative head of the government of the city." The Charter specifically defines the powers and duties as:

- Advising the Council of the "affairs and needs of the city;"
- Ensuring that "all ordinance are enforced and that the provisions of franchises, leases, contracts, permits and privileges granted by the city are observed;"
- Appointment and removal of "all city officers and employees" and general supervision and control over them and their work;"
- Acting as "purchasing agent for...the city;"
- "Supervision...of all public utilities owned and operated by the city, and...general supervision over all city property;" and
- "Other duties" required the Charter or City Council

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

The department consists of 1.4 FTE responsible for carrying the duties listed above.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Continue to work to improve community relations
- Completion of Woodburn Police Department facility
- DEQ loan secured for sewer improvements
- Continue to improve and enhance management team for improved efficiencies in city services and community relations
- Encourage public/civic participation with various community organizations by department heads
- Successful small loan to Fleet West Sales
- Deliver quality services under current economic conditions and declining/flat revenues
- Encourage 'team' approach to city management amongst department head staff
- Open communication and transparency with community groups
- Overhaul of Finance Department and financial policies and procedures

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Continued community outreach and improvement of community relations
- Continued support of management team and assisting departments as needed
- Completion of Water Chlorination project
- Implementation of 5th Street Opening project
- Close monitoring of city finances to ensure accountability over limited city resources
- Continued support for I-5 Interchange Project and implementation
- Work closely with Finance Director in ensuring stable financing of city services as possible

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

No significant differences - City goals continue to be evaluated and enhanced to ensure efficient and quality delivery of city services.

The Finance department continues to evaluate the allocation of overhead cost for City Administrative staff (including the City Administrator). The reduction in personnel costs is the continued evaluation of those charges and on-going changes made to the allocation in the current fiscal year. Increases in Materials and Services (28.0\%) are due to increases to Building Maintenance and IS support charges.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

The City Recorders office is responsible for a variety of administrative activities including records management, Council meeting administration, and legislation administration. In addition, the City Recorder is the City's Risk Management coordinator and oversees the Insurance fund and all insurance policy administration and claims management functions. Finally, the City Recorder performs a variety of special project activities in areas such as payroll, finance, and personnel.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

The City Reorders office is staffed by one full time employee - the City Recorder.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Completed retroactive correction of PERS records for FY2009, FY2010
- Established electronic PERS upload capability
- Established contract tracking system

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Continue review of archived records for destruction
- Explore expanded use of electronic records.

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

Change time allocation to: 45\% Recorder, 30\% Risk Management, and 25\% Special Projects

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

The City Attorney provides to the City a wide range of professional legal services with emphasis on the specialized field of municipal law. This includes: giving legal advice to the City Council, City Administrator, and Departments; drafting ordinances and resolutions; reviewing and preparing agreements; negotiating with employee unions; and representing the City in state and federal courts.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

The department consists of the City Attorney, Assistant City Attorney, and an Executive/Legal Assistant, a position that is shared with the City Administrator.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- The City's Urban Growth Boundary expansion case was remanded back to the Land Conservation and Development Commission (LCDC) by the Oregon Court of Appeals. In January, LCDC voted to again approve the City's expansion. Another appeal of this decision is likely.
- Access to city ordinances was significantly improved and amendments are now incorporated on an ongoing basis.
- As part of the Human Resources Working Group, a formal and centralized HR Department with policies and procedures was developed.
- A new sign ordinance was adopted.
- The Photo Red Light agreement was finalized and is awaiting implementation by the vendor.
- Timely legal advice and services to the City Council and departments to enable them to achieve their goals and objectives.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Defend the City's Urban Growth Boundary expansion in the Oregon Court of Appeals.
- Negotiate a new Collective Bargaining Agreement with the Woodburn Police Association.
- Continue legal support to the Economic and Community Development Department for amendment of the Woodburn Zoning Ordinance (WDO).
- Assist in the recruitment of a new Human Resources Director and provide support to the Human Resources Department.
- Continue to provide timely legal advice and services to the City Council and departments to enable them to achieve their goals and objectives.

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- The recent departure of the Human Resources Director presents a challenge and will significantly impact establishing this new department and negotiating with the police union.
- On the positive side, the possibility that the Urban Growth Boundary expansion could be completed has the potential of providing a substantial economic stimulus to the local economy.

- Centralization of cash receipting function
- Deposit city funds on a daily basis
- Improved cash handling procedures
- Improved communication between finance and various city departments
- Cross training of various finance functions across all finance staff
- Payroll processing
- Taxicab permitting implementation

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Continuation of review, update and implement improved internal controls across city departments
- Implement/upgrade current accounting system (scheduled to be completed by March 2012)
- Department remodel for increased workflow efficiencies and staff security
- Restructuring of City's long term debt for improved accounting efficiencies and savings
- Simplify budget forms and requests process
- Continued staff training for improvements in workflow, customer service and internal control
- Draft 2011-2012 Financial Report in-house
- Form Budget Advisory Committee (from public members of Budget Committee) to provide input and policy direction for city budget
- Implement mid-year review for Budget Advisory Committee
- Provide timely and useful financial reporting to city departments and the public
- Eliminate the usage of 'programs' for accounting simplification
- Review of existing fund structure to eliminate and/or consolidate unneeded funds
- Staff cross-training of various finance functions to improve efficiency

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- Seek to centralize accounting function of city finances
- Upgrade to City's current accounting system
- Improvements to special assessments accounting and timely billing
- Improved customer service to external and internal customers

The Finance department continues to evaluate the allocation of overhead cost for City Administrative staff (including the City Attorney). The reduction in personnel costs is the continued evaluation of those charges and on-going changes made to the allocation in the current fiscal year. Increases in Materials and Services ( $10.0 \%$ ) are due to increases to Building Maintenance and IS Support charges.

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

FY 2010-2011 was a year of training and retooling in which all vacant staff positions that had been filled in late FY 09-10 were trained to their potential, the Chief returned to full-time status and the department once again moved forward with a slate of progressive and focused goals. FY 2011-2012 goals call for the Department to
build on its previous goals (in the areas of employee development, IBP, emergency management, gang reduction, and traffic safety) and to explore ways to meet new challenges in several areas (Crisis Intervention Team, partnering in downtown development, attaining a new level in public involvement).

## DEPARTMENT FUNCTIONS:

The Library delivers materials and services to the residents of Woodburn and the surrounding rural areas that promote literacy, lifelong learning, and the enjoyment of reading and culture. The Library offers a collection of roughly 75,000 volumes in a variety of print and electronic formats, and circulates them locally and throughout Polk, Yamhill and Marion Counties via its membership in the Chemeketa Cooperative Regional Library Service. Library operations focus on two main areas: the processing, handling, and circulation of books, magazines, DVDs, and other library materials; and the selection of materials, provision of ready-reference and research support, and the delivery of programs and other content. The Library division is led by the Library Manager.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

The Library is staffed by 24 employees ( 12.575 FTE), including 7 full-time employees, including the Library Manager, Adult Services Librarian, Youth Services Librarian, Circulation Library Associate, Technical Services Library Associate, Library Assistant (supporting Circulation), Library Assistant (supporting Youth Services); and 17 part time Librarians, Library Assistants, and 3 Library Pages (5.575 FTE).

