Dan: I received a call this morning from Maxine Fitzgerald, 612 N. Cascade Dr. Unit 7. She does not have a computer and asked that I provide her comments (below) to the Commission.

She does not support the variance due to concerns about damage to the arbor vitie and she said that she believes that the requested home is too large for the space. She would like to see the arbor vitie removed.

Please include into the record.

Thanks

Chris Kerr
