

Addendum

November 7, 2019

To: Planning Commission (November 14, 2019)

From: Chris Kerr, Community Development Director *CK.*
Dan Handel, AICP, Associate Planner

Subject: Addendum to Agenda Item 6: Public hearing for Design Review DR 2019-11 & Property Line Adjustment 2019-05

Summary:

Staff received on November 5 the first written public comments on the development proposal – from Klistoff Equipment & Machinery, Inc.

Recommendation:

Read, understand, and consider it as the Commission finishes deliberating on the development proposal.

Dan,

I would ask GEM if they have reviewed the traffic created by the school bus company and to make sure they are ok with the street blockage during the morning and afternoon bus runs.

Other than the bus traffic, I believe GEM will be a positive addition to our neighborhood and look forward to our new neighbors.

Regards,

John Klistoff