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

In the first half of fiscal year 2010-11, 91,762 patrons visited the library. Those patrons checked out 78,646 physical items. Program attendance included 3,009 adults and 3,347 children. Patrons booked 27,584 sessions on library computers, and spent thousands more hours using the library's free wireless Internet and subscription databases. The library added 2,588 new items to its collection.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Actively encourage use of library materials and services through targeted outreach to youth, seniors, and Latinos.
- Continually evaluate and improve basic library operations, including delivery of services and circulation of materials.
- Develop and implement agency-specific policies and procedures manual.
- Develop and implement cash-handling procedures that incorporate a cash register at the circulation desk.
- Implement content-management-system-based website. Utilize new system to expand woodburnlibrary.org to a full-service information portal and interactive social media tool.
- Adapt facilities to enhance accessibility according to a long-term strategy developed by Public Works.
- Expand adult summer reading program and attempt to host a virtual book group other months of the year.
- Develop annual program calendar to facilitate planning and collaboration with other community organizations.
- Leverage purchase of Spanish-language materials at the International Book Fair in Guadalajara by offering programs that encourage library use by the Latino community and promote the Spanishlanguage collection to the community as a whole.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

The Aquatic Center serves the greater Woodburn area. The multipurpose facility offers fitness, recreational, and learn to swim programs for individuals of all ages. Facility amenities include a ten lane swimming pool with water slide, rope swing, and basketball hoop, a small wading pool, spa, fitness equipment, and saunas.

DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL: Two full-time personnel lead a large temporary staff of $30-40$. Total staffing is 7.19 FTE.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Completed repairs to the facility caused by years of poor indoor air quality

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Successfully complete Aquatic Center Turnaround Project, which is designed to improve safety, marketing, customer service, attendance, program and special event quality, and financial viability
- Achieve a $50 \%$ cost recovery rate
- Develop funding to complete the re-plastering project \& other necessary facility repairs

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

The proposed 2011-2012 budget reflects significant changes arising out of the Turnaround Project. Significantly increased revenues and reduced expenditures are anticipated.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

The Parks \& Grounds Maintenance Section is responsible for the maintenance of parks, grounds, and improved right of ways totaling 57 sites and 135 acres in Woodburn. This Maintenance section is the major support for the many recreation and special event programs.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

The Parks Maintenance Section's heavy season begins in April and ends in November. During the summer season, staff is scheduled 7 days a week. The Parks \& Grounds section maintains park benches, tables, shelters, and trails for a safe, clean, and graffiti-free environment. Park restrooms are cleaned and sanitized daily. This section maintains all landscaping and lawns including (8) class A sports fields. This section maintains (7) modern playgrounds with NPSI certified playground safety inspection. Programs include Irrigation System Maintenance, Turf Management, Graffiti Removal, and Community Service Labor. There is a growing involvement with Community and school service projects and a fledgling Adopt - A - Park Program. There are 5.62 FTE's and seasonal Limited Term help.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Day of Child, Flower Baskets, 4th of July, Mexican Fiesta, Walt's Run Mexican Independence Day, and Mother's Day are some of the special events the Parks Maintenance crew supports during the year.
- The Maintenance crew helped organize the Gazebo Installation in cooperation with the Chamber of Commerce and finished the project by installing the roof and anchor supports.
- The task of benchmarking the parks and grounds was initiated this year.
- This section is very adept at providing excellent support for multi-cultural events and leisure services encouraging community pride.
- The Parks and Grounds crew support SOLV clean up events and expanded community support projects.
- The Parks and Grounds crew worked on Best Management Practices and increased safety emphasis.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Facilitate Annual Sports Fields Renovation
- Benchmark Grounds Facilities for Analysis of Maintenance Services
- Develop Urban Forestry Program including completion of Inventory
- Develop Schedules for Routine Services
- Formalize Playground Safety Program
- Provide Quality Support for Recreation Programs
- Continue to Provide Support for Special Events
- Assist in the further development of Adopt-A Parks
- Support The Greenway Trail Development, Phase 1 completed
- Centennial Park, Phase 4 completed

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- Focus on Community
- Training in safety \& management
- Adopt-A-Park Program
- Urban Forestry Emphasis

## Revenue Sources and Other Discussion

The Intergovernmental category consists of a $\$ 40,000$ state grant continuation to complete the Mill Creek Project.

Transfers In of $\$ 72,500$ refers to the above mentioned collapse of the General Operating Fund into this fund. This is a one-time transfer as a part of the Fund Consolidation Plan.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

The purpose of the Woodburn Transportation Services Department is to provide the community of Woodburn with safe, reliable, affordable, dependable transportation for the general public, elderly and disabled population. A one-hour fixed route bus is available Monday through Friday, 9 am to 5 pm . A para-transit (shopper) van is available Monday through Friday, 9 am to 5 pm .

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

A detailed overview of existing transit services in Woodburn is presented in Chapter 4. The City of Woodburn currently operates several types of transit services:

- Fixed route bus. This service operates a single, hourly fixed route with 55 stops throughout the city. Service is available to the general public Monday through Friday from 9:00 AM - 5:00 PM. One-way fares are \$1.00.
- Dial-A-Ride. This service is provides curb-to-curb ADA Complimentary Para-transit Service for certified seniors and people with disabilities who are unable to use the fixed route service. Dial-A-Ride is available Monday through Friday from approximately 9:00 AM - 5:00 PM. One-way fares are \$1.50. The Dial-ARide demand response program also arranges for volunteer drivers to provide transportation to seniors and people with disabilities outside of Woodburn ${ }^{1}$.

The fixed route service provides about 28,000 passenger trips per year, while Dial-A-Ride provides about 6,800 passenger trips per year. Ridership over the past few years has remained stable on Dial-A-Ride but has declined somewhat on the fixed route bus, likely a result of the economic downturn. Despite the recent decline, ridership figures on the fixed route bus appear to be recovering.

The transit department has eight employees. A Supervisor, two FTE, five PTE. The Transit office is located at 202 Young Street. All transit vehicles are in a secured locked fence located in the rear of 202 Young Street. The Transit Department has 4 mid-size buses; a 23-passenger 2002 Eldorado bus, a 23 passenger 2001 Blue Bird Bus, a 35 passenger 2006 Champion bus and a 35 passenger 2009 Champion Bus. Transit also has two cutaway para-transit vans and two mini vans for the Dial-A-Ride program make up the rest of the Transit Fleet.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

[^0]- The Transit Plan Update was completed and it will serve as a valuable management tool for directing the future of public transportation in Woodburn.
- Program has been more successful in competing for federal and state grant dollars based upon the information generated in the preparation of the Transit Plan Update.
- Completed participation in the Complimentary Para-Transit Plan.
- Completed installation of narrow band VHF radios in all Transit System vehicular assets. Significant improvement in the efficiency of dispatching Para-transit vehicles.
- Acquired two new vehicular assets by utilization of federal grants.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

## Goal 1: Enhance local mobility for primary user groups and potential new user groups in Woodburn.

This goal relates to the need to serve those in the community who have few other transportation options. Based on the on-board passenger survey, about $87 \%$ of existing passengers do not have a vehicle available to them, and thus transit serves a critical role in mobility for many of these people. The objectives below focus on improving the needs of existing passengers first, but also make transit more appealing for people who do not currently use the service.

Goal 2: Provide the most efficient transit service to existing markets while also focusing on serving new markets.

This goal focuses on the need to make the most efficient use of existing resources by maximizing the use of the fixed route service which can most efficiently move people around Woodburn. It was discovered from the Dial-a-Ride on-board passenger survey that about $28 \%$ of the people do not have a disability that prevents them from using the fixed route bus. While some of these individuals could use the fixed route bus, other obstacles prevent them from using the fixed route bus, such as how far they live from a stop and the ability to navigate the steps of the bus. This goal also relates to the need to offer efficient boarding and alighting times on both services and to maintain existing vehicles.

## Goal 3: Increase the visibility and elevate the image of transit in Woodburn.

Stakeholders and existing passengers identified the need for improved information about Woodburn Transit as a top priority. Similarly, stakeholders made it clear that it was important to improve the image of transit in Woodburn and help promote transit as a key piece of the multimodal transportation network.

