

WOODBURN Transit System

Transit Development Plan

The Transit Development Plan (TDP) will recommend strategies to provide reliable, sustainable, and equitable transit service throughout the Woodburn community.

HOW WILL WE DEVELOP THE RECOMMENDATIONS?

Evaluate and design bus routes to match the way people travel in Woodburn today

Make it easier and faster for more people to use the bus for all types of trips - like work, school, or shopping

Create more opportunities to connect to regional destinations in Salem, Wilsonville, Canby and Portland

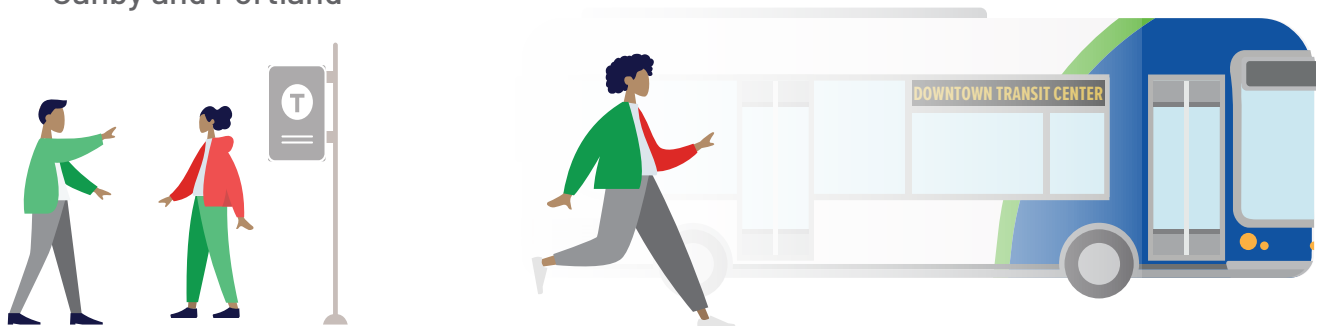

HOW WILL COMMUNITY INPUT INFORM OUR ANALYSIS?

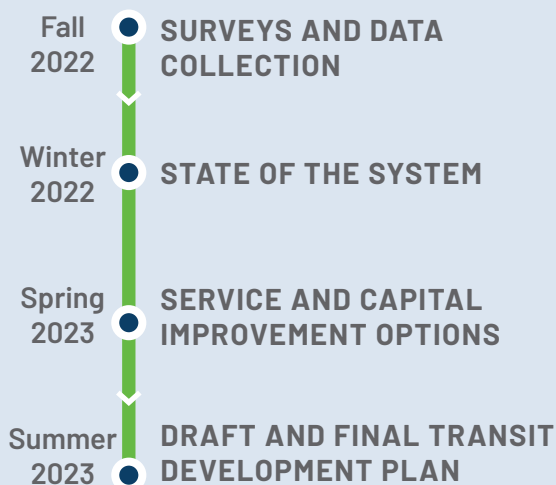

We will **survey people riding the bus** to understand how people are currently using transit, who isn't riding transit and why, and what are the top priority improvements

We will get input from the **broader Woodburn community** at local meetings and events