Goal 4: Provide a transit service that is cost-effective and sustainable; identify a stable source of funding for transit.

Data from Chapter 4 indicates that the farebox recovery ratio on the fixed route bus is about $12 \%$ and about $4 \%$ on the Dial-a-Ride. The overall farebox recovery ratio for Woodburn Transit is about 8\%. This goal focuses on improving the overall farebox recovery ratio and other measures intended to make transit more costeffective. This goal also has to do with identifying a stable, dedicated source of funding for transit in Woodburn.

Goal 5: Improve coordination with regional transit providers, explore the feasibility of new regional transit service, and explore other transportation options like carpool and vanpool.

The need to travel regionally was identified as a priority. This need will be more prevalent as Woodburn and the rest of northern Marion County and southern Clackamas County grow. As such, this goal is to better
coordinate services with existing regional transit providers, as well as to provide more direct service to Salem and the Portland Metro area via I-5.

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

The Woodburn Transit System has the information needed to address level of service needs of the community. Fare schedule increase and improved level service based upon knowledge gained from completion of the Transit Plan Update. Hiring of additional part-time drivers will allow a higher level of service with regard to Para-Transit riders.

## Revenue Sources and Other Discussion

The Transfers In category now accounts for the Property Taxes that are recorded in the General Fund and transferred to the Transit Fund. The Transit Fund cannot levy property taxes and this allows for better accounting of the revenue source.

Intergovernmental contains various competitive state and federal grants received for transit operations.
The increase in Charges for goods and services (or Fares) is due to transit fare increases, as well as additional bus operating hours.

Operations Change in personnel costs (14.0\%) is to the drop of part-time hours and reallocation of the Transit Manager's costs. The $75.0 \%$ increase in Materials and Services is for budgeted grant awards to enhance transit services. The decrease in capital outlay is due to a one-time grant award in the prior fiscal year for a bus purchase and transit center enhancements.

## Revenue Sources and Other Discussion

The Licenses and Permits is the main source of revenue within this fund. This category contains revenue amounts for the various building permits issued within the City of Woodburn. These include Building and Mechanical permits, Plan Check Fees, Fire Check Fees, County Excise Taxes, and other miscellaneous fees. This category is planning to increase by $14 \%$. This is due to the eventual and gradual economic recovery that most cities in the area are planning on.

Other Financing Sources Includes an inter-fund loan from the Water Well/Distribution Construction fund in the amount of $\$ 80,000$ to provide for operations if needed (this is due to the slowdown building activity).

Operations Significant change is in materials in services (a $44 \%$ reduction) a direct result of the drop off in building activity.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

Operation Weed and Seed is a strategy within the U.S. Department of Justice's Office of Justice Programs that incorporates community-based initiatives. It is an innovative and comprehensive multi-agency approach to law enforcement, crime prevention, and community revitalization. Operation Weed and Seed initiative "weeds out" undesirable elements such as violent crime, gang activity, drug use, and drug trafficking in a targeted area of the community. The program then "seeds" the area by restoring those neighborhoods through a variety of social and economic revitalization activities.

Through the Weed and Seed Strategy, the community of Woodburn hopes to:

Identify gaps in services that are essential to successful re-entry to the community after incarceration.

More effectively identify the children and youth who have the highest level of risk factors that push them into gangs; including but not limited to:

## Family Factors

Peer Groups
Social Deficits
Lack of Family Opportunities
School Problems
Juvenile Delinquency

Enhance the capacity of the community to provide preventative programming for children and youth.

Enhance the economic viability of the community through sustainable employment.

Enhance the law enforcement capabilities in regard to violent gang and drug activities.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

This department has one full-time employee and is managed by the Community Services Director.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Continue the partnership with the Marion County Juvenile Department and the Woodburn Police Department to implement the Tracker Program.
- Hold at least one family education night at each school in the Woodburn School District about drugs and/or gangs.
- Provide break dancing lessons as well as Positive Action curriculum for the children at our Safe Haven, Nuevo Amanacer.
- Managed a graffiti removal check-out kit for community members to use for private property graffiti removal.
- Fund police overtime at a level to allow extra investigation time in drug trafficking organization cases.
- Provide Drug and Gang education to Boys and Girls Club Teen Center.
- Provide Drug and Gang education to all elementary and middle school after school clubs.
- Secure continued federal funding for the Weed \& Seed Program.
- Investigate solutions for developing Weed \& Seed program sustainability.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Seek to find a formal evaluation system for our grant program
- Ensure ongoing sustainability of all programs
- Fund two Strengthening Family Workshops
- Fund tutors for Chemeketa Community College GED program
- Continue with all other regular activities

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

In the late 80 's, Woodburn had an active Housing Rehabilitation Program, offering low or no-interest loans to residents of the City with incomes below the median income level of the County. Funding for the program came from the Community Development Block Grant (CDBG), and the program ended in 1999 when all monies were loaned out.

In 2009, through loan payoffs, the Housing Rehabilitation Program had approximately $\$ 674,585$. This income is divided into two categories, restricted (program income) and unrestricted income, based on contract requirements when the grants were originally awarded. Restricted income $(\$ 453,305)$ is income received from grant years 1993 or later, and the City is required to use it to continue the Housing Rehabilitation Program.

Unrestricted income is income from principal and interest on loans made using CDBG funds prior to the grant year 1993. There is approximately $\$ 170,000$ of unrestricted income.

With the restricted income $(\$ 453,305)$ Council re-established the Housing Rehabilitation Program in 2009. The City contracted with the Mid-Willamette Valley Council of Governments (COG) to manage Woodburn's Housing Rehabilitation Program. The program once again provides simple interest loans to low and moderateincome households to rehabilitate their homes. The maximum loan amount per household is $\$ 12,500$, excepting additional costs for necessary accessibility improvements. A total of 29 loans have been completed. Remaining funds will be used for emergency housing rehabilitation assistance and/or CDBG grant matching requirements.

Separately, the City Council (2009) established the Woodburn Business Assistance Loan Program with unrestricted funds $(\$ 221,280)$, to be loaned out at low-interest rates to new or existing businesses located in Woodburn. The COG is also contracted to manage this program. One business loan has been completed. Remaining funds are available for additional business assistance loans.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

There are direct and indirect personnel costs associated with this program.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Mid Willamette Valley Council of Governments has administered twenty- nine individual Housing Rehabilitation Program loans.
- Remaining funds $(\$ 60,000)$ have been retained for emergency housing rehabilitation assistance.
- We continue to respond to inquiries about the business assistance loan program.
- One business assistance loan has been approved.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Housing Rehabilitation Loan Program
- Remaining funds retained for emergency housing rehabilitation assistance and/or CDBG match requirements.
- Apply for additional federal (CDBG) funds to continue the program.
- Business Assistance Loan Program
- Administer loan program

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

The Housing Rehabilitation Loan Program was re-established and will continue to function, depending upon funding.

The Business Assistance Loan Program is also dependent upon limited funding. Loan activity will determine whether funds are available to continue the program.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This program administers the City's cable television franchise and supports community access programming provided by Woodburn Cable Access Television (WCAT). Seven and one half percent (7.5\%) of revenues derived from cable television franchise fees are set aside for administration of the franchise. Twelve and one half ( $12.5 \%$ ) percent of the franchise fees are provided to WCAT to support community access programming. Franchise administration includes coordinating with the cable provider regarding programming choices and service issues and compliance with the franchise agreement. Support to WCAT allows the television audience to view public meetings and programming developed in and pertinent to the community.

## Revenue Sources and Other Discussion

The Licenses and Permits category of revenue totaling \$20,147 includes franchise fees collected by Wave Broadband and passed through to the local cable access company (WCAT). Those turnovers and management fees provided by the City are used to fund WCAT operations and provide for capital purchases.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This program provides for the payment of principal and interest on Bancroft Bonded Debt. Bancroft bonds are authorized by statute to finance local improvements that benefit the owners of property in the vicinity of the project. Those property owners pay annual assessment to cover the debt service on the bonds.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This fund is used when assessments are issued against property owners when street, water, wastewater, or storm improvements are made which benefit the adjacent property and without the assessment the project may not have been done.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

There are no personnel costs associated with this fund. The monies collected on individual assessments are used to pay off outstanding liens.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Alexandra Avenue was completed. The Armory was assessed one-half the cost of the street improvement and paid that assessment before construction began. Once construction was completed and final costs were tallied, the Armory was returned some of the money they had originally paid - about $20 \%$ was returned

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- There are no proposed projects for 2011-2012.

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- There are no proposed assessment projects for 2011-2012.

## Revenue Sources and Other Discussion

The Special Assessment fund collects repayment from various Local Improvement Districts (LIDs). The \$44,000 budgeted is the amount of expected repayments to be collected during the fiscal year (including interest). Proceeds are used to fund various minor street and sidewalk projects throughout the City.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This fund is solely used to retire an existing Special Public Works Fund loan \#B97002. The loan was acquired to make improvements at Woodland Avenue intersection with Hwy. 219 for the Waremart development. There is no revenue generated in this fund except interest from investments. The fund will run out monies in 201314 and then the loan payment will need to be shifted to another fund.

As part of the funds consolidation proposal - this fund is being collapsed into the city's Transportation SDC Fund.

## Revenue Sources and Other Discussion

The Intergovernmental category of revenue is the largest source within the Street fund. The entire $\$ 1,060,000$ is income generated from the State Gas Tax. Taxes peaked in FY 2005-06 and have been in decline since. The 2009 Legislative Session approved increases in vehicle title and registration fees which became effective in 2010 and an increase in tax of 6 cents per gallon of gasoline became effective January 2011. A referendum petition to repeal the new law failed to collect enough signatures. Revenues should increase for several years due to the phase-in of title, registration and weight fees.

Transfers In account for the Revenue Sharing Fund that is being collapsed into the Street and Local Gas Tax Funds (the construction portion of the Revenue Sharing Fund was transferred to the Local Gas Tax Fund). Street lights are now being paid for out of the Street Fund beginning in FY 2011-12.

Operations Increases in Materials and Services is a direct of the funds consolidation. The increase is the costs of street lighting now carried in this fund.

Julie Moore
503-982-5247

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

City Gas Tax Fund uses money generated from the local 1 cent gas tax for street maintenance projects mostly resurfacing projects. This program generates about $\$ 120,000$ a year.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

There are no direct personnel costs associated with this fund. This fund is for capital improvement projects.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Resurfacing of additional streets beyond what ARRA monies were received for Young Street primarily and then, due to lower bids, extended to other streets in the downtown core area.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Resurfacing of Second Street from Oak to Harrison and Walton Way are planned for 2011-12

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- ARRA money used in 2010-11 for resurfacing which allowed monies to carry over to 2011-12.
- Two city streets will be resurfaced.

## Revenue Sources and Other Discussion

The Taxes category includes the majority of revenues collected into this fund. In 1996 the City Council adopted a local gas tax for all fuels sold within the City of Woodburn of 1 cent per gallon. As revenues are collected - the revenues are reserved until such time there are sufficient funds available to carry a local street improvement project.

Transfers In include the above mentioned transfer from the Revenue Sharing Fund. The construction portion of the Revenue Sharing Fund was collapsed into this fund to be used for future projects.

Operations Revenues collected are reserved until such time as there is sufficient funding available to pay for a local street improvement. Two street overlays are planned for fiscal year representing the significant change in Capital Outlay over the prior year.

## Revenue Sources and Other Discussion

The Charges for goods and services category are where the fees mentioned above are collected for new system development charges. This fund is dependent on development occurring - the slowdown in the economy and the slow recovery have a direct impact on the fund's ability to finance capital improvements.

Operations No significant capital improvements are planned for the fiscal year. Amount budgeted for Capital Outlay represents the continuation and completion of the Fifth Street improvement project.

## Revenue Sources and Other Discussion

This funds revenue is dependent on the collection of System Development Charges (SDCs). SDCs continue to decline as direct result of the slowdown in the economy. Park SDCs can only be used to increase the 'capacity' of City parks. No significant capital projects are planned for the fiscal year.

## Revenue Sources and Other Discussion

Charges for goods and services represent the major revenue source for the Water fund and are fees collected for water provided to City residents.

Transfers in represents the Wastewater Fund's share of billing expenses for the fiscal year.
Operations Increases in Personnel costs (13.1\%) are due to the addition of 1.0 FTE to provide for a Water Quality Technician for the City's new Chlorination Project and increases in employee benefit costs. Materials and Services increase by $7.0 \%$ which are a direct result of supply cost increases and the addition of the City's new Chlorination Program.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This fund is used for major water construction projects. Funds supporting these projects are from $40 \%$ of the water revenues received from utility billing. Besides construction projects there are annual loan payments which are made for the completed construction of three (3) water treatment plants.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

There are no direct personnel costs associated with this fund.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Design for addition of secondary disinfection process at water treatment plants
- Easements for water line extension from Parr Road water treatment plant to Evergreen Road extension
- Completion of emergency fuel storage facility at Water/Maintenance Shops
- Receipt of $\$ 2$ million ARRA funds for extension of city water lines to Shalimar Estates Mobile Home Park, Driftwood Mobile Home Park and Chateau Estates
- Annual Loan payments for water treatment plant construction

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Final implementation of the secondary disinfection program
- Bore of water line under Hwy. 214 near Mill Creek Pump Station to complete a loop north.

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- Implementation of secondary disinfection program
- Reduction in water revenue contribution from $50 \%$ to $40 \%$ to offset higher water supply system operation costs and a $5 \%$ reduction in municipal water usage
- First year of inter-fund loan repayment for the upgrade of New World Accounting System

## Revenue Sources and Other Discussion

Charges for goods and services represent the major revenue source for the Water Well/Distribution Construction fund and are fees collected for water provided to City residents.

Other Financing Sources are remaining ARRA funds to be received for the water extension projects to Driftwood, Shalimar and Chateau Mobile Home parks.

Operations This funds primary function is to provide for debt service payments for the water system improvement projects completed in 2005. Additionally, user fees collected are reserved for future capital needs.

## Revenue Sources and Other Discussion

Fund's revenue is dependent on the collection of System Development Charges (SDCs). SDCs continue to decline as direct result of the slowdown in the economy. Water SDCs can only be used to increase the 'capacity' of the City's water system. No significant capital projects are planned for the fiscal year.

DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:
This department provides administration, operations and maintenance of the Sanitary, Storm \& Surface Water Collection Section. The department is responsible for sanitary sewer main collection activities, infiltration/inflow practices as required by Department of Environmental Quality. The department is responsible for maintenance of approximately 60 miles of various size sanitary sewer mains, nine remote pump stations.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

The department under the direction of the Water Resources Division Manager is supervised by the Sanitary, Storm \& Surface Water Collection Section Supervisor. The department is organized to provide both operations and maintenance with clerical administrative support. The department currently has 5 full time employees

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Expanded Public Outreach and Education; Oregon Garden Earth Day, River Ranger Program, Household Hazardous Waste Collection Event, Public Works Week Event, Tours at both Wastewater Treatment Plant and Drinking Water Plants.
- Relocated Sanitary Storm and Surface Water Collection Section personnel and equipment to Wastewater Treatment Plant to better coordinate maintenance activities.
- Video inspect 12 miles of collection system.
- Clean, high pressure of 14 miles of Collection System.
- I/I Program: eliminated, repaired and identify needed miscellaneous I/I improvements.
- Responded to approximately 900 requests for underground locates received and processed for storm sewer and sanitary sewer collection system.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Expand Public Outreach effort for targeted issues.
- Implement Wastewater Facility Plan for collection systems
- Continue operation and maintenance activities of the sanitary sewer collection system for compliance with the NPDES Wastewater Discharge Permit.
- Per the Wastewater Facility Plan, increase level of activities for sanitary sewer collection system rehabilitation and I\&I removal.

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- Public Outreach and Education will be expanded to address targeted issues
- Expand Website for Public Education of targeted issues
- Per the Wastewater Facility Plan, the level of funding and activity for sanitary sewer collection system rehabilitation and I\&I removal will be increased.

## Revenue Sources and Other Discussion

Charges for goods and services represent the major revenue source for the Sewer fund and are fees collected for sewer services provided to City residents.

Operations Increases in Personnel costs (6.0\%) are due to increases in employee benefit costs. Materials and Services increase by $1.0 \%$ which is due to incremental increases in fuel and chemical costs.

Transfers Out are transfers for future equipment replacement and to fund the city's storm water program.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This fund was established to receive loan monies for the sanitary sewer improvement project west of I-5 for HWI, Inc. development which was funded by Oregon Economic \& Community Development Department Loan \#B91202. The project involved boring under l-5 and building a sewer pump station located by Wal-mart. This allowed properties on both sides of I-5 to develop since there was no sanitary sewer system to accommodate growth in this area. The fund's expenditure is an annual loan payment of \$29,102 (including interest); which will retire the debt in December 2011.

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- The last loan payment will be made December, 2011. The fund will then be closed out. Revenues for other sewer construction projects are received in the Sewer Construction Fund (465)

## Revenue Sources and Other Discussion

Fund's revenue is dependent on the collection of System Development Charges (SDCs). SDCs continue to decline as direct result of the slowdown in the economy. Sewer SDCs can only be used to increase the 'capacity' of the City's sewer system. No significant capital projects are planned for the fiscal year.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This section of the Water Resources Division within the Public Works Department provides administration, operations and maintenance of the Sanitary, Storm \& Surface Water Collection Section. The section is responsible for storm water activities, best management practices as required by Total Maximum Daily Load Implementation Plan, Storm and Surface Water Management Plan. The section is responsible for maintenance of approximately 59 miles of various size storm sewer mains, three regional detention facilities and the surface conveyance system of Mill Creek and Senecal and there numerous tributaries.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

The section under the direction of the Water Resources Division Manager is supervised by the Sanitary, Storm \& Surface Water Collection Section Supervisor. The department is organized to provide both operations and maintenance with clerical administrative support. The department currently has 5 full time employees

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Expanded Public Outreach and Education; Oregon Garden Earth Day, River Ranger Program, House Hold Waste Collection Event, Public Works Week Event, Tours at both Wastewater Treatment Plant and Drinking Water Plants.
- Relocated Sanitary Storm Collection and Surface Water Conveyance Section personnel and equipment to Wastewater Treatment Plant to better coordinate maintenance activities.
- Video Inspect 12 miles of collection system.
- Clean, high pressure of 14 miles of collection System.
- Developed the Total Maximum Daily Load Implementation Plan, Storm and Surface Water Management Plan as required by the Department of Environmental Quality (DEQ). The plan has been submitted to DEQ for review and approval.
- Responded to approximately 900 requests for underground locates received and processed for storm sewer and sanitary sewer collection system.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Expand Public Outreach and Education, through Newsletter, Storm inlet Marking
- Expand Website for Public Education for targeted pollutants
- Clean 15\% of the Storm Collection System, including inlets.
- Conduct internal training of BMP to reduce pollutants, Bacteria, Mercury and Temperature

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- Public Outreach and Education will be expanded to address targeted pollutants
- Expand Website for Public Education for targeted pollutants
- The city will need to practice and measure results of best management practices to reduce levels of pollutants contributions to surface waters indentified in the TMDL Implementation Plan. This is required by the Department of Environmental Quality
- Increase maintenance activities of the Storm Water Collection and Conveyance System.

## Revenue Sources and Other Discussion

Transfers $\operatorname{In}$ from the Sewer fund represent the major revenue source for the Storm Water fund.
Operations Increases in Personnel costs (12.0\%) are due to increases in employee benefit costs and reclassification of positions between the Wastewater and Storm Water funds. Materials and Services increase by $30.0 \%$ which is due the expansion of the new Storm Water program. This should level out as the program is implemented. It should be noted that no additional fees have been assessed on residents to fund the program.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

Storm Water System Development Charges are generated by assessing new development for increased demands for capacity and collected at the time the building permit is issued. This revenue can only be used for increased capacity. The fee for a new single family residence is $\$ 55$ per 500 square feet (SF) of impervious surface. A new single family residence with a 1500 SF house, a 400 SF garage and a 400 SF driveway would be \$253.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Hardcastle culvert
- Marshall street culvert
- Storm water portion of N. Front Street Improvement
- Willow Avenue storm drain re-alignment near Myrtle street

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- Implementation of projects identified for meeting non-point source goals of the Total Maximum Daily Limit (TMDL) for the Molalla-Pudding Watershed for bacterial and heavy metals.

## Revenue Sources and Other Discussion

Fund's revenue is dependent on the collection of System Development Charges (SDCs). SDCs continue to decline as direct result of the slowdown in the economy. Storm Water SDCs can only be used to increase the 'capacity' of the City's storm water system. No significant capital projects are planned for the fiscal year.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This program provides the City's Information Services operations and maintenance. The program is also responsible for funding the systematic replacement of network and desktop assets. Costs are distributed based on the number of personal computers (PC's) and printers used by each program. The methodology for charging out costs is revised to include labor costs in 2008-2009 and to account for all program costs within the Information Services program budget.

The Program provides professional and technical assistance to all City departments for their information processing needs. To enhance technical support, training is provided on an as-needed basis. The program utilizes contractual services for part of the operation and support requirements of the City's Information Services.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

The department consists of three staff members.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Continued support of department network needs
- Completed an Intergovernmental Agreement with the Santiam 911 Center.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Replacement of the City Hall generator
- Continuation of upgrades of personal computers and software
- Implementation and completion of New World Accounting and Police Records Systems upgrade.

## Revenue Sources and Other Discussion

Charges for goods and services Intergovernmental support revenue for network maintenance and support provided to area agencies.

Miscellaneous Overhead charges assessed on city departments for network support and technology maintenance and replacement support.

Operations Increase in personnel (5.0\%) is due to employee benefit costs. The drop in Materials and Services is due to significant completion of the Accounting and Police Records system upgrades completed in the prior fiscal year, a small portion of that project has been carried forward - approximately $20.0 \%$ - to the current fiscal year. Capital Outlay increases due to scheduled computer replacements.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This program procures high-volume supplies such as paper for City departments. Supplies are purchased in bulk to take advantage of quantity discounts, warehoused and issued to users as needed and in a timely manner. User departments reimburse the program for items purchased. This program is also responsible for the monthly maintenance of the copy machine. User departments reimburse the program based on usage.

## Revenue Sources and Other Discussion

Miscellaneous Overhead charges assessed on city departments for the city's insurance coverage - worker's compensation, general liability, automobile and equipment coverage, public official bonding, etc.

Operations Increase in personnel ( $67.0 \%$ ) is due to increases in employee benefit costs and reallocation of the City's Recorder's time associated to risk management. The combined change in Materials and Services and Contingency ( $6.0 \%$ ) is due to the city's attempt to 'shore up' reserves for unanticipated events and in an effort to reduce insurance premiums by maintaining a larger reserve.

## Engineering - 651

DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:
The Engineering Division provides comprehensive engineering and surveying services, and capital project administration. Engineering Division staff maintains database, survey, and mapping information; reviews development projects for compliance with Public Works requirements; Coordinates the activities of utility companies in the City right-of-way; reviews county and state projects that occur in the City limits; analyzes traffic studies and street lighting proposals; and inspects public and private construction of streets, storm drainage systems, water lines, and sewer lines.

In addition, the Engineering Division is responsible for administering public contracts, including the City's street resurfacing program. This entails ensuring that construction contractors comply with project plans and specifications, safety regulations, and proper construction techniques.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

The Engineering Division currently has seven full-time employees.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Completed North Front Street Improvements Project (Phases 1 and 2)
- Young St. ARRA Stimulus Project
- N. Trunk Sewer Line Rehabilitation Design
- Updating Census Records
- Natural Hazards Mitigation Maps
- Salem 911 and Norcom Maps
- Emergency Fuel Storage Project @ Broadway
- City Hall Office Remodel
- Police Station Punch List Items
- Boones/Settlemier/214 Intersection Project
- Aquatic Center HVAC Project
- 2009 I \& I Removal project
- W. Lincoln/N. Cascade Sanitary Sewer Rehabilitation Project
- Mill Creek Pedestrian Path
- Rainier Lift Station Report
- 5Th Street improvements Project Design
- Parr-Evergreen Road Water Main Extension Project
- Mill Creek Pump Station Controls
- Mini Downtown Transit Facility Project
- OR 214: Front Street Ramp to Progress Way Sidewalk Project
- ARRA Funding Water Consolidation Project (Shalimar-Driftwood-Chateau)
- Hardcastle Culvert Replacement Project
- Sidewalk/ADA Construction
- Settlemier Park Tree Maintenance (Phase 3)

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Completion of Fifth Street Improvements Project
- Design and Right-of-way/easements for North Front Street Phase 3 from Hwy. 214 to North City Limits
- Completion of Engineering Division Design Specifications
- Transfer From City Construction Standards and Specifications to ODOT Construction Standards and Specifications with City Special Provisions
- Pursue Approval for Capital Improvement Project on Front Street between OR 214 Ramp and the Northerly City Limits
- Continue to define and implement the Urban Forest Renewal Program
- Continue to Train Staff on Safety Issues
- Assist the Water Resources Division by Delivering Water, Storm Collection, Sanitary Sewer Collection and Wastewater Facility Capital Improvement Projects
- Streamline the Review of Development Projects

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- Streamlined Processes, Including Switch Over to ODOT Construction Standards and Specifications
- Increased Focus on Job Site Safety

## Garage - 661

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

The Central Garage is responsible for providing service and maintenance to the Woodburn Fleet with the exception of the police department vehicles. All heavy equipment and small equipment is maintained by the garage. The Garage is responsible for maintaining accurate records for each vehicle including transit busses, service vehicles, passenger vehicles, pickups, dump trucks, backhoes, loaders, mowers, and ATV's owned by the City. The Garage is also responsible for safety equipment and winter gear for the fleet. The vehicle rolling stock including trailers is 90 units.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

The Garage is located at 105 A St.; it is complete with a vehicle lift, a pit, welding shop, mechanic tools, fabricating tools, diagnostic equipment, and office. There are 1.3 FTEs in this division.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- The Maintenance Garage helped facilitate an auction that disposed of out of service equipment and vehicles.
- The fleet maintenance program was upgraded providing vehicles with emergency lights, snow chains, back up alarms, first aid kits, fire extinguishers, and blood borne pathogen kits.
- The Maintenance Tech. worked to upgrade safety equipment and standardize safety practices for city vehicles, enabling City forces to be better prepared for emergencies.
- The PW garage was cleaned up, organized and missing tools replaced.
- Record files were updated. Commercial fleet service was introduced w/Les Schwab. A master service technician plan was set up with Napa for parts and filters.
- Routine vehicle maintenance was upgraded with a high life lubricating oil for better longevity to reduce maintenance costs over time.
- The Fleet Maintenance tech. brought the Woodburn transit fleet to a professional operating level.
- Participated in the Public Works Showcase during National Public Works week assisting maintenance division staff showing equipment \& interacting with the community sharing with the public on the many facets of maintenance and provided the best snow cones on that hot day.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Benchmark City Fleet
- Develop Formal Vehicle Maintenance Program
- Further develop CartéGraph software to record maintenance activities for city maintained vehicles and equipment. Also use this data for more accurate cost recovery of maintenance services
- Upgrade Vehicle Diagnostic Software
- Develop Vehicle \& Equipment Replacement Program
- Facilitate City Vehicle Safety Program

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- We will be moving to the next level of maintenance by initiating Best Maintenance Practices. There will be focus on organization and management of the fleet.
- Installation of CartéGraph software for all maintenance activities will provide more accurate cost accounting for these activities.

## PW Administration - 691

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

The Public Works (PW) Administration division provides management and project management of the public works function of the City.

DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:
The PW Administration division currently has three full time personnel.

## Revenue Sources and Other Discussion

Miscellaneous Overhead charges assessed on city departments for actual engineering and construction management costs associated with specific construction projects.

Transfers In Overhead charges assessed on public works departments for administrative services provided.
Operations Increase in personnel ( $2.0 \%$ ) is due to increases in employee benefit costs. The change in Materials and Services (19.0\%) is due the change in cost recovery method for fleet charges (Public Works) from estimated to actual costs incurred.

Building Maintenance Fund - 583<br>Maintenance - 631<br>Dan Brown<br>503-982-5249<br>202 Young Street<br>Julie Moore<br>503-982-5247

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This section of the Maintenance and Support Services Division within the Public Works Department is responsible for providing routine maintenance and custodial services for City of Woodburn facilities. Maintenance provided can be defined as preventive, corrective, and non-recurring preservation. Nonrecurring preservation maintenance is generally performed by contract with the Building Maintenance Section providing project identification and scope of work information for budgeting purposes.

## DESCRIPTION OF DEPARTMENT, INCLUDING NUMBER OF PERSONNEL:

This section consists of a total of 5.62 FTE that includes a supervisor, maintenance tech (certified Limited Maintenance Electrician), and 3 custodians.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- The custodial staff was moved to a day shift to better facilitate the service provided.
- The process of benchmarking the Woodburn facilities was initiated. The buildings were measured and categorized into area types for janitorial assessment.
- Comparisons were made with commercial standards to determine activity based costing to allow the standardization of cleaning practices.
- The Building Maintenance section helped with the Aquatic Center HVAC replacement by helping prepare the concrete pad and fencing around it.
- While the Aquatic Center was closed, strip drains were repaired and general maintenance was preformed.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Support transfer of Aquatic Center routine maintenance and custodial services to private contractors per the Aquatic Center Revitalization business plan
- Implement the CartéGraph Maintenance Management System to better track building maintenance services and costs
- Continue to utilize building maintenance service contracts where there are cost savings recognized
- Establish an Equipment Replacement Program
- Refine the Custodial Cleaning Program
- Continue to develop Building Safety Program
- Utilize Succeed Health \& Safety Services

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

Removing the Aquatic Center from inventory of City facilities maintained by the Building Maintenance section will result in approximate $\$ 50,000$ reduction to internal rent received for providing Building Maintenance to all City owned facilities. Due to the minimal staffing currently available for Building Maintenance services, a reduction in staff to offset the reduction in internal rents received was not done. Rather increase in internal rents for other facilities and adjustments to service contracts, materials, and supplies were made to offset the loss revenue from the Aquatic Center.

## Revenue Sources and Other Discussion

Charges for goods and services Overhead charges assessed on city departments for facilities maintenance and custodial services.

Operations Increase in personnel (3.0\%) is due to increases in employee benefit costs. The change in Materials and Services ( $19.0 \%$ decrease) is due the change in cost recovery for the City's Aquatic Center - the center is now tracking and paying for those maintenance services from within the department to more accurately track costs.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This fund was originally set up to make improvements to public works facilities and be funded from rent paid for lease agreements for antennae installed on the water tower for various cell phones, etc. This was changed and no revenue is received into this fund except interest on investments. It is used to pay lease of land to Union Pacific Railroad.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Payment of annual lease $(\$ 3,914)$ of land to Union Pacific Railroad for land at the Public Works Storage Facility (Old Ladder Factory)

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Payment of annual lease $(\$ 3,914)$ of land to Union Pacific Railroad for land at the Public Works Storage Facility (Old Ladder Factory)

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- No difference

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This fund is used for replacing vehicles and other equipment when useful life is done. Each Public Works Division transfers an amount about equal to $1 / 10^{\text {th }}$ of the value of their fixed asset inventory every year. Some equipment is very expensive to replace.

## DESCRIPTION OF FY 2010-11 ACCOMPLISHMENTS:

- Water (611), Sewer (621), Maintenance (631), Transit (671), Parks Maintenance (681) and PW Administration (691) -No major pieces of equipment were replaced this fiscal year.

## DESCRIPTION OF FY 2011-12 PROPOSED FOCUS/GOALS:

- Street Maintenance - replacement of Backhoe
- Sewer, Water, Transit, Parks Maintenance and PW Administration - There is no plan to replace equipment unless an emergency arises.

## DESCRIPTION OF MAJOR DIFFERENCE(S) BETWEEN FY 2010-11 AND FY 2011-12:

- Each Public Works division will continue to transfer money, as available, to this fund to cover costs of replacing vehicles and equipment.
- Only one major purchase is planned in 2011-2012

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This program facilitates private donations of monies to the library for general purposes. Interest from this fund is spent for small capital expenditures and the principal is reserved primarily for major capital expenses. The Endowment program was used in the past for projects including roof repair, retrofitting of the heating/cooling (HVAC) system, and a space needs study. Growth in this fund comes primarily from interest earnings and small donation, although the fund provides a mechanism for major bequest(s) or donation(s) in support of the Library.

No projects are planned in the 2011-2012 fiscal year.

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

The Museum Endowment maintains and segregates from the General Fund monies held in savings by the World's Berry Center Museum Board prior to assumption of the Museum function by the City. The endowment preserves those savings and facilitates private donation of monies to the Museum for general purposes. This program was established in 2001-2002.

No projects are planned for the 2010-2011 fiscal year.

## Glossary of Budget Terms

Adopted Budget: Financial plan that forms the basis for appropriations. Adopted by the governing body.

Annualized Cost: A full year's cost of an item or position. This information is often provided when the budget funds only a partial year.

Appropriation: Authorization for spending a specific amount of money for a specific purpose during a fiscal year. It is based on the adopted budget, including supplemental budgets, if any. It is presented in a resolution or ordinance adopted by the governing body.

Assessed Value: The value set on real and personal property as a basis for imposing taxes. It is the lesser of the property's minimum assessed value or real market value.

Audit: A review of the City's operations by an independent accounting firm to verify that the City's financial statements accurately reflect the City's financial position.

Audit Report: A report in a form prescribed by the Secretary of State made by an auditor expressing an opinion about the propriety of a local government's financial statements, and compliance with requirements, orders and regulations.

Bond: A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

Budget: A written report showing the local government's comprehensive financial plan. It must include a balanced statement of actual revenues and expenditures during each of the last two years, or budget periods, and estimated revenues and expenditures for the current and upcoming year or budget period [ORS 294.311(4)].

Budget Committee: Fiscal advisory board of a local government, consisting of the governing body plus an equal number of registered voters appointed from within the boundaries of the local government.

Budget Message: Written explanation of the budget and the local government's financial priorities. It is prepared and presented by the executive officer or chairperson of the governing body.

Budget Officer: Person appointed by the governing body to assemble budget material and information and to physically prepare the proposed budget.

Budget Transfers: Amounts moved from one fund to finance activities in another fund. They are shown as expenditures in the originating fund and revenues in the receiving fund.

Capital Improvement: A permanent major addition to the City's real property assets, including the design, construction, or purchase of land, buildings or facilities, or major renovations of same. Includes installation of new streets, storm drains, water and sewer lines, parks and other public facilities.

Capital Improvement Budget: A financial plan of proposed capital improvement projects and the means of financing them for a given period of time. The City annually updates the next year's Capital Improvement Budget and the six-year Capital Improvement Plan.

Capital Outlay: A budget category which includes equipment having a unit cost of more than $\$ 5,000$ and an estimated useful life of more than one year.

Capital Projects Fund: A fund used to account for resources, such as bond sale proceeds, to be used for major capital item purchase or construction.

Community Development Block Grant (CDBG): Grants administered through the state providing funds for projects that benefit the public at large.

Contingency: Funds set aside but not appropriated or approved for use. The Council can authorized the transfer of Contingency to appropriations during the year. Such transfers are made to fund unanticipated expenditures or new programs, or to absorb unexpected revenue losses.

Debt Service: Payment of principal and interest on an obligation resulting from the issuance of bonds or notes.

Debt Service Fund: A fund established to account for payment of general long-term debt principal and interest.

Department: The largest organizational unit of the City.
Department Mission Statement: Brief description of the purpose and major responsibilities of a City department.

Designated Reserve: Funds specifically set aside for anticipated expenditure requirements in future years which are uncertain, such as employee salary adjustments that have not yet been determined.

Division: An organizational subdivision of a department.

Encumbrance: An obligation chargeable to an appropriation and for which part of the appropriation is reserved.

Enterprise Fund: A fund that generates most of its revenue from charges for services, as opposed to taxes.

Expenditure: The consumption of goods or services, commonly evidenced by the payment of cash.

Fiscal Year: A twelve-month period of time to which the Annual Budget applies. Woodburn's fiscal year is July 1 through June 30.

Fund: An independent fiscal and accounting entity used to set forth the financial position and results of operations related to the specific purpose for which the fund was created.

Fund Balance: Net current assets (cash plus receivables less payables) at a specific point in time. The fund balance can also be defined as a measure of funds available typically at the beginning or end of a budget cycle.

General Fund: The City's principal operating fund, which is supported by taxes and fees which can be used for any legal government purpose.

General Obligation Bonds: Bonds that are issued to finance a variety of public projects such as streets and improvements and are generally repaid from tax revenue.

Grants: A donation or contribution in cash by one governmental unit to another unit which may be made to support a specified purpose or function, or general purpose.

Interfund Loans: Loans made by one fund to another and authorized by resolution or ordinance
Labor and Benefits: A budget category which accounts for the salaries, wages, and overtime of employees, as well as all employer-paid fringe benefits such as health and dental insurance, retirement, and workers' compensation insurance.

Levy: Amount of ad valorem tax certified by a local government for the support of governmental activities.

Local Government: Any city, county, port, school district, community college, public or quasi-public corporation (including a municipal utility or dock commission) operated by a separate board or commission; a municipal corporation or municipality.

Local Option Tax: Taxing authority voter-approved by a double majority that is in addition to the taxes generated by the permanent tax rate. Local option taxes can be for general operations, a specific purpose or capital projects. They are limited to five years unless they are for a capital project, then they are limited to the useful life of the project or 10 years, whichever is less.

Maximum assessed value (MAV). The maximum taxable value limitation placed on real or personal property by the constitution. It can increase a maximum of 3 percent each year. The 3 percent limit may be exceeded if there are qualifying improvements made to the property, such as a major addition or new construction.

Net Working Capital: The sum of the cash balance, accounts receivable expected to be realized during the ensuing year, inventories, supplies, prepaid expenses less current liabilities and, if encumbrance method of accounting is used, reserve for encumbrances.

Non-Departmental: Program costs that do not relate to any one department, but represent costs of a general City-wide nature.

Objective: The expected result or achievement of a budget activity.

Operating Budget: Annual appropriation of funds for ongoing program costs, including employee services, supplies, equipment, and debt service.

Ordinance: A formal legislative enactment by the City Council. It has the full force and effect of law within the City boundaries unless it is in conflict with any higher form of law, such as a State statute or constitutional provision.

Payroll expenses: Expenses related to the compensation of salaried employees, such as, health and accident insurance premiums, Social Security and retirement contributions, civil service assessments.

Permanent rate limit: The maximum rate of ad valorem property taxes that a local government can impose. Taxes generated from the permanent rate limit can be used for any purpose. No action of the local government or its voters can increase or decrease a permanent rate limit.

Prior years' tax levies: Taxes levied for fiscal years preceding the current one.
Program: An activity or group of activities performed for the purpose of providing a service or a support function.

Property Taxes: Ad valorem tax certified to the county assessor by a local government.
Proposed budget: Financial and operating plan prepared by the budget officer. It is submitted to the public and the budget committee for review.

Publication: Public notice given by publication in a newspaper of general circulation within the boundaries of the local government; mailing through the U.S. Postal Service by first class mail to each street address within the boundaries of the local government; and hand delivery to each street address within the boundaries of the local government.

Real Market Value (RMV): The amount in cash which could reasonably be expected by an informed seller from an informed buyer in an arm's-length transaction as of the assessment date. In most cases, the value used to test the constitutional limits.

Reserve fund: Established to accumulate money from year to year for a specific purpose, such as purchase of new equipment.

Resolution: A formal order of a governing body; lower legal status than an ordinance.
Resources: Total amount available for appropriation during the fiscal year, including beginning fund balances, revenues, and fund transfers.

Revenue: An increase in net assets, commonly arising from the receipt of taxes or charges for services.

Revenue Bonds: Bonds issued to construct capital facilities, repaid from revenue produced by the operation of those facilities.

Special Revenue Fund: A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditure for specific purposes.

Supplemental Budget: A financial plan prepared to meet unexpected needs or to spend revenues not anticipated when the regular budget was adopted. It cannot be used to authorize a tax.

Supplies \& Services: A budget category. Examples include office supplies, minor equipment, motor vehicle expense, and professional and contractual services.

Tax on property: Any tax, fee, charge or assessment imposed by any government unit upon property or upon a property owner as a direct consequence of ownership of that property.

Tax Rate: The amount of tax stated in terms of a unit of tax for each $\$ 1,000$ of assessed value of taxable property.

Tax Roll: The official list showing the amount of taxes imposed against each taxable property.
Tax Year: The fiscal year from July 1 through June 30.
Trust Fund: A fund used to account for fiscal activities of assets held in trust by a local government.
Unappropriated Fund Balance: Amount set aside in the budget to be used as a cash carryover to the next year's budget. It provides the local government with cash until tax money is received from the county treasurer in November. This amount cannot be transferred by resolution or used through a supplemental budget, unless necessitated by a qualifying emergency.

## FY 2011/12 BUDGET MESSAGE - URBAN RENEWAL

Budget Committee Members:
Presented for your approval and recommendation to the Woodburn Urban renewal Agency is the proposed Urban Renewal budget for FY 2011/12. The recommended budget of $\$ 1,742,000$ represents a decrease of $\$ 53,000(2.9 \%)$ from the adopted budget for the current fiscal year. The budget also supports debt service payments for the borrowing that occurred in FY 2005/06, maintains a required reserve for debt service, reimburses the Cit y for administrative costs, and includes a contingency.

Statute requires the Agency to expend funds for debt service. The budget is comprised of debt service appropriations, Contingency, and a Reserve for Debt Service (which is required by the loan agreement). Because the tax increment received on an annual basis was insufficient to fund projects on a pay-as-you-go basis, the Agency borrowed $\$ 1.85$ million in FY 2005/06 to complete the Front Street Project. A debt service payment of $\$ 228,000$ is included in this budget. $\$ 342,000$ more is set aside as a debt service reserve, pursuant to the borrowing agreement.

The FY 2011/12 Proposed Budget includes the continuation of Downtown Grant Loan Program created by the Agency Board in FY 2010/11 and an amount of $\$ 240,000$ is included in the proposed program. In addition, a 0.5 FTE Economic Development Manager is being proposed to assist with economic development projects.

The Urban Renewal Plan represented a snapshot of renewal need at a point in time and is not controlling on a project-by-project basis. The Agency can dedicate funds to projects that are not in the Plan if those projects fit in the expenditure categories outlined in the Plan, and the Agency can dedicate more or less funding to projects identified in the plan than was originally estimated based on changing needs and priorities

It's important to remember that the urban renewal is an incremental process. Changes occur one at a time, over time. Urban renewal requires time to build momentum, and it builds momentum in two ways.

First, tax increment increases gradually, until a borrowing can be supported. Then work is done. While that work is being done and that debt is being serviced, funding increases to build capacity to borrow again so more work can be done, It is important that agencies select projects carefully, to have the greatest positive influence on private investment. Our Agency has done this, thus far.

Second, private investment must take root, and grow. Urban renewal will not succeed if the Public is the only actor. The Public's role is to invest in projects that foster private investment. This means providing infrastructure: streets, utilities, and open spaces - the things public agencies do best; and the creation of incentives to entice private investors who would otherwise look elsewhere to generate returns on their investments, until such time as those incentives are no longer necessary because increasing property values and enhanced economic vitality are investment incentive enough.

The projects the Agency undertakes and the programs it implements must generate the maximum private investment in the urban renewal area. This is why a thoughtful and thorough development strategy, in the form of a downtown plan, is so important, Staff is making a concerted effort to work with the consulting team and the community to prepare a practical plan that addresses all of the factors that influence private investment in, and the vitality of, a downtown.

I am pleased to present this budget to you, and look forward to answering any questions you may have regarding it.

Sincerely,

Scott Derickson
City Administrator

## DESCRIPTION OF PURPOSE/FUNCTIONS OF DEPARTMENT:

This program repays the Urban Renewal Agency's debt obligations. Statute requires that urban renewal funds be expended to support debt service. Revenues derived from property tax increment support the fund. Urban renewal agencies do not have permanent tax rates; they obtain funding through tax increment financing. Tax increment financing allocates revenues to an agency based on the amount of the urban renewal area's excess or "incremental" value, the amount of assessed value above a base value that was frozen at a specific point in time. Woodburn's Urban Renewal frozen base value is based on the 2001 tax year. Urban renewal does not place an additional burden on taxpayers. Rather, it shifts existing tax growth to the Agency from the taxing entities that would have otherwise continued to receive it had the Agency not formed. Debt obligations for 2010-11 are established in two ways: by contractual arrangement with the City of Woodburn, for charge associated with audit, legal, and consulting services and for the Front Street project; and for debt service of a \$1,850,000, ten-year obligation entered into with Bank of America during 2005-06.

The Urban Renewal Board created the Downtown Grant and Loan Program in 2011-12, funding physical improvements to downtown properties. The Grant and Loan Program initially stated with $\$ 240,000$ which is available for downtown property owners and businesses.
